HEADS OF TWO BROTHERHOODS DENY THREATS

No Secret Discussions as to Story of Walkout on December 1

Chicago, Nov. 26.—Reports that national leaders of four brotherhoods in session at Cleveland were holding secret discussions as to whether a strike of railway workers in the United States should be called by December 1 and which gained credence in Chicago railway circles, are denied by W. G. Lee, president of the Brotherhood of Railway Trainmen, and by Timothy Shea, acting president of the Brotherhood of Firemen and Engineers.

Knowledge of the Kansas City situation and of similar pressure from other locals is what gave impetus to the reports which spread so rapidly here.

NO STRIKE PENDING Kansas City, Mo., Nov. 26.—Union officials are emphatic in their assertions that there was no strike pending and that matters in dispute between the railway men and the roads had been satisfactorily adjusted by the Cleveland conference.

Railroad officials also said they had received no word that a strike might be called.

There is nothing I know of that would lead me to expect a strike in the immediate future," said W. M. Corbett, general manager of the Kansas City Terminal Company.

Of course the entire situation depends upon the action taken at Cleveland. There are always a few hot heads to cry "strike" but I can say that local railroad officials have not received any information to indicate conditions are any more serious than they have been.

THANKSGIVING

There is a day each year that we set aside, and gather with one accord. This day comes in November, when we offer up thanks to our Lord.

For he has granted us peace and plenty, and the quiet we sought so long.

He has thwarted the wily savage, and kept him from doing wrong.

Now, mothers, and fathers, and sisters, and brothers, put business and cares away.

The year has rolled around again—this is Thanksgiving Day.

We have much to be thankful for, as we look back over our past, and by loving and trusting in our Lord, these blessings will surely last.

For more than our mortal wants have been, oh God, your full health, shelter, and our daily bread, for these our blessings rise.

For these our blessings rise, our tongues in gratitude say: All of the great blessings of our lives are in our thoughts to-day.

For ties of faith with wondrous strength, which time can never part.

For all the words of love that fall, a trust in our hearts, through life's short fleeting hour.

Make our beloved, your beloved, and hold us in your power.

Never let us disappoint our maker, through things that we may fear.

Knowing that he is forever planning how to make our way more clear.

But whatever he appoints from his throne way up above, May we never be offended, resting in his mighty love.

The heavens are blue, and the sunshine bright, Above our heads, when the days go right.

And we laugh, and chatter, and sing, and pray, When life is letting us have our way.

What the world needs most in a darkened hour, Are the hearts that beat with an And that turn from shadows, and care, and strife,

To dream of the beauty, and bloom of life.

Peace is not quitting a forceful career, Peace is in finding, God's law is our sure, It is our souled effort, strong without strife,

Obedience the vision, God-given, of life.

The service that's joyous in rendering, To nation and neighbor, this is true Peace.

Let's dream like a child in its playing; let's make us a sky light shines down as the day-light dies.

And points to blessings farther on, beneath the homeland skies.

Promise yourself to be too large for worry, too noble for anger or fear.

And your days will be filled with sunshine, through every day of the year.

Oh, there is rest and contentment, if we wait, worth while.

Cured His Piles

Now 88 Years Old, But Works At Trade of Blacksmith and Feels Younger Since Piles Are Gone.

The oldest active blacksmith in Michigan is still pounding his anvil in the town of Homer—thanks to my internal method for treating piles.

Mr. Jacob Lyon, Homer, Mich. I wish that you could hear him tell of his many experiences with ointments, salves, dilators, etc., before he tried my method.

Dear Sir: I was you to know what your treatment has done for me. I had suffered with piles for many years and used suppositories and all kinds of treatments, but never got relief until I tried yours.

Am now completely cured. Although I am 88 years old, and the oldest active blacksmith in Michigan, I feel years younger since the piles have left me. I will surely recommend it to all I know who suffer this way.

You can use my letter any way you wish and I hope it will lead others to try this wonderful remedy.

Yours truly, J. L. LYON. There are thousands of afflicted people suffering with piles who have never tried the one sensible way of treating them.

Don't be cut. Don't waste money on foolish salves, ointments, dilators, etc., but send today for a Free Trial of my internal method for the healing of Piles.

No matter whether your case is of long standing or recent development—whether it is occasional or permanent—you should send for this free trial treatment.

TECHNICAL HIGH SCHOOL NOTES

At the chapel exercises this morning over at the Thanksgiving address, the annual Thanksgiving address was delivered by Dr. S. Winfield Herman, pastor of the Zion Lutheran Church.

Prior to his address, Dr. Herman presented the school a loving cup, donated by Mr. and Mrs. W. E. Bachman, in memory of their son, a former Tech student.

"Erny" Bachman was a member of last year's class, and participated in athletics, being a member of the first Kipona crew at Tech, as well as being a lineman on the Varsity football team.

Two years ago he died from pneumonia, contracted while on a hike with other Tech lads.

Captain "Haps" Frank accepted the cup, and paid tribute to the memory of "Erny," a former athlete and student.

Professor Grubb told of the arrangements for the Erie trip, and the contest with Masten Park, December 6.

The cheer leaders then mounted the rostrum, and led the student body in cheers for the Steelton game to-morrow.

The Tech player making the greatest number of points will be given a 25-pound turkey by H. E. Benner, in charge of the refreshment stand over on the Island.
