Finds Something to Do the Business

"I tried everything that I heard of for the stomach and bowel trouble and bloating, but got no permanent help until I struck May's Wonderful Remedy, and that did the business. My son in Canada has also taken it and writes it has done him a lot of good." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Clark's 2 drug stores and druggists everywhere.

Curiosity Causes Him to Fall Three Stories Down Elevator Shaft

Eager to see the fall of an elevator after the cable broke, James Warrick, 22 South Sixteenth street, leaned over the shaft, fell three stories down the elevator shaft. He is in the Harrisburg hospital with a broken and dislocated left arm and severe abrasions. Warrick, an employe of the State Highway Department, was assisting in loading some materials on an elevator in the highway laboratory building in South Cameron street when the cable of the elevator broke. Standing with some other employes on a small platform, he craned his neck to see the crash. Overbalanced, he fell to the bottom of the shaft.

Pretzel Bean Is Something New in Harrisburg Gardening

Sergeant Fred W. Huston, 906 Green street, is the owner of some thing new in local gardening—the pretzel bean. Mr. Huston received the seed from a friend who had returned from a trip to South America. He put the pods a way and this spring turned over several rows and while green twigs themselves into a shape exactly like that of the ordinary pretzel. When dried the bean also takes on the pretzel color.

HOLD WOMAN'S STOMACH FOR INVESTIGATION

Perform Autopsy to Learn How Baltimore Girl Met Her Death

By Associated Press.
Winston-Salem, N. C., Nov. 28.—An autopsy on the stomach of Miss Lucille Sharp, the young Winston-Salem

girl, who died suddenly in Baltimore, Saturday, was performed here late yesterday by Coroner Smith, of Baltimore, but nothing regarding the result was made public. Coroner Smith, and accompanying Baltimore officials took the stomach of the dead woman along for further examination. Miss Sharp's death followed an illness of a few days. A certificate of death from Bright's disease, was issued at a Baltimore hospital. Later the Baltimore police arrested John Kelley, retired manufacturer of Baltimore, and Alio Osman, a Turk, of New York, both of whom were ordered held pending investigation of the woman's death.

HOLD LIBERTY BONDS—GLASS

By Associated Press.
Washington, Nov. 28.—Indications that large numbers of Liberty bond holders are trading their government securities for stocks in fraudulent ventures prompted Secretary Glass to renew his recent warning to bondholders against being persuaded into such exchanges. In a formal statement Mr. Glass asserted that the high rate of return upon some of these stocks was in itself sufficient to arouse suspicion.

"Where Liberty bondholders are urged to give up their securities for stocks of speculative character," he said, "good sense suggests the presumption that the offer is made because the Liberty Bonds are worth decidedly more than the stock. Experience in a great number of cases shows that the stock is worthless, and the bond owner who makes the exchange is simply another victim to the army of sharpers who find easy booty in these days of reckless speculation. "Self-interest and good business judgment should decide in favor of the holding of Liberty bonds."

May Resort to Violin Music to Awaken Woman Asleep Fifty-One Days

By Associated Press.
New York, Nov. 28.—A new sleeping record was established yesterday by Mrs. Dora Mintz, whose long periods of unconsciousness now number fifty-one days. Dr. Robert J. Wilson, superintendent of the hospital where her case has puzzled the medical authorities, said that her minutes of wakefulness are increasing and the patient appears to thrive on a diet of milk and ginger snaps.

Violin music may be resorted to in an attempt to arouse the sleeping woman. Dr. E. Gidding, one of the doctors interested in the case, said that in a similar instance last year a woman who had been asleep for six weeks had been rescued from her lethargy by violinists who played to her for several hours.

LETTS PURSUE BATTLE AGAINST COL. BERMONDT

Germans Thrown Back Trying to Cut Through to Nitau

London, Nov. 28.—The Letts are pursuing their operations against the forces of Colonel Avaloff-Bermond with great success, according to a British official summary of the military situation in Russia. The Germans in Tuklum, who were endeavoring to cut through to Nitau, have been thrown back with loss, while on the opposite flanks, the Letts are continuing to advance from Dausik to Shavi and Libau.

Bermond's force is deficient in clothing and supplies and has become much disorganized. Many Germans are returning home, and Bermond is reported to have relinquished command, which was overtaken by Durnovo, a dangerous Russian, who, the report says, is under the thumb of the Germans. Maxim Litvinoff, who is at Copenhagen for a discussion with James O'Grady, representing Great Britain, the question of the repatriation of British prisoners held in Soviet Russia, already has attempted to carry the negotiations beyond the definitely specified field.

One of Litvinoff's first moves was to propose to Mr. O'Grady that the Allies lift their blockade on Soviet Russia. This fact, it is considered here, bears out the view previously expressed among members of the diplomatic corps in London that Litvinoff on behalf of the Bolshevik regime in Russia intended to make other proposals than those relating to prisoners. There are rumors that the Bolshevik will try to effect a peace with the Entente through Mr. O'Grady.
