Tomorrow

Just Think of It! No School

Young Americans will flock to Bowman's Basement and no doubt many of the older folks will be there too, for there is such a fascination about a Toy Department. Of course, the older ones come to look after the youngsters, that's what they will tell you, but we know different. It's just the same when the circus is in town, the grownups didn't want to go, they want to take care of the children. Speaking about a circus there is almost everything here that you will find at a circus.

Bears, dogs, cats, elephants, giraffes, buffaloes, etc.

Then there are numerous playthings such as Games, Blocks, Construction Toys, etc. Also a vast array of Velocipedes, Bicycles, Kiddie Cars, Scooters, Express Wagons, etc.

Then the doll—oh my! what a display with dresses of every description, some that would be good to copy for grownups; then the hair dressing is up to date; in fact we are proud of our showing of dolls.

For those that like noise we have drums, pianos, horns, megaphones and trumpets.

All Women Love Silk Underwear and Dainty Negligees

There's not a woman who can resist the soft feel of the silk, luxuriously and superbly strong, as ours is. We know;—for we've heard them comment, not only one, but all who have purchased some of these wonderful undergarments.

It may be that they have never had silk underwear or pretty negligee before. Their first garments will be memorable ones, for their silken beauty, their fit and shapeliness will add a new joy to the wearing.
