

City Council Likely to Grant Increase of Salaries to Patrolmen

Making up the city budget for the coming year councilmen and the mayor are considering an advance in pay for the policemen of Harrisburg.

The policemen have not made any organized plea for higher wages but many of them have shown to friends their living expenses as compared with their salaries and the councilmen have been requested by interested citizens to give the men \$115 a month.

It has been pointed out that the officers pay for the greater part of their own equipment, that their pay has not kept pace with living costs, that their hours of duty are longer than in most lines of employment and that their salaries have by no means kept pace with the advance in living costs.

There is a general disposition on the part of councilmen to grant the increase sought, and there has been no objection raised either within or without city government circles. It is believed that the new basis of pay will be granted, effective the first of the new fiscal year.

Italy Promises to Obey Peace Conference on Dalmatian Question

Basle, Nov. 28.—A dispatch from Belgrade dated November 25 has been received by the Laibach Austrian correspondence bureau, stating that the Italian government has informed the city government of Jugoslavia that Italy would observe the decision reached by the Paris Peace Conference with regard to the Dalmatian question and would itself prevent any attempt in the direction of Spalato by Gabriele D'Annunzio.

MINERS REFUSE TO GO BACK TO WORK

[Continued from First Page.]

conference. So did William Green, secretary of the mine workers. Operators, though accepting the government proposal definitely, in a letter of explanation to Dr. Garfield which they made public, intimated that the government refusal to allow price increases would bear reconsideration.

Session Became Warm It was behind closed doors that the coal situation reached its climax. There was much heated oratory, but T. W. Guthrie, of Pittsburgh, acting chairman of the operators' committee, described the parliamentary procedure succinctly as he came out. The operators by a prearranged plan, notified the miners' committee for the Central Competitive field of their acceptance of Dr. Garfield's plan.

This the mine workers promptly voted down. In turn, the miners put forward a counter proposal, that Secretary Wilson's suggestion for a 3.66 per cent. wage increase be granted, and this the operators flatly refused. For the third time, the operators renewed their formal offer of arbitration, and this the miners voted down. Unanimously an adjournment was voted.

Scores Operators Too "The operators are pretending to accept Dr. Garfield's proposal," Mr. Lewis said, manifesting scorn and indignation as he called the newspapermen around him in the littered and noisy hall that was the scene of the all-day gatherings.

"But as they do it they state they are unable to operate any of their mines under it. It would be foolish for us to attempt to make an agreement unless miners are to be given work. Our position is unchanged. We hold the United States government cannot break its word. The pledge of Secretary Wilson to grant us a 3.1 per cent. increase must be redone. In my judgment Dr. Garfield and the cabinet have committed the most colossal blunder in the history of our nation. They are blindly following an academic theory, without regard to justice to the mine workers or effects on the people of the United States."

CHILLY WEATHER BRINGS RHEUMATISM

Cleanse the Blood Now and Banish Rheumatism—Tells How Bad Blood Causes This Painful Suffering.

Slight cases of Rheumatism show signs of seriousness when cold, damp weather sets in. Yes, real, honest, chills and Rheumatism is bad any time. If you are a sufferer from either, the first thing for you to do now is to cleanse your blood of uric acid.

Uric acid is poisonous to the blood. It lodges in the joints and muscles and is the cause of those sharp, aching pains that you call attacks of neuritis, or a neuritis condition that comes in damp weather. All this is Rheumatism and, if not checked white slight, it takes you into the suffering of dangerous chronic Rheumatism—an all-year affliction.

Uric acid gets worse in your blood, unless your kidneys are active enough to filter it out, and still your kidneys can't do their work if your blood doesn't keep them well nourished. Your only hope of relief then is to strengthen and purify your uric acid-laden blood.

You probably tried liniments and lotions but received only temporary relief from pain, but this time, go right to the seat of the cause and drive the uric acid out of your system by nourishing your blood with the blood building elements of Novo-San.

Novo-San means new blood. It gives new life to the corpuscles and enables them to carry more nourishment and fight off foreign elements like uric acid. It revitalizes the blood so it can circulate more actively and stimulates the kidneys to filter out the waste matter and uric acid. By such a sensible treatment you should easily avoid the pains and anguish of Rheumatism and in 12 days' time begin to have the blood and feelings of a new person. Novo-San should cleanse your blood of uric acid if you'll use it as directed. It is a powerful blood food, recommended highly by doctors and is perfectly safe and efficient. It can be obtained from druggists like George A. Gorman, H. C. Kennedy or any other good druggist.

Gown of Black Velvet

Fashion Camera Photo.

As usual, the mode for dinner and evening gowns and dance frocks covers a wide range of fancy, as well as fabrics and trimmings. From simple net, besprinkled with sequins, beads and dangling with glass pendants, to the more elegant simple velvet creations, they are to be seen in the exclusive shops. Here is a black velvet gown that is a marvel of simplicity and which will appeal to the debutante for a dance frock or a dinner gown. It is a one-piece creation, sleeveless, full of skirt and pointed of bodice; it harks back to the days of our grandmothers and great aunts, Mithila and Martha. The wide,

shirred band round the bottom in its sole ornament. A white satin "tucker" in front relieves the hard line above the bust and softens the face. Silver roses give the one distinctive touch to the frock. The latter may be developed in dress of white for a young girl with a pale pink tucker and pale pink satin roses for ornamentation.

ent writes. "Great Britain alone is considered to be preventing peace between the Soviet government and the Baltic states as well as Finland, whose independence the Bolsheviks are prepared to recognize."

TURKEY IN BAD SHAPE

By Associated Press.

Constantinople, Nov. 28.—Appeals that early arrangements be made for negotiating a peace treaty, sent by Sublime Porte to the Peace Conference in Paris, are said to have been inspired by the fear that Turkey may be plunged into anarchy, with no responsible government left to treat with the Allies. At the same time, the grand visir is urging council districts to hurry arrangements for elections so that a parliament may meet here and be ready to discuss the terms of peace.

At present the interior of the country is not controlled by the government, which cannot collect taxes and has no funds. This financial situation, it is pointed out, is liable to throw the country into the hands of any other which may make it a loan. Nobody in this city, Allied or otherwise, appears to have any information as to how matters are to be settled, although the French, Italians, Greeks and British are occupying some areas upon among themselves. The Turks are preparing to try to excite interest in America for a mandate over this country, and plans to send publicists to America for that purpose.

JUNIOR SCHOOLS BATTLE FOR FAME

[Continued from First Page.]

mar school track meets. School spirit was strong. Each school was represented by a large student body cheering choruses. There was nothing lacking in the way of songs and cheers. While it was cool and cloudy, indications pointed to an ideal football day. The field was still soft but in better condition than yesterday. Due to the fact that all schools are closed there was a large turnout of students from other buildings. Stetson was also in evidence.

Two Parades

The big football event started with two parades. The Camp Car-

tin students formed at 1.30 this afternoon and marched down Sixth street to Market, and out Market street to the river bridge. Edison came over the Mulberry street bridge. Each school was well represented with colors and flags. The singing and cheering along the route of the parade was an interesting feature.

On reaching the Island each school paraded over the field. Edison occupied the right field bleachers. Camp Curtin the left field seats. After the schools were seated the spectators were taken care of, and by 2.30 when the game started there was not a vacant seat on any stand.

Band in Line Camp Curtin had the Municipal Band to help them out. Back of the band marched the cheer leaders, Helen Graeff, Virginia Wertz, Margaret Rathfon, Astrich Krebs, McCament, Winters, Yongst and Klipp, who did splendid team work.

Risks and applause resounded as the names of Captain Ericker, Shocker, Wilsbach, Crowshaid, Asper, Wissler, LeShong, Lytle, Boyer, Hummel, Bashore, Lantz, Greenwalt, Liggett, Burd, Stroup, Williams, Shrouder, Daley and of course, Brehm, Geisel and Peiffer, were shouted by the cheer leaders and repeated with tremendous enthusiasm by shouting that Camp Curtin is going over the top in school spirit.

Edison's Big Crowd

The Edison parade was in charge of the chief traffic officer, Percy

KIDDIE'S CROUP MUST BE CHECKED

Dr. King's New Discovery Will Do That Very Thing, Easily and Quickly

DON'T say, "Poor little youngster—I wish I knew what to do for you!" Just give a little Dr. King's New Discovery as directed and the croupy-cough won't linger.

A cold is not to be fooled with. Get after it at once. Loosen the congestion, the phlegm-stuffiness, and the throat-torture. A family remedy for colds, coughs, grippe and kindred attacks. Fifty years a friend to cold-sufferers. Fifty years of highest quality. 60c and \$1.20 a bottle—all druggists.

Bowels on Schedule Time

—the bile flowing freely, the fermenting body poisons eliminated. Dr. King's New Life Pills make the bowels function regularly and keep the system cleansed of gaseous im-

Jones, 9B1, and his aids, Adam Hutta, 9B3; George Bennett, 8B3; Arthur Spangier, 7B9; George Mesinger, 8A3; Martin Bender, 8A3, who are members of the staff. The rest of the traffic officers were along the line as the chief marshal directed.

A CHRISTMAS PIANO

But be careful in making your purchase. Every showy case does not envelope a perfect instrument. The case counts for something, but the interior, where the tone is created, is of greater importance. You naturally expect a piano to last a lifetime. You want the assurance that it will look as well, be as tuneful, years after, as the day you bought it. Buy THE HARMON PIANO.
