An idea of beauty and extent of the rew residence property of Charles Ray at Beverly Hills, the fashionable suburb. of Los Angeles, may be gained from the fact that there are more than five bundred rose bushes on the grounds. The popular star has a passion for this particular form of floral glory, and at certain seasons of the year his place is worth going miles to see.

Does your skin chap or roughen easily in this weather, or become un-duly red or blotchy? Here is a quick, easy way to overcome the trouble and keep your complexion beautifully white, smooth and soft the winter long. Just get an ounce of ordinary mercolized wax at the nearest drug-store and use a little before retiring, as yon would apply cold cream. Upon arising, remove the coating with sudsy water. The wax, through some peculiar attribute, flecks off the rough, discolored or blemished skin. The wornout cuticle comes of just like dandruff, only in almost invisible particles. Nature's work. Used as re-quired, it keeps the face constantly free from devitalized searf skin and only the healthy, young-looking skin is in evidence. It's the best treatment known for weatherbeaten, aged, muddy, freekled, pimpled and all un-beautiful complexions.
