Unabated Business Activity Due to Persistent De-

basis. "There are not as yet many indications of a desire to resort to the practice of that economy which has been urged upon the country for so many months," the review said. Paralleling the trade activities, the development of a growing volume of speculation was noted. "In the review of business and financial conditions during October," the report said, "it was pointed out that speculative activity was reaching dangerous levels. This activity continued unabated until early in November when the Federal reserve banks advanced discount rates. The advance was slight but accompanied, as it was, by an announced discount policy, it was efficacious in causing a reduction of loans."

Reports from the agricultural sections indicated a considerable amount of crop damage due to excessive rains and insect pests, particularly the cotton crop.

Y. M. C. A. HEARS LECTURE A large audience yesterday heard
J. Arthur Schlichter, of Philadelphia, speak at the Y. M. C. A. on
the story of his life, "Out of the
Depths." The lecture was one of a
series which the Religious Committee of the "Y "has arranged for
Sunday afternoons.

The musical part of the program

The world's greatest evangelist among railroad men is Jennie Smith. For over fifty years she has labored among them, preaching the Light of Truth. Although seventy-five years old, she is still actively engaged in this good work. She attributes her good health to the regular use of Bliss Native Herb Tablets, which she recommends to every railroad man who suffers from constipation, kidney or liver trouble.

Eternal vigilance is not only the price of liberty, but it is also necessary to good health. Nature gives us the means in the form of roots, barks and herbs, which are compounded in scientific proportions in Bliss Native Herb Tablets. For over thirty years these

Camps.

Camps Everywhere

In the North or Tuscarora Mountains, toward McConnellsburg and overlooking Path and Amberson valleys, there are also many camps but fewer than to the south because, for some reason deer are not as plenty in North Mountain as in the South, just the reverse from the facts as to wild turkeys. In South Mountain hills and hollows for months deer have been seen in great herds, as high as forty in a bunch being noted about South Mountain Sanatorium grazing like cattle on the flats.

Await Reports

Many of the clubs, of real sportsmen, are composed of our best men.
Locked antlers, ensconseed in Quarry Hollow; Fayetteville, not far away from them; Biglerville, across the line of Adams county; McKeesport, composed of men from the gaseous city; Harrisburg has fully forty men in the mountains now or booked to come. It is said two women are with a Pittsburgh and a Uniontown club in the North Mountain. By to-night or to-morrow morning the reports of kills will begin to filter in and Captain John M. Runk, one of the Kanes, Captain Carbaugh or such dead shots, are sure to be among the early lucky ones."

In order to prevent accidents the State Game Commission has been carrying on a campaign of edugation. Here are some of the rules:

Rules For Hunters

1—Dress right. Wear brilliant red on cap and back of coat.

2—Don't climb a tree; you may be mistaken for a bear.

3—Keep cool and wait. Don't shoot into every moving bush and cracking noise; always wait and see. 4—Stick to your own crew; other crews don't need you to help kill their deer.

5—Never knowingly "short stop" and killed by an outsider within the rom them; Biglerville, across the ine of Adams county; McKeesport,

12—Never shoot in the direction where you last saw or heard your drivers.

13—Don't shoot mark in the hunting grounds or around the cabin.

14—Stay on your watch until called off by the drivers.

15—Break your match in two before you throw it away.

An Americanization commission of the American Legion, to carry out a comprehensive program of 100 per cent. Americanism, is to be appointed soon by Franklin D'Oller, national commander, Appointment of the commission is awaited with much interest by the legion posts in this district.

The committee is to be named for a term of one year, and its chief duty will be to fight anti-American propaganda. It is to bring into effective use a plan for education in Americanism and patriotism which may include national patriotism campaigns along the lines of Liberty Loan drives, and co-operation with schools and other institutions.

It will disseminate information on the essentials and ideals of the American government. It is believed that many of those involved in movements or doubtful loyalty are ignorant of the real principles of the government.

Bullet Wound, Self Inflicted, Results in Wealthy Man's Death Other Officers and 39,000 Troops Taken

New York, Dec. 1.—William Livingston Flanagan, of Sheridan, Wyoming, a noted breeder of polo ponies and a veteran of the world war, died here in Bellevue Hospital ast night after he had been found in a hotel room with a bullet wound beneath his heart. The police say the wound was self-inflicted. Mr. Flanagan was the son of a wealthy brewer who died in 1903, and a nephew of Dewitt Clinton Flanagan, one of the promoters and part owner of the Cape Cod canal, who recently sold his holdings to the government for several million dollars. Dewitt Flanagan said that his nephew was married but was separated from his wife. He said the young man had plenty of money and no reason he knew of for taking his life. Public Charges Are Not Beneficiaries of Life Insurance

A census was taken about a year ago of the inmates of almshouses, of prisons, of asylums for the care of the helpless, in an eastern state. It was found that but three of the occupants of these institutions, who numbered altogether over fifteen hundred, had been beneficiaries of Life Insurance.

It was somebody's neglect that forced the public to pay higher taxes in order to take care of the other 1,497.

Life Insurance limits the needs of poorhouses, prisons, old folks' homes. Life Insurance, therefore, reduces the needs of the state in maintaining institutions for the care of the needy.

Every man should have sufficient insurance to take care of his own future if he reaches old age, and of his dependants should anything happen to him. It's his Duty to his family and his State.
