Plans are being made now to have as many school children as possible see and hear Cho-Cho. It may be decided to have two meetings an afternoon for the boys and girls, the committee members said.

On Tuesday the clown will go to Steleton to appear before the children of the Steleton and Highspire schools, who will hold a joint meeting in the High School Auditorium in the borough.

Wednesday Cho-Cho will be in Harrisburg again and the uptown boys and girls will see him at the Camp Curtin school, Sixth and Woodbine streets.

On Thursday and Friday big mass meetings will be held in the Chestnut Street Auditorium and Cho-Cho again will give his health talk and demonstration in strictly clown fashion. Cho-Cho doesn't preach his health hints, he lives them and shows the boys and girls and the groups just how and what to do to keep well.

### Ship With Gifts From American Relatives to Germans Strikes Mine

London, Dec. 2.—The American freight steamer, Kerwood, from New York for Hamburg, has struck a mine off Terschelling, an island in the North Sea. Tugs are proceeding to the assistance of the ship.

New York, Dec. 2.—The steamer Kerwood, reported from London as having been mined in the North Sea, left here November 13 with a cargo of foodstuffs and clothing. She was last reported as passing Dungeness on November 30.

The vessel is owned by the American Ship and Commerce Navigation Company, and was recently acquired from the Kerr Line. She was built in 1911 as an Austrian steamer and purchased here before the United States entered the war. She is registered at 3,561 tons gross.

At the office of the owners it was said today that a considerable part of her cargo consists of supplies sent by American relatives in manded by Captain Abernathy.

### CINDERELLA WELCOMED TO THE ROYAL FAMILY

THE CAST OF CINDERELLA.—The Campbell Studio.

The box office opened at 10 o'clock this morning for the benefit operetta of Cinderella and there was a great rush for seats for the three performances, Friday and Saturday nights and a Saturday matinee.

Naturally even fairy birds and flowers need rest and the beautiful lullaby sung by the fairy queen and her subjects is one of the choicest bits in the opera. The close of the day brings on the sunset maidens, rainbow maidens and moonbeams, who must be seen to entertain the guests of the ball, in the opera Cinderella to be given Friday and Saturday at the Orpheum Theater with a Saturday matinee.

The chorus of the operetta has many lovely groups of birds and flowers. Among them the nightingales, who fall in love with a butterfly, (Gene Barr Moses), Miss Gene's sweet young voice and graceful dancing adds much to the production. These birds and flowers do their utmost to help Cinderella (Miss Elizabeth Ross, who by the way is delightful in the part) to find happiness. The nightingales are Katharine Bennett, Dorothy Baldwin, Dorothy Bushnell and Anna Bergstreser. The "Cuckoos" sing a clever song about spring and execute a difficult dance which proves beyond a doubt that Harrisburg is filled with talented young people. Evelyn Kepner, Elizabeth Murray, Cora Gilbert and Martha Goodyear compose the joyous Cuckoos.

Then there are the Cockatoos, Helen Robinson, Adele Smyser, Mildred Rowe, Marion Ulrich, who dance and sing "There Was Once a Cockatoo Bold and Gay" in a most attractive way.

The rainbow maidens as their name implies are dressed in the beautiful shades indicating their name and include Cathryn Goodyear, Beatrice Blair, Gene Springer, Helen Gable, Anna Freedman, Anna Hoyler, Harriet Handschuh, Helen Douglass. The solo dancer for this group is Miss Alice Fatzinger, who is also Mrs. Lake's assistant in directing the opera. The box office is now open for the sale and reservation of seats.

# MEXICAN EDITORS MOVE TO AVERT U. S. RUPTURE

### Suggest Delegation Named by Carranza to Meet American Body

New York, Dec. 2.—The Associated Press has received the following message from representative newspapers of Mexico:

"The undersigned representatives of the most important newspapers of the Republic of Mexico are well aware of the possible imminence of a rupture in the relations between the United States and Mexico.

"We believe that such a rupture would be due to lack of a mutual knowledge of both peoples; whereupon we have to-day applied to President Carranza, suggesting to him the appointment of a delegation formed by two secretaries of his cabinet, two Senators, two representatives of the House and three private citizens, which may put itself in touch with a similar delegation appointed by the United States Government, in order that the delegations may discuss and clear up any differences between the two governments, thus avoiding consequences that may fall upon our countries as an outcome of enmity.

"We earnestly invite you, involving the world partnership of the press, to give your support to this meeting and to ask President Wilson to accept the move we are here proposing."

The message is signed by: El Universal (independent), Felix F. Palavicini. Excelso (independent), Rafael Alcala.

being represented. Baron Deschamps, Belgian member of The Hague Court of Arbitration, who acted as chairman, expressed the hope in his opening address that, notwithstanding the confused situation in the United States, that nation, which rendered immense service to civilization during the course of the war, would help to consolidate the idea of the league." Paul Hymans, Belgian foreign minister, also alluded to the situation in the United States and hoped for a "quick and happy solution, as the world needs peace and the security of organization."

### German Failure to Sign Delays Departure of American Delegates

Paris, Dec. 2.—The American delegation to the Peace Conference, which was to have sailed from Brest for the United States on December 6 has postponed its departure for home, it was learned this afternoon.

A considerable part of the personnel of the peace mission, however, will leave Paris for Brest on the evening of December 5, as previously arranged.

It is learned from a high authority that the change in the plans of the delegation is due to the failure of the Germans to sign the protocol ratifying the Peace Treaty.

It is pointed out that if the Treaty is not ratified the situation between Germany and the United States, as well as the other allied and associated powers goes back to the status created by the armistice.

Hence the United States is still quite as much interested as its associates of the allied powers, despite the fact that the Senate has not ratified the Treaty.

Whatever the date which the American delegation may decide upon for leaving France, it was affirmed to-day on excellent authority that such arrangements will be made for the representation of the United States in the further negotiations that Germany will find all the allied and associated powers working together to resist any effort on her part to avoid making the peace effective according to the terms of the Treaty.

### More Volunteer Coal Diggers to Enter Mines

Pittsburg, Kas., Dec. 2.—Coal mined by volunteer workers in the strip mines of Kansas was being loaded on cars to-day for shipment to the western part of the state, where the fuel shortage is said to be acute. Increase in the output from the mines in this district, which are being operated under receivership of the State Supreme Court with volunteers, was assured to-day, according to officials, who announced that it was hoped to have at least seven mines yielding coal by nightfall.

Five hundred additional volunteer diggers were expected to arrive to-day, bringing the total force in the field to approximately 900.

### Miners in Pittsburg Field Stay Out to a Man

Pittsburg, Dec. 2.—Reports received at the offices of the United Mine Workers here show that not one of the 42,000 idle union coal

Pittsburgh, Dec. 2.—Reports returned to work yesterday, union leaders said. They declared this meant the miners stood with their officers in rejecting the Garfield settlement of a 14 per cent. increase in wages.

Philip Murray, president of district No. 5, United Mine Workers, in commenting upon the situation said: "In thus rejecting Dr. Garfield's 14 per cent. increase the miners of the district take precisely the same position acting President John L. Lewis of the United Mine Workers, took in the presence of Dr. Garfield in Washington last week—that the offer was an insult."
