—a simple way, too—that is to dissolve them. Just get from any drug-store about two ounces of powdered neroxin, 50 cents' worth—sprinkle a little on a hot wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition—anyone troubled with these unsightly blemishes should try this simply method.

ALL OUT—I do not wonder that you are disgusted with the hair tonics commonly sold. Did it ever occur to you that you need a real hair grower instead of a hair tonic? Here is a formula which has a wonderful effect upon the cell-growth of hair, and results can be quickly seen in the sprouting of new hairs, in the vigorous growth and lengthening of hair, and in its added luster and flurniness. Here is the formula: To hair a pint of water (or else you may use a full pint of witch-hazel if you wish) and to this add one ounce of beta-quinol, which will cost no more than 50 cents at the drugstore.

Mrs. T. C. G.—Cheer up! You'll be one of the happiest women in the world in a few days. I can promise you that, because your dream of a beautiful complexion will surely come true if you do as I say. Thousands have done it; you can do it. It never fails. Stop using all the prepared complexion ereams sold in the stores and make your own this way, in a few moments. Mix one ounce of zintone, 50 cents' worth, and two tablespoonfuls of glycerine in a pint of water. It's simple and wonderful. Every spot will vanish and leave your skin like that of the fairies you've read about. You can be sure of it.

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and luster, or when it fades, turns gray, dull as and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands for women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and luster and gives it an appearance of abundance.

A Stubborn Cough
Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and elset colds are conquered by it in 24 hours or less. Nothing better for bronchital asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.
