Opening day of the Christmas Seal Sale in Pennsylvania was marked by reports of large sales of seals and health bonds and orders to State headquarters for additional supplies from many sections.

The first members of the \$100 Keystone Health Bond Club reported to State headquarters include the Rev. TO RID TOWN OF ITS RAT FAMILY

Campaign on the Rodents of Chambersburg Soon to Begin by Harry Ross

Chambersburg, Pa., Dec. 2.—A modern Pied Piper of Hamelin has arrived in Chambersburg, but he will not lead the unsuspecting children over the hill and away, but will confine his energies to killing rats and mice in this and neighboring towns. Harry Ross heads the systematic campaign for the extermination of the pests, which is to be started at the request of the authorities. Ross proposes to bring to Chambersburg a corps of men who will aid him in the campaign.

In a recent campaign at Norfolk, Va., there was slaughtered 250,000 rats and mice in four weeks. "Ross says he is confident he can exterminate the rats and mice in Chambersburg if the people will co-operate. Not by the charm of music from his queer pipe will the rats be led to destruction in the Conococheague creek, but by the use of a subtle chemical preparation, barium carbonate, they will be lured into dreams from which they never wake. The preparation meets the approval of the biological survey of the Department of Agriculture.

Miss Dorothy Vestal Is Making Record as Coach

Emporia, Kan., Dec. 2.—Four all-victorious basket ball teams have been developed by Miss Dorothy Vestal, director of athletics for women at the Kansas State Normal in Emporia, and in the four years which Miss Vestal has spent at the Normal only once has the normal team been hard pressed.

When Miss Vestal came to Emporia in 1916, women's basket ball was not popular in Kansas. Only two games could be scheduled, and the normal won the both. In 1917 three games were played and won and the following year the Teachers scored nine victories. Last year Coach Vestal had one of the best women's teams the school ever produced, and it had not trouble winning all its seven games.

The normal women students play the two-line national game, but once defeated the Haskell team in the one-line game.

Material for the championship teams was chosen from players in class games, each class entering a team in the series for the school championship.

HOG RAISERS MEET TODAY

Five Hundred Members Attend Swine Record Association Sessions

Chicago, Dec. 2.—With the slogan, "Bigger and Better Hogs for America," the American Hampshire Swine Record Association convened this afternoon at Stockyards Inn, with five hundred members of the association in attendance. The report of the secretary indicated that more than 100,000 pedigrees of pure bred swine have been printed in herdbook form during the past year, and that more than 1,000 persons have been added to the enrollment of the association during the year. The month of November, 1919, was the banner month for business in the history of the association. More than \$11,100 was shown by the treasurer to have been raised by popular subscription by Hampshire breeder and expended as special premiums, every dollar having been honestly won and paid out. It is pointed out that the Hampshires have out-numbered on an average every other breed of swine in the largest show rings of the country.

The purpose of the association is to show a great advance during 1920 in the breeding of swine through the issuing of special premiums. A campaign for increased membership is also a part of the program for the ensuing year.

The annual banquet of the association will be held this evening at 6:30 at Fort Dearborn Hotel.
