Wilson Waits Hines' Action on Railways

Washington, Dec. 4.—President Wilson will not begin preparation of

ONLY A POWERFUL MEDICINE WILL END RHEUMATISM

It matters not whether you have had agonizing rheumatic pains for 20 years or distressing twitches for 20 weeks, Rheuma is mighty and powerful enough to help drive rheumatic poisons from your body and abolish all misery, or the coat, small as it is, will be cheerfully refunded.

his special message to Congress on the railroad situation until Director General Hines has conferred with Senator Cummins and Representative Eech, chairman of the Senate and House Interstate Commerce committees, on the pending railroad bills. It was said at the White House.

It was intimated that the status of the legislation might be such that the President would not regard it as necessary to address Congress on the subject.

A CHRISTMAS PIANO But be careful in making your purchase. Every showy case does not envelop a perfect instrument. The case counts for something, but the interior, where the tone is created, is of greater importance.

LABOR TO GET FULL SHARE OF EFFORTS—HAYS

Republican Chairman Also Declares Business Should Get Square Deal

New York, Dec. 4.—A method by which labor may acquire an interest in the business to which it gives its efforts, Federal regulation of industry as opposed to government ownership and a system of taxation which will not kill business initiative, were named among the national planks of the Republican party last night in an address by Will H. Hays, chairman of the National Republican committee.

Mr. Hays opened his address with an assurance that the Republican party proposes to recognize the women voters as an equality in every respect with their male colleagues and entitled to a proportionate share in the control and direction of the party.

Getting "Hep" to The Good Eats

A Host of Dyspeptics Can Get Back to the Old Days of Freedom by the Simple Expedient of a Stuart's Dyspepsia Tablet After Meals.

"Gosh! I never knew before how good these little pork sausages were." This was the man who thought his stomach was gone for all time but who tried the simple expedient of a Stuart's Dyspepsia Tablet after eating.

Is your stomach working right to-day?

Pan-Zen not only helps neutralize excess acid and overcome gas fermentation, dizziness, heart palpitation, etc., due to indigestion, but it also stimulates stomach and intestinal activity and aids in strengthening your digestive power, so as to help get your stomach in such a condition that it will properly digest food without artificial assistance.

Delicate Children

There is nothing like Vinol, our Cod Liver and Iron Tonic, to build up frail children.

Her Doctor Advised Vinol

Aiken, S. C.—"My little girl five years of age had been delicate all her life. Last January pneumonia left her in a very weak, run-down condition with no appetite, and she could not sleep. We were very much worried about her, and our druggist, who is a doctor, said Vinol was the best tonic he knew for one in her condition. We tried it and you ought to see how she has improved.—Mrs. LEONARD W. GEORGE.

We ask all parents of weak, sickly, delicate children in this vicinity to try Vinol with the understanding that we will return your money if it fails to benefit your little ones. Children love to take it.

heritances. The Republican party from its inception has stood against undue favoritism of industries and activities. There must be strong Federal regulation but not government ownership. The railroad problem will be solved and solved fairly, with provision for a just return on real investment and with reasonable assurance for essential development and extensions.

In concluding his remarks the Republican chairman claimed that the recent special session of Congress had saved the nation nearly a billion dollars and that this alone would warrant an "overwhelmingly Republican victory next year."

Berkman and Goldman Ready to Be Deported

New York, Dec. 4. — Alexander Berkman, the anarchist, who is sentenced to be deported to Russia, arrived here last night from Chicago. Emma Goldman, who will be deported on the same order, arrived to-day. Both radicals reported to immigration authorities, at Ellis Island.

Harry Weinberger, counsel for the two anarchists, said he had been informed by the State Department that no ship was available to carry the pair to Russia and that he would apply for their release on a writ of habeas corpus.

month's earnings, which is more than their fellow workmen in other lines of employment even in the West. The figures, according to one in position to know, "can make a dollar an hour, day in and day out. He works under ideal hygienic conditions, regulated by law, at a temperature of 55 degrees the year round. The difference between his work and other work is that the miner's is done by artificial light which in these days is common of many mines."

Means \$2 a Ton More For Coal The suffering public is not going to have much sympathy for men who are giving no consideration to their fellows and especially when it is asserted that a 60 per cent. increase in wages and cut in working hours would add two dollars per ton to the cost of coal and cost the American people one billion more for their fuel.

Tables submitted by the Kanawha Coal Operators' Association at the recent Washington conference are illuminating. These tables, as previously stated, show that more than half the month's earnings were left after the payment of living expenses for the men and their families; that the men were voluntarily idle 38 per cent. of their time and yet the average earnings was \$108, including greasers and trappers boys and many men who only worked a few days during the month listed. "If laborers at these mines work regularly," continues the same statement, "when the mines are in operation they can earn from \$115 to \$350 a month and they have the lowest living expenses in the country for house rent, fuel, light, water or medical services."

Some Figures Following are figures showing earnings of miners in the Kanawha field of West Virginia in October this year as taken from the records of the Kanawha Coal Association, with eight-hour day and union conditions:

Table with columns: Name of Miner, Days Worked, Per Day. Includes names like Albert Kinney, John Ayres, U. V. Wainwright, Alfred Kelley, E. W. Hannigan, Frank Ratcliff, W. C. Moss, F. Lavery, Chas. Edelman, John Bowen, Henry Hutchinson, Wm. Hutchinson, J. W. Ashbury, E. Hammonds.

Part of this work done in September but the number of consecutive days worked given to show that earnings are not spasmodic. Mining Machine Runners: Jno. Romine, C. H. Lanham, Tom Ward, J. W. Smith, Joe Perkins, Will Ward, Pat Reid.

The above lists are taken at random from a single coal operation at which there were a great many others making approximately the same and even higher wages. Hundreds of additional names and earnings and any other desired information can be obtained from Duncan Kennedy, secretary of the Kanawha Coal Association, Charleston, W. Va.

Middletown

New National Guard Unit to Hold Meeting

A meeting of the National Guard unit will be held in the Liberty Fire Company house Friday evening. At this meeting it will be decided whether Middletown will secure an armory. Those interested in same have been working hard to try to get 100 young men to sign up. If they can secure this number a National Guard unit will be formed in this town.

Henry Hippie, who suffered a stroke four months ago, is still confined to his bed. Starting Saturday morning the farmers will hold market in the Liberty Band Hall, Swatara street, instead of curb market on Emaus street.

William Krodell will take charge of the new hosiery mill at High-spire, which is well under way for operation. The new machinery for the factory arrived this week and is being put into place. The monthly meeting of the Sunday school class of the St. Peter's Lutheran Church, taught by A. S. Quickel, will be held at the home of

Mrs. H. T. Kaufman, in Royaltown, this evening. The Royaltown council met in regular session on Tuesday evening. The Boy Scouts, who erected a building along the Swatara creek, on the Royaltown side, asked to have electric lights put in. They were asked to see if the shale brick plant could not furnish them current. Several complaints were made about

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine. It is a physician's prescription. Swamp-Root is strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends. Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Harrisburg Telegraph.—Adv.

"Not a Curiosity," Lady Astor Contends London, Dec. 4.—In a letter published in London newspapers this morning, Lady Astor, M. P., asks that she be regarded as "a regular working member of Parliament and not a curiosity." She complains that throughout her campaign for election she was subjected to a great deal of misrepresentation. "Instead of reporting the principles for which I stood," she says, "the newspapers were more anxious for good headlines, as they used what they called my witty responses."
