

More Life Insurance Written This Year, Equitable Head Says

New York, Dec. 5.—Reduction of the high cost of living seems only a "remote possibility" to William

A. Day, President of the Equitable Life Assurance Society of New York. Mr. Day describes the present situation as betraying "a passion for expenditure in the pursuit of pleasure and costly nonessentials which has no parallel in history."

he delivered here before the reconstruction conference of the Association of Life Insurance Presidents. "The war," said Mr. Day, "thrust upon us an unnatural and unbalanced prosperity and has left us a legacy of inflation, speculation and excessive improvidence. A large volume of easy money has found its way into the pockets of many

people to whom a substantial cash surplus was a new and tempting possession." This, he added, had been followed by a great passion for expenditure and pursuit of pleasure by those of improvident and self-indulgent tendencies. Despite what Mr. Day characterized as "the present unparalleled passion for needless spending," he

said there had been an unprecedented increase in the amount of life insurance written in the United States in the present year. Statistics gathered for the Association of Life Insurance Presidents placed the total volume of new insurance for the year at \$7,712,000,000, compared with \$1,600,000,000 for the heaviest previous year, 1918. This

amount, Mr. Day said, would exceed all the insurance outstanding in all the companies 20 years ago. RECORD COTTON MARKET SEAT New York, Dec. 5.—J. F. Clark paid \$26,000, a record price for a seat on the Cotton Exchange. The first seat was sold for \$23,750.

First German Ship at Vera Cruz Since Armistice Was Signed

Vera Cruz, Mexico, Dec. 5.—The first German vessel to arrive here

since the beginning of the war has reached this port with a mixed cargo of hardware and drugs from Germany. The captain announced that several other vessels soon will leave Hamburg for Mexican ports. He conformed previous announcements that Germany is planning an aggressive campaign for Latin-American trade.
