Gift Needlework

Beads and Novelties

Have you had a look through our Art Needlework section lately? Some women tell us that they just love the place. There are so many beautiful things to see; so many suggestions of pretty things to make; things that you never see ready made. Everything is ready to make the home work easy and the results so delightful.

Then there is the wonderful array of all colors of the rainbow in beads; just exactly the size, style or color that you may desire.

And oh, so many little novelties that one just must stop and admire when passing such needleful articles. But words cannot describe them. Come and see the new things for Christmas and be convinced.

Toy Days----Joy Days Happy Girl and Boy Days

Come boys and girls and see everything that Santa Claus has had time to make this year.

He certainly has been a busy old fellow, always thinking up something new to surprise the young folks, whom he loves so well, and does so much to make them happy.

Now there is any kind of a toy that you might want; dolls, who are holding delightful "Conversations" with the little folks every day. Yes, indeed, these beautiful dolls and the Elephants and Circuses do a lot of lively "talking" to the boys and girls who come in, and it seems they understand the language of each other too.

Bring the little folks in and let them talk things over, let them see the dolls, velocipedes, pianos, games and other toys.
