

### GENTILES AID JEWISH RELIEF

#### Result Shows Big Increase in Funds For Latter in Europe

New York, Dec. 10.—The remarkable way in which the country has responded to the cry for relief from the 6,000,000 starving Jewish people of Eastern Europe, is shown in a report made public by Henry H. Rosenfelt, director of the American Jewish Relief Committee, which has completed campaigns in about half of the states of the Union.

For the first time in the history of the Jewish race, Jew and Gentile worked side by side this year to alleviate the intense suffering of millions of Jews throughout Eastern Europe. American Jewry had borne alone the heavy burden of caring for their suffering kinsmen in the Eastern war zone throughout the four years of war, but with the signing of the armistice, the terrible condition of Eastern European Jews disclosed, proved too herculean a task for the Jews of this country to attempt to carry alone. So Gentile joined with Jew and the gratifying results of this most radical departure from Jewish traditions, is shown by a comparison of this year's and the 1918 campaign.

During 1918, slightly over \$9,000,000 was raised throughout the country, according to Mr. Rosenfelt. So far this year, with but half of the state campaigns held, \$11,266,385 has been raised. The new policy of the American Jewish Relief Committee in waging their campaigns irrespective of race or creed, has brought in over \$2,000,000 more this year, than the entire country produced in 1918.

All Creeds Co-operated  
"The outstanding feature of these campaigns has been the whole-hearted co-operation of people of every creed," declared Mr. Rosenfelt. "Non-Jews everywhere have not only contributed generously, but have taken active part in the organization of the drives and have given, without stint, of their time and effort."  
"The campaigns held have been, without exception, operated without regard to the religious beliefs of those participating—the non-Jews welcoming the opportunity to Jewish relief because of their desire to aid our starving people and because also of their wish to reciprocate the aid which leading Jewish citizens have invariably given to all humanitarian causes."

Mr. Rosenfelt pointed out that it was estimated that of the \$1,780,000 raised in Pittsburgh and surrounding counties, fully one-half was contributed by non-Jewish citizens. "This is representative of drives all over the country," he added. "This co-operation is of value not only because it means additional funds for our suffering people in Eastern Europe, but because it has had a permanent effect on the relationship of Jews and non-Jews in America, bringing them closer together than they have ever been before, breaking down barriers of prejudice and creating a spirit of good-will and co-operation."

### 10,000 Engines Idle in the German Shops

Coblenz, Dec. 10.—Ten thousand locomotives are idle in the repair shops of Germany, according to railroad men who conferred recently in Coblenz with Pierrepont B. Noyes, the American representative on the Inter-Allied Rhine-Ruhr High Commission. The meeting was called for the purpose of discussing the coal shortage in Germany and the part the railroads are to play in distributing fuel this winter.

The labor representative, at the conference, contended that the German workmen are not holding back in efforts being made to meet the economic difficulties facing the country. The chief trouble in repairing the locomotives, the railroad men asserted, was lack of proper raw material which Germany had been unable to secure since the armistice.

### Sugar Profiteers Are Fined \$1,000

New York, Dec. 10.—Having entered a plea of guilty to a charge of profiteering in sugar, the Shapiro Candy Manufacturing Company of 11 Emerson place, Brooklyn, was fined \$1,000 by Judge Chetfield in the Brooklyn Federal Court yesterday. Indictments against Samuel Shapiro and Herman Eisenberg, officials of the company, as individuals, were dismissed on recommendation of United States District Attorney Ross.

### U. S. Has 232,196 Indians of Straight Extraction

Washington, Dec. 10.—The 333,702 Indians in the United States contributed \$25,000,000 toward the war loans and 10,000 men to the fighting forces, the report of Cato Sells, Commissioner of Indian Affairs, discloses. Of the Indians remaining, 232,196 are of unmixed blood and the rest are members of the five civilized tribes comprising freed men and those intermarried with whites.
