# Evans Triple Phosphates Most Rapid Strength Producer Known, Says Authority

## Nerve Shattered People; Worried and Physically Unfit Can Regain Old Time Energy and Ambition.

In these strenuous times men and women who would be successful must keep themselves physically fit. In nearly every profession and trade the man with plenty of vigor, a keen mind, a clear brain and confidence, born of good red blood, is the man who is the envy of hundreds who lag behind and are in continual fear of the future.

Most people who lack the energy to go ahead and do things they know they ought to do and are capable of doing, probably need more iron in the blood. But iron alone as a strength giver is not looked on seriously by the great minds of the medical profession.

Iron in order to be of greatest benefit as an upbuilding preparation must be combined with other vitalizing agents that are known to create steady nerves, muscular strength and more brain power, and must be in liquid form.

Evans Triple Phosphate is just such a preparation, and the reason it is put up in liquid form is because liquids are more easily assimilated and surely do get into the blood.

Good advice to every person who wants increased strength, a more vigorous body, nerves that never weaken and a mind so clear and energetic that difficult problems of life are easily disposed of, is to take a regular dose of Evans Triple Phosphate in a wine glass of water 5 to 10 minutes before meals and at bedtime.

The rapid increase in health and strength experienced by those who carefully follow these directions prove the great value of Evans Triple Phosphate as a reconstructive tonic to have. Troubles, Anaemia, Chlorosis, Blood Diseases, French, Portuguese, and other fevers, and in general convalescence. While for the patient who is just recovering from influenza, pneumonia or other lung wasting sickness, Evans Triple Phosphate will quickly restore the rundown system, increase the appetite and ensure a good night's sleep.

All good pharmacists dispense Evans Triple Phosphate in the original bottle. You are sure to get it at Geo. A. Gorgas.

# Labor Unrest Hits Foreign Commerce of Argentina This Year

Buenos Aires, Dec. 11.—A falling off in Argentina's foreign commerce during the first quarter of 1919, as revealed by the report of the Director General of National Statistics to the Finance Minister, is attributed by business interests to the labor troubles and social disquiet which prevailed in the country during that period.

It is held that a decline of nearly 50,000,000 pesos gold in the value of the exports compared with the first quarter of 1918 was at least partially due to the port strike in Buenos Aires. There was also a falling off in the tonnage of imports although an increase in "real values" of 12,000,000 pesos.

Satisfaction is expressed that notwithstanding these handicaps the report shows a trade balance of more than 60,000,000 pesos in favor of Argentina. There has been a marked increase in exports during the last two or three months and it is expected here that the loss for the first quarter will be more than made up by the end of the year.

# Many Yanks, Once Discharged, Return to Army in Germany

With the American Forces in Germany, Dec. 11.—Quite a number of regular old timers who marched to the Rhine with the American Army of Occupation in December, 1918, and who have been to the United States and discharged and enlisted again to make up the Fifth and Fiftyth Infantry regiments which arrived recently in the vicinity of Coblenz to await possible dispatch in the near future to Upper Silesia to supervise the plebiscite. A large percentage of these soldiers are from the First, Second and Third divisions, some of whom saw ten and twelve months service in France and Belgium before the armistice.

# LIST BRITISH TRADERS

London, Dec. 11.—The Federation of British Industries, an influential organization, has launched an advertising campaign said to be unique. The federation is preparing an export register giving a representative alphabetical list of British manufacturers and trade associations in every line of industry and a classified list of products with names of makers.

# Teamster's Life Saved

Writes letter that is worth reading very carefully  
Peterson Ointment Co., Inc., Buffalo, N. Y.: I was afflicted with a very severe sore on my leg for year. I am a teamster, I tried all medicines and salves, but without success. I tried doctors, but they failed to cure me. I couldn't sleep for many nights from pain. Doctors said I could not live for more than two years. Finally Peterson's Ointment was recommended to me and by its use the sore was entirely healed. Thankfully yours, Wilson, West Park, Ohio, March 22, 1915, care P. G. Reitz, Box 199.

# Wants Report on Invasion of "Reds" From Mexico

Washington, Dec. 11.—Immigration officials on the border were instructed to-day by Anthony Caminetti, Commissioner General of Immigration, to forward a report on the threatened invasion from Mexico of fifty Russian Bolsheviks and 150 Mexican I. W. W.  
Mr. Caminetti expressed little concern as to the ability of the immigration officials to cope with such a situation in view of the strength of the United States troops on the border.

# Bunker Hill Monument Said to Be Falling Apart

Boston, Dec. 11.—Bunker Hill monument is falling apart; Representative James H. Brennan asserted during a debate in the House of Representatives. "There are many places where there is no cement between the stones," he said. "Engineers say the monument must be reconstructed and rebuilt if it is to be saved. The approach to the monument is a disgrace to the State."

# More Students in German Universities Than in 1914

Cologne, Dec. 11.—German newspapers say 4,000 more students enrolled in the universities of Germany this year than in 1914. In the year of the beginning of the war there were 60,000 students enrolled in the various universities. In 1919 there are approximately 91,000. This represents an increase of nearly 2,000 each for each of the 23 national universities. In 11 technical schools more than 16,500 have enrolled as compared with 10,000 in 1914.

# CO-EDS FIGHT FIRE

Swarthmore, Pa., Dec. 11.—Co-eds from Swarthmore College aided firemen from five towns early to-day in fighting a fire which destroyed two upper floors of an apartment, fraternity and store building here. The loss is estimated at \$75,000. Three firemen were injured. It is believed a light fixture thrown on the floor during a fraternity meeting, smouldered after the rooms were closed and caused the fire.

# Witness Against Detzer Admits He Is "Sore" at Office of A. E. F.

New York, Dec. 11.—After testifying that Captain Karl W. Detzer, facing a court-martial here for the alleged brutal treatment of army prisoners in Le Mans, France, had assaulted enlisted men, Louis Schmitt, of Long Island City, admitted in cross-examination that he was "sore" at the captain. Schmitt, who served in the Thirty-Eighth Regiment of Infantry abroad, also admitted that he acted as a "stool-pigeon" for Detzer by collecting evidence against accused men.

Schmitt emphasized that his antipathy to Detzer was due to an insulting remark the witness declared Detzer made about Schmitt's mother. He added that his duties called for giving information against men accused of being absent without official leave. He denied that his "soreness" at Detzer developed after he had been denied the privileges of a "stool pigeon."

# Wilson Has Another Memorandum, Referring to Oil on Mexican Status

Washington, Dec. 11.—President Wilson had before him to-day another memorandum on the Mexican situation. It related to the interference of the Carranza government in the operation of American-owned oil properties in Mexico, and was prepared by Chairman Payne, of the Shipping Board, upon information furnished by representatives of Mexican oil producers. Chairman Payne also sent a letter to Secretary Lansing, urging that the State Department take action toward protecting the American-owned oil properties in Mexico.
