

TONS OF FOOD SENT TO POLAND FROM THE STATES

Much Raw Cotton Was Also Sent Abroad During This Year

Danzig, Dec. 18.—More than 350,000 tons of foodstuffs and raw cotton have been shipped to Poland via Danzig from the United States since last February. For some time these supplies were arriving at the rate of 5,000 tons daily. A shipment of 150 locomotives is expected soon.

The American Relief Administration for feeding European children directs its work in Poland from Danzig. John H. Lange of Seattle, Wash., and Captain C. A. Ables, naval attaché at Warsaw, are in charge. Mr. Lange told The Associated Press correspondent that in Poland alone the American Relief Administration was now feeding about 1,000,000 children.

"Peace to Bandits" Is U. S. Aim in Mexican Snarl, Fall Declares

Washington, Dec. 18.—Before leaving for the border, where he is to resume the investigation into Mexican affairs now being conducted by the Senate committee of which he is chairman, Senator Fall, Republican, New Mexico, issued a statement declaring the American Government had started negotiations in the Jenkins case with an ultimatum which had ended up "with a final abandonment of its position."

Charges Policemen With Aiding the Recent Robberies in New York

New York, Dec. 18.—Evidence sufficient to convict at least six policemen who have aided burglars in five recent robberies in Brooklyn and Manhattan of property valued at more than \$200,000, is in possession of District Attorney Harris E. Lewis, of Brooklyn, he announced. Two policemen are already under arrest and the district attorney declared that four other bluecoats belonged to a "gang of burglars" who not only perpetrated several daring robberies, but invaded the wholesale clothing district and carried away truckloads of wearing apparel.

Expect Concave Screen to Revolutionize Movies

New York, Dec. 18.—A concave motion picture screen that may revolutionize the movies was tried out at a local theater in this morning. It is said to give an effect of a third dimension—an appearance of thickness or depth—that relieves eye strain. A group of scientists witnessed the experiment.

No Food Increases in N. Y. Restaurants

New York, Dec. 18.—Representatives of 5,000 New York restaurants in convention here decided that despite heavy increases in operating costs and the losses due to prohibition, they would not increase their prices to consumers, but would meet the situation by effecting economies of operation.

All Fat People Should Know This

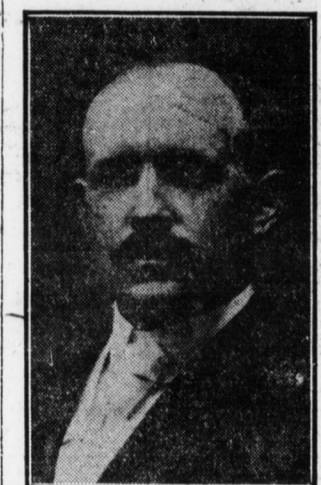

The world owes a debt of gratitude to the author of the now famous Marmola Prescription, and is still more indebted for the reduction of this harmless, effective obesity remedy in tablet form. Marmola Prescription Tablets can now be obtained at all druggists, or by writing direct to Marmola Co., 864 Woodward Ave., Detroit, Mich., and their reasonable price (\$1. for three cases) leaves no excuse for dieting or violent exercise for the reduction of the "fat body" to normal proportions.

CAPTAIN LUMB WILL CONTINUE LAW PRACTICE

Will Devote All Time to Profession; Many Friends Here; Capt. Pitcher Leaves

CAPT. GEORGE F. LUMB

Friends of Captain George F. Lumb, whose resignation as deputy superintendent of State Police was accepted last evening by Governor Sprad, were pleased to-day to learn that it is his intention to remain in Harrisburg. Captain Lumb is a member of the Dauphin county bar and will devote his attention largely to commercial law, in which he already enjoys an extensive practice.

Captain Lumb is one of the best known residents of the city. He is prominent in Masonic circles and has been director, vice-president and president of the Harrisburg Rotary Club. He is a speaker of more than ordinary ability and was active in all forms of war work. He is a member of the Chamber of Commerce.

Captain Lumb, a veteran of the Spanish-American war, the Philippines and of the Boxer campaign in China, worked his way up from the ranks in the State Police by sheer merit, having participated in a number of daring exploits as an officer of the force. He has been deputy superintendent for years and during Colonel Groom's absence in the army conducted the department in a manner that won the praise of all familiar with his work. He is a great believer in the merit system in the State Police force. For some time it has been known that he desired to get out of the service in order to devote himself to his growing law practice.

Regular Army of 280,000 Is Probable; Legion Favors Small Army

Washington, Dec. 18.—Rejection by House and Senate Military Committees of War Department proposals for a Regular Army of 576,000 officers and men appeared practically certain early to-day when Chairman Wadsworth predicted that the Senate Committee would fix the strength of the force at about 280,000. The House Committee has already agreed tentatively on an approximately similar program.

Republican Women Want Representation

Detroit, Dec. 18.—Representation on the Republican National Committee for the Republican women of the country was asked in resolutions adopted by the women members of the Republican State Central Committee and members of the Women's State Executive Committee.

CANNOT DELIVER MATERIALS

Paris, Dec. 18.—(Havas)—German delegates are said by newspapers here to have furnished the allies proof that Germany cannot deliver all the harbor and dock material demanded in the protocol to the Peace Treaty. Allied experts are said to be disposed to consider a counter proposition which would reduce the amount to be turned over by 200,000 tons.

Third Term Move Is Hinted in Wilson's Stand on Treaty of Peace

Washington, D. C., Dec. 18.—Does the President's insistence upon adoption of the Versailles Peace Treaty without changing a single letter indicate that Mr. Wilson still

nurses an ambition for a third term in the White House? The idea has been timidly suggested by some Democrats within the last few days—behind closed doors—as it became clear that Mr. Wilson is unwilling to lead his party in the Senate toward any compromise on the pact which he negotiated.

It has been felt in Washington during the past two months that the breakdown of the President's health precluded any possibility of his entrance into another campaign, and the fact that the boom of Attorney Gen-

eral Palmer, William G. McAdoo and other hopeful Democrats have begun to soar. It is not believed that all of these gentlemen would consent to withdraw if the President should seek a third term, as Ambassador James W. Gerard has so generously agreed.

SEEK TO RELIEVE SHORTAGE
Pittsburgh, Dec. 18.—The local fuel committee of the United States Railroad Administration was making every effort to-day to relieve the coal car shortage in the Pittsburgh district, but the opinion was expressed that the car supply would not be normal until the latter part of next week. According to figures made public by the committee, there was a shortage of about 1,200 cars in this district yesterday.

WANT CHECKOFF SYSTEM
Charleston, W. Va., Dec. 18.—Coal miners of the New River fields are becoming "restless and dissatisfied," over the action of some operators in abolishing the "checkoff system," declared John Gatherun, secretary of district No. 29, United Mine Workers, in a statement made public here to-day. Abolition of the checkoff violated the agreement under which the miners returned to work, he said.
