THIS SOLOMON HAS TOUGH JOB

By Associated Press
Constantinople, Monday, Dec. 8.—Abraham, Sheikh-Ul-Islam, is sorely puzzled in reaching a decision whether Moslem children may pray to the "American Santa Claus" for Christmas presents. The question was submitted by children in the Aldin and Dikbek districts, who asked the sheik, in his capacity as supreme interpreter of Moslem law, whether such prayers would be impious.

American missions in Asia Minor are preparing Christmas celebrations for thousands of children.

WOMEN SHRINK FROM MODESTY

Bear Grievous Pain Rather Than Make Grievous Condition Known.

The subject of the complaints peculiar to women is a delicate one, yet it is a duty to all that is pure and noble in sister, daughter, wife and mother to let them know that most of their derangements are due primarily to nervous debility.

"Many a suffering woman, influenced by shrinking modesty, has borne this grievous condition rather than make a personal appeal," said the Tanlac Man. "When they say, 'I am all run-down, so nervous and debilitated, that means that they are victims of this modern malady. Such women, and they are innumerable in all localities, suffer from headaches, loss of appetite, sleeplessness and depression of spirits, and Tanlac, a tonic, appetizer and invigorant, is just what they need.' Tanlac, which builds up the system, creates a healthy appetite, promotes digestion and assimilation of food, vitalizes the blood, brings back color to the cheeks and the sparkle of health to the eyes, is now sold here by George's drug store, Geo. A. Gorgas, Chas. F. Kramer, Kennedy Drug Co., W. F. Steever and all leading druggists.

Bodies of Four Babies Found Crushed in Box

Clyde, N. Y., Dec. 22.—The bodies of four babies were found in a wooden box on the ice of the large canal here yesterday afternoon. The box was found near a bridge from which it had evidently been dropped. The heads of all four infants were crushed, probably by two heavy grate shakers that were found in the box. The infants appeared newly born and normal. The bodies were well preserved by the cold weather.

The only clue is a Rochester newspaper dated December 11.

Two Fire Organizations Ask For Same Number

What's in a number?
Enough, in this case, to cause the court to defer action on an application for a charter for the Riverside Fire Company.

This morning counsel for the Riverside Company presented the petition to President Judge George Kunkel asking him to sign a decree incorporating the "Riverside Fire Company No. 15." But there was present in court an attorney for the Pleasant View Steam Engine Company No. 15, which was incorporated under that name in May, 1911.

Counsel for the Pleasant View Company filed an objection to granting the charter to the Riverside organization unless it changed its number, the suggestion being made that it should be known as "No. 16." The Pleasant View volunteer firemen based their objection on the fact that all their equipment and apparatus has been numbered, that soon they will likely be annexed to the city, possibly in the spring, and then if the Riverside Company has the same number, there will be confusion about uniforms, hose and other fire fighting devices when both are at the same fire.

The State Highway Department to-day issued a notice that 1920 automobile license tags are not legal until January 1 and that until the end of 1919 tags of this year must be displayed.

Numerous reports of cars running with the new tags only have reached the Capitol from police officers.

New Auto Tags Not For Use Until Jan. 1

The Enterprise Telephone and Telegraph Company, operating in Lancaster county, has filed notice of increase of its rates by \$3 per year.

The Smith Power Company, Pittsburgh; Scranton, Binghamton and Montrose Railroad and State Line Natural Gas Company, Fayette and Greene counties, have also given notice to the Public Service Commission that they have advanced rates.

The Johnson-Baillie Shoe Company, of Millersburg, has filed notice of increase of stock from \$125,000 to \$250,000. The Miller Auto Company, Harrisburg, has filed notice of \$18,000 bond issue and the Dauphin Fire Insurance Company, Harrisburg, of increase of stock from \$10,000 to \$25,000.

PLOT TO KIDNAP BELA KUN

By Associated Press
Vienna, Dec. 22.—A plot to kidnap Bela Kun, the former communist dictator of Hungary, and hand him over to the Hungarian authorities, has been frustrated by the Austrian police. The police, learning of the plot, arrested two brothers, Ladislav and Andreas Horvath, of Karlson, where Bela Kun is interned. The brothers, who are Hungarians, made a confession to the authorities.

Even "Bos" Flees to Land Not So Dry

By Associated Press
New York, Dec. 22.—Prohibition is largely responsible for the reduction of activities in the old Jerry McCauley mission, "the dry dock of a thousand wrecks," on the lower East Side water front, according to Mrs. John H. Wyburn, of the mission.

It is seldom that more than sixty derelicts now seek the mission on nights when free dinners are served, in comparison with the 200 in ante-war days. Mrs. Wyburn, speaking at the forty-seventh anniversary celebration of the mission last night, said, "there aren't so many drunkards anymore. The 'bos' instead of coming to New York for the winter are heading for Montreal where things are not so dry."

"The work or fight" law during the war also contributed to the lessening of the mission's work she said.
