SAVAGE HAS RED BLOOD IN VEINS

Civilized Man Lacks Exercise and Air-Organs Become Weakened

"Nine out of every ten people in most communities like this suffer from nervousness, or from stomach and liver troubles, kidney and intestinal ailments, imperfect digestion, gastritis, headache or lack of ambition," said the Tanlac Man.

"This is all due to our present faulty methods of living, and is more prevalent in civilized sections than in the jungle, because the savage loves outdoor exercise and air. The civilized man eats rich food, lives in stuffy houses and never walks when he can ride. The result is that his stomach fails in its duties; his kidneys and other organs become clogged with waste matters, and he finally yields to poisons generated within his own body."

after six of them had locked the prison officials in a cell and released four other, known all over the country as safe blowers and burglars. The four prisoners who were delivered are Edward Meehan, alias D. E. West, 30, known nationally as a safe blower; Albert Loach, safe burglar, known to police under six aliases; Leon Mitchell, with eleven aliases, safe blower; Frank Howard, alias Albert Johnson, alias Whitey, safe blower and burglar.

Six men visited the jail this morning and said "Merry Christmas" to the three deputies on duty. While one of the deputies was returning the salutation, the mob attacked the guards, locking them in a cell. In the melee Leo Noonan, a deputy, was shot through the left shoulder.

It was one of the most daring jail deliveries ever accomplished in this part of the country. The three deputy sheriffs on duty, were overpowered and locked in a cell. In the fight that followed the arrival of the visitors, Leo Noonan, a deputy, was shot through the left breast. Hearing the commotion, Sheriff John Mathias, rushed from bed to investigate, and was promptly carried off to the cellar and imprisoned.

The ten men then walked leisurely out of the jail. Although an alarm was quickly given, no definite trace of them had been found. Two men had been arrested on suspicion of complicity in the delivery.

Credits For Europe of \$1,800,000,000 Being Planned by America

Washington, Dec. 26.—Further extensions of credit by the United States to suffering Europe aggregating \$1,800,000,000 will be considered by Congress as soon as it reassembles next month.

It is proposed to finance relief of starving Central Europe at an expense of \$300,000,000, and to fund into time loans the \$1,500,000,000 interest due in the next three years on loans to the Allies.

In connection with the question of conditions in Central Europe the views of Herbert Hoover will be sought. Mr. Hoover is of the opinion that unless America comes to the rescue thousands of people will die of starvation this winter in Austria, Hungary, Poland and Bohemia.

WARNS AGAINST ANY MOVE TO WEAKEN LEGION

D'Olier Thanks Department Heads For Co-operation in the Past

Indianapolis, Ind., Dec. 26.—Department commanders, executive committees, alternates and adjutants of the American Legion are to-day in receipt of holiday greetings from Franklin D'Olier, national commander, in which the officers were thanked for their co-operation in the past and warned against "any future overzealous, thoughtless or unfair act which can weaken the legion's influence for national betterment."

The message follows: "I desire to extend to you personally my sincere Christmas greetings and best wishes that in the coming year the American Legion may realize the high aims and purposes which have been entrusted to us to carry into fulfillment."

In Right Organization "The spirit of whole-hearted cooperation manifested at the first meeting of the national executive committee immediately after our recent national convention, at the conference of department commanders at Washington which terminated so successfully and within so short a time, and in the meeting of the national committee in Indianapolis on December 20, has been most gratifying. I trust that you realize that I deeply appreciate the assistance which you are giving me. It cannot help but be an incentive to us all, and especially to those responsible for the administration of the Legion during the coming year."

"In those meetings the fact has been unescapable that the American Legion is a mighty organization and that its power and influence, as well as its tremendous responsibilities, are fully realized. The Legion as an organization has now become so great that we need scarcely fear any force from without, and I feel confident that not only those of us who are charged with the responsibility of administration, but all of the members of the American Legion throughout the country feel that there is one thing against which we must be on guard, it is any overzealous, thoughtless or unfair act of our own that can weaken or tend to destroy the Legion's influence for national betterment."

"It is apparent to me that the support demonstrated at the meetings with department officers of the Legion, with whom it has been my privilege to be associated since the convention, is itself a safeguard in that respect."

It was then determined by the singers to give a concert to-night to raise funds to enable them to return to their railroad fares to their homes. SILENCE MOBS WHICH TRY TO STORM BIG PIER

Authorities Resume Their Examination of Immigrants on the Patri

New York, Dec. 26.—Immigration authorities to-day continued their entrance examination of immigrants on the steamship, Patri, after the police had quieted down the mobs which yesterday made an effort to storm the Fabre line pier in Brooklyn in order to reach friends and relatives, who are being detained on the ship.

Police reserves were called last night when the crowd of foreigners attempted to storm the pier. The steamship Patri docked Tuesday with 1,800 steerage passengers. The pier guard was overpowered but the police halted the mob before anyone reached the vessel.

Because of the crowded conditions at Ellis Island, the immigration authorities have been conducting the entrance examinations on board the liner. The work has been slow.

Many in the crowd had never seen the passengers they had come to meet. They had letters from distant relatives who had written they were coming on the liner, while others had photographs to assist them in picking out their friends.

Practically all the steerage passengers were Italians. Immigration officials said of those thus far examined, more than 200 will not be allowed to land. The majority of these were rejected because they lacked sufficient funds to comply with the immigration law.

According to the organizers, the new women's party will co-operate with the National Democratic organization, and is to be regarded as in no way a split in the Democratic ranks.

Among the women who had signified their intention of being present are Elizabeth Marbury, Mrs. Charles L. Tiffany, Mrs. Oliver Harriman, Mrs. Charles Dana Gibson, Mrs. Simon Baruch, Mrs. William G. McAdoo and Ida Tarbell.

Even Democrats Admit Palmer Fumbled Coal Strike Situation

Washington, Dec. 26.—Attorney General A. Mitchell Palmer's handling of the coal strike situation has been a series of fumbles, from a political point of view, in the opinion of many astute Democratic politicians here. They frankly regard them as so disastrous in their effect on Mr. Palmer's candidacy for the Democratic nomination for President as to eliminate him from further serious consideration.

The view of most of the Democrats in Washington is that William G. McAdoo, as a result of Mr. Palmer's "political errors," has the same strategic advantage or disadvantage of being out in front at the present time as General Wood occupies with regard to the Republican nomination. It is Wood against the field in the Republican camp and McAdoo against the field in the Democratic camp.

"Wholesale Fraud" Is Charged Against Expense Account of Paul Houck

Pottsville, Pa., Dec. 26.—The account of Paul W. Houck, treasurer of the Republican County Executive Committee, was ordered certified into the Court of Quarter Sessions by Judge C. E. Berger for auditing, after Attorney William Wilhelm presented charges of "wholesale fraud" at the last November election. The document objected to accounting for the expenditure of over \$12,500.

It is charged that 795 watchers at the recent election were paid by the committee, whereas only 501 could be paid legally, allowing three watchers for each polling place. It is also alleged some watchers were paid as high as \$125 "which alone would warrant court in laying the matter before the grand jury."

It is also charged that 232 Italians, Lithuanians and Poles were on the payroll and that fifty Democrats were also paid. Also that a large number of persons were paid sums of money for disseminating information without any vouchers or explanations filed.

Houck states that fully one-fourth the amount spent was for the previous primary expenses. "When I filed this account I invited all the newspapers of the county to publish it in full. There is nothing to conceal and the committee invites a full investigation."

The persons objecting to the account are: Howard W. Weston, W. Guy Payne, Samuel Lewis, J. Harvey Seifert, Clarence Messersmith, Dr. G. B. S. Corson, of Pottsville; W. H. Stout, of Pine Grove, and Daniel Cannon, of St. Clair.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.
