

SAVING AT JAIL MAKES UP LOSS OF RUM TAX

(Continued from First Page.) prices. The baker will be released shortly after the first of the year. Three Jobs Unfilled This will be the third position at the jail which will be made vacant and which will not be necessary to fill. Recently the storekeeper resigned and one of the under-keepers died. The board found it unnecessary to fill either of those posts. It is estimated that at the end of the fiscal year about \$5,500 can be returned to the county treasury from the prison fund this year, that amount being saved since July 1 when prohibition became effective. This will make up in a large measure to the county the loss in revenue from liquor licenses, and it is believed that in a year or two the saving at the prison will be almost as much as the amounts which had been received for the licenses. Only 19 Prisoners To-day there are seventy-nine prisoners at the jail, twelve of them being held for Federal action, leaving sixty-seven either serving sentences or awaiting trial at the January criminal court session. The city to-day paid to the county \$1,072.50 for maintenance of prisoners this year, as compared with \$352.22 in 1918, showing that the city saved \$1,250.28 with prohibition in effect. W. Scott Stroh, recently appointed a prison inspector took the oath of office this morning. The board then appointed Dr. G. G. Snyder, 1829 Derry street, as prison physician to succeed Dr. E. E. Darlington, who served in that capacity for four years. Next week the board will reorganize for 1920, the terms of two of the present members expiring. The court will fill one place and the County Commissioners the other by making appointments.

FIRST SUIT IN LIQUOR DEATHS

(Continued from First Page.) tion with the sale of whisky, alleged to have contained wood alcohol, and which, it is claimed, caused the death of over sixty persons in the Connecticut valley, were brought to this city last night and arrested by Massachusetts authorities on charges of homicide in causing the death of Michael Bednarz, of this city. They were all arraigned in court here to-day. M. Edward Lyons, proprietor of the Hadley Hotel in Hadley, was arrested yesterday afternoon on three warrants sworn out by State Detective Joseph V. Daly. Lyons is charged with manslaughter in causing the death of Michael Schinski, of Hadley, who died Sunday it is alleged, from drinking the liquor purchased in the Hadley Hotel. He was released under \$5,500 bonds on this charge. The other two charges refer to illegal liquor selling.

Seven Arrests Are Made in \$15,000 Fur Robbery in Reading

Reading, Pa., Dec. 30.—Up to today seven arrests have been made in the recent \$15,000 robbery here of the fur store of Greenblatt & Company. Testimony that the defendants hauled the stolen furs from Reading to Philadelphia under cover of darkness was brought out at the hearing of Harry Kuser, a local ex-prosecutor, and Frank Zerbe, charged with having received stolen goods and being accessories.

Polyclinic Ready to Put Through Campaign For Fund of \$150,000

The organization of forces to carry through the proposed campaign to raise at least \$150,000 for the Polyclinic Hospital of Harrisburg is progressing splendidly. George G. McFarland, the general chairman of the campaign, is enthusiastically regarding the prospects of success. Mr. McFarland reports that his executive committee is about complete, and that he has been greatly pleased with the universally satisfactory reception which he has received as he has approached citizens of Harrisburg. "There can be no question," said Mr. McFarland, "but that the people of this community recognize the serious need of more and better hospital facilities. At a meeting of the board of directors of the Polyclinic Hospital held yesterday, the following resolution was unanimously adopted: "Resolved, That the board of directors of the Polyclinic Hospital hereby delegates to the executive committee, consisting of George G. McFarland, chairman; James E. Kast, J. A. Donaldson, George B. Tripp, C. A. Hibler, Dr. Herbert F. Gross, R. F. Blough, C. W. Burnett, E. K. Eckelrode, and R. A. Jones, such other members as the committee may add to its membership, full authority and power to act in the campaign, to raise at least \$150,000 for improvements to the Harrisburg Polyclinic Hospital of Harrisburg, Pa." The dates set for this campaign are January 19 to 25, inclusive.

Heat Energy of Air Enough to Replace Fuel, Phila. Scientist Declares

(By Associated Press) St. Louis, Mo., Dec. 30.—Heat energy of the atmosphere is sufficient to replace fuel for all purposes, according to a paper H. H. Platt, of Philadelphia, read at the convention to-day of the American Association for the Advancement of Science. He urged the scientists to use their energies to bring about means of "abstracting this fuel as to relieve coal oppressed humanity." Botanists and meteorologists discussed ways and means of furthering production of foodstuffs and reducing the living costs. Speakers urged specialists in plant diseases to redouble their efforts to conserve vegetables and to study soil and seed improvement. The recent discovery in Utah of the bones of a dinosaur, a prehistoric animal, which, it was said, is believed to be the largest specimen ever found, was disclosed by Dr. William J. Holland, director of the Carnegie Institute, Pittsburgh.

Returned Soldiers Under Arrest After Wrecking Car in Bomb Experiments

(By Associated Press) Reading, Pa., Dec. 30.—Edward J. Bower, Herbert C. Myers and Carl C. Young, returned service men, who experimented with a hand-made lead pipe bomb with destructive results, was arrested last night by Reading Railway detectives. They are Reading Railway carhop employees and made the bomb to test the theories of Bower as to the construction of explosives. It was put in an empty steel coal car of the Reading type and when they exploded in the vicinity of the railroad yards was smashed. The men gave bail for a hearing to-day. The force of the explosion was felt for half a mile.

Dying, Last Three Men of Crew of 29 Are Taken Off Wrecked Steamer

(By Associated Press) St. Johns, N. F., Dec. 30.—Three men were rescued to-day from the wreck of the Belgian steamer Antwerp Van Driel, which struck on the rocks at the entrance of St. Mary's bay at midnight Sunday. They are the only survivors of the crew of 29. All were frightfully frostbitten from long exposure on the bridge, which was the only portion of the vessel above water. The rescued men are the second mate and two firemen. They were taken to Trepassay by the rescue steamer Ingraham which was sent out from the harbor to the scene of the wreck early to-day. They are in a serious condition, and physicians expressed doubt whether they would recover.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made. Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, infantile, bronchial asthma or winter coughs. To make this splendid cough syrup, pour 2 1/2 ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste. Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes. To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The above results indicate, contrary to prejudicial opinion, that our beverage has a perfectly normal composition. It is produced from an infusion of pure MALT and Hops. Owing to the nature of its constituents, such as sugar proteids and mineral phosphates, the beverage offers a food of considerable nutritive value. It's slight contents of alcohol and lactic acid make it a beverage of distinct stimulating properties and of high digestibility. The value of this beverage, from a dietetic standpoint, is due to its adoption of a special pure cultivation process and the most careful hygienic methods during finishing.
