Lewisburg, Pa.

FRIDAY MORNING, SEPT. 23, 1859.

ADVERTISE!—Manufacturers, Merchants, Mechanics, Public Officers in City and Country, Professional men who wish to buy or sell—would do well to examine the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the State.

☞ **See New Advertisements.**

☞ To accommodate ourselves in printing paper books for the Supreme Court, we issue our paper a day in advance.

☞ The last case tried in our Court, last week, resulted in a verdict for Pfl for part of his claim. Judge Jordan left on Friday. Some business was afterward transacted by the Associates.

THE ILLINOIS STATE FAIR closed at Freeport on the 9th inst. No less than 25,000 people were on the ground, and the receipts for a single day amounted to upwards of $5,000. At the steam plowing exhibition, on the 7th inst., Fawkes' machine plowed an acre in eleven minutes. The number of Agricultural Implements was larger than at any previous Fair, which speaks well for the progress of invention in this department. The premiums awarded were extremely liberal, amounting to $16,500. We are indebted to Messrs. JUDSON & M'CLURE, of the *Freeport Journal*, for their DAILY issued during the Fair, which was read with interest by Freeporters in this region.

"COL. WM. RITTER," we see announced in some of the papers as a Democratic candidate for Assembly in the Union district. Some think it is a chance for "Col. Ritter" to get up an opposition to our old friend, W. L. Ritter, who keeps one of the best hotels in all the town of New Columbia—who has dispensed the most spirituous Democracy, lavishly, for years—and who received a three-fourths vote in the Convention of this county. Probably it was a mistake in the Telegraph, or some Printer, tho' we never before heard that "Bill" was a "Colonel." These paper Cols. are getting so common that we are tempted to throw up our commission.

☞ On Wednesday, 14th inst., a new brick house of worship erected at White Hall, Montour Co., 35 by 45, with a recess for a pulpit, was *paid for*, furnished, and dedicated to Almighty God. On Thursday a church, to be called the White Hall Baptist church, was organized with in its walls. Sermons by Messrs. Miles, Spratt, Joshua Kelly, Mirick and J. A. Kelly.

—On Sunday week, the Methodist house of worship, in Mooresburg, was re-opened, after sundry improvements. Sermon by Rev. T. M. Reese of Lewisburg.

☞ We observe that one of our editorial cotemporaries was called upon to address a Sunday School Celebration; and in the next column of his paper announcing that fact, appears a Circus Advertisement! In our opinion, a Circus in any community, more than neutralizes the labors of pastor and Sabbath school teachers year by year. Better give up praising Sunday schools, or advertising Circuses, neighbor. "Ye can not serve God and Mammon."

☞ Our friends in Snyder county held a most encouraging meeting in the Court House, Middleburg, last Tuesday. Hon. John W. Killinger, Congressman elect, made an excellent speech, to a very full and attentive audience.—Judge Graham, on account of severe illness, was unable to attend Court. Judges Middleworth and Mengas held Court Monday, Tuesday, and Wednesday, there being much criminal business on hand.

☞ The 18th Annual Convention of the Ev. Lutheran Synod of East Pennsla., commenced at Harrisburg, 17th inst. Lewisburg is represented by Rev. R. A. Fink and Mr. John Hertz. Introductory sermon by Rev. E. W. Hutter, of Philad. Rev. Daniel Stock was chosen President; Rev. E. S. Henry, Treasurer; Rev. R. A. Fink, Secretary. The next session will be held in Sunbury, 3d Friday in Sept. 1860.

☞ REMEMBER.—Our Ticket has TEN names—2 Johns, 2 Williams, 2 Samuels, 2 Thomas, 1 Robert, and 1 Conrad—TEN—all may be voted on one slip.

Last year also we had TEN—5 Johns, 3 Williams, 1 James and 1 Andrew—and ALL were elected.

Let the TEN all "go through" in like manner this year. Let us win a clean, old-fashioned victory!

☞ The Hero Pacificator, WINFIELD SCOTT, is to be sent to the seat of difficulties on our North-Western coast. Thus has it been for forty years: in times of greatest trouble, our government appeals—and not in vain—to that greatest of living Warriors and true Statesman. In time of peace, they reject him for a Franklin Pierce!

☞ Last Monday evening, an unsuccessful attempt was made to break into the store-room of John Walls & Co.

We have never known or read of so much thieving and house breaking as at present. It is a sure proof that there are very many people, out of employment, and suffering for the wants of life.

☞ The Selinsgrove *Times* has revived the falsehood that Mr HAYES "voted $200 extra pay into his pocket." Any one who will look at page 501 Journal H.R. 1848, will see that *both* Messrs. Hayes and Witmer voted fair and square *against* the $200 extra compensation. Look and see!

☞ The Lewisburg Eagle Flouring Mill was bid up to $6,000 last Thursday, when the sale was postponed.

☞ The Nancy *Luminary* refuses to support Mr. Pettriken for Assembly! There is a "right smart chance" of being a Member up there from the incompetent and personal animosities of our friends, who seem to care more for private jobs than for the public good. Not orthodox!

☞ All in this vicinity specially interested, are directed to the call for the re-organization of a Teachers' Institute to-day (Saturday). Their importance is not, generally, sufficiently realized. Commence with the *first meeting*.

☞ The Equinoctial Storm, this month, is noticed from Boston to Abilene, and so far West as Cincinnati. The wind was somewhat destructive at sea, and there were floods on the Potomac and other rivers.

☞ We hope nobody will "skip" that little Review of the Democratic Platform on the opposite page on account of it being so short!

Attend to the Candidates next week.

☞ Mr. ABRAM D. HAWN of Lewisburg has become stated supply of the Presbyterian congregations at Shamokin and Treverton.

☞ Clarke, who the Ledger tells Horace is a "certainty" candidate for Governor of New Jersey, declines being "used" that way, but goes for Olden.

☞ John K. Carey is appointed P.M. at New Columbia, Union county, Abe. G. H. Ratfield, resigned.

☞ Battalion, at Harleton, to-morrow Encampment, at Middleburg, next week.

A GOOD NOMINATION.—Upon the people's ticket in Union county, we see the name of Mr. JOHN RITTER for Prothonotary, &c. Mr. Ritter is a very worthy person for the said office, and we hope that he will be triumphantly elected. He possesses all the requisite qualifications necessary. From the list of elected which Union county may well be proud.—*Coleraforest*.

Middleburg: ANDREW J. PETERS, Editor.

☞ Be Assessed before Sat. 1st Oct.

Joseph W. Coke, of Pottsville, has purchased from F. W. Hughes, Esq., of the same place, the extensive farm above Sunbury, known as the Scott Farm, for the sum of $10,250. Mr. Hughes recently bought it from Mr. Silver of Philadelphia, for something over $7,000.

We see in a Pottsville paper that the dead body of a man was found on Tuesday of last week on the Turnpike below Schuylkill Haven, which proved to be a man named Cabel, a resident of Shamokin Tp. The Pottsville paper gives the name as Charles Gabel, but we understand that it was Christian Cabel, a man of intemperate habits, formerly proprietor of a tavern near Shamokin. The body was removed to the Alms House, where an inquest was held upon it by B. Delong, Esq. A verdict was rendered that the man came to his death from natural causes. Upon his body was found a draft for 320 acres near Sunbury, and other valuable papers.

Frederick Fox, of Turbutville, has this year produced a potato weighing two and a half pounds.

ST. LOUIS, Sept. 17, 1859.—Denver City advices of the 13th inst. reached Leavenworth yesterday. The returns from Denver City and Auraria of the election on the 5th give a majority of 965 against the State Constitution, and in favor of the Territorial organization. The returns from the mountain districts are not received. Large numbers of miners were leaving the mountains for the valleys in consequence of the prevalence of snow storms.

Lieut. Gen. Scott has taken passage in the steamer North Star, which sails on Tuesday for Aspinwall. The veteran Commander-in-Chief proceeds to the Island of San Juan, agreeably to instructions from the Government, with a view to look after Gov. Douglas and Gen. Harney. Col. Thomas, Assst. Adj. Gen., and Col. G. W. Lay, private secretary, accompany him.

TORONTO, Sept. 16.—All departments of the Government are now moved to Quebec, the future seat of the Government. The Governor General left yesterday.

NEW CORN.—In Casper county, Indiana, this year's corn has been already brought to market, a solid, well matured grain, probably the earliest growth and gathering of corn ever noticed in Northern Indiana.

The Illinois State Journal is informed that sales of corn in the field have been made to some extent at $5 and $6 per acre.

ANOTHER FIRE.—Our citizens were startled again by the cry of fire, on Friday afternoon last, which proceeded from the burning of a pile of manure, at the Livery stable of Mr. Wilhelm. The manure was doubtless set on fire by some children playing with matches, and was discovered in time to prevent a destructive conflagration. Children should not be permitted to carry matches in their pockets as is too often the case.—*Miltonian*.

It is now said the Great Eastern would make a trial trip the 6th, and if practicable start for America on the 20th Sept.

Letters have recently been received from the Hon. C. R. Buckalew, which state that since his residence in Quito, his health has been perfectly restored, that he has not been sick a day since he sailed from New York, and he has gained over twenty pounds in weight since his departure.

Three men by the name of John Cohan, Wynn Bonnel, and Jacob Horack, have been arrested in Lock Haven, and committed to prison for passing three dollar Bank notes on the Bank of Wilmington and Brandywine.

N. Brewer, of Williamsport, has invented a gun which loads itself by simply turning a lever, and by which forty-five loads may be fired in rapid succession.

Orders have been issued to the effect that no military encampment will be held in Centre county this fall.

Leigh Hunt, whose father was an American, died recently in England, aged 75. He was a noted English author.

On last Saturday evening, as the Western stage was making the turn on leaving the Post Office in Bellefonte, it by some means became overturned. Being loaded both outside and in with passengers, there was a "miscellaneous spill." Among the other passengers there was a large rattlesnake, which was being brought to town as a curiosity. In the fall, the box containing his snakeship was broken, which let him at liberty among the "scatteriee-finished" passengers, who shortly put a period to his existence. Some of the passengers were slightly injured.

Mr. OLDS, an old-line Whig, has been agreed upon by the Republicans and Americans of New Jersey as their candidate for Governor. The Locos have nominated Gen. Wright as their candidate, and also have put a Mr. Clark in the field as a "straight" American, in the vain hope of finding the O. position.

A Louisiana paper, in recording the death by lightning of "two likely negro men," says: "The electric fluid of the clouds seems to be no respecter of persons. It would as soon kill a *negro, worth fifteen hundred or two thousand dollars*, as a *poor white man*, not worth the powder and lead that it would take to blow his brains out." The negro seems to be held high above poor white men, by the Southern Democracy.

We heartily join in the wish expressed by a number of our cotemporaries, for the success of Col. W. W. Brown, editor of the Centre *Democrat*, who is the People's candidate for Treasurer of Centre county. The Col. has labored hard for Americans-Republican principles, and merits even a better office. We sincerely hope he may be elected.—*Muncy Luminary*.

At the late Term of the Centre county court, A. J. Yeager was convicted of an attempt to kill a man named Richards, by shooting, and sentenced to nine months in county jail; Chas. Walters was convicted of poisoning a team of horses, one of which died; sentenced six months.

Encampment at Lewistown, this week.

Teachers' Institute.

All Teachers, Directors, and others who are desirous of forming themselves into a Teachers Institute for the coming winter, are especially requested to be in attendance at the new school room, (Smith Hall) in Lewisburg, on Saturday, the 24th inst., at 2 o'clock, P. M., for the purpose of organizing. A full attendance is desired.

Mr. D. M. Cook, of Mansfield, Ohio, is now engaged in the manufacture of a kind of aerial sail, which is intended to be used to guide the air. He says he intends to navigate a balloon to Saratoga, thereby testing its powers, and returning the same day to Cincinnati. We think, for our part, building a balloon to go to Saratoga and return the same day is rather a big undertaking, and that no person in his right mind would attempt it. If Mr. Cook succeeds in making the trip as he says he will, he will have accomplished a feat which will astonish the world, and will be entitled to the credit of having invented a most valuable article at very low prices. Call and see.

CONSUMPTION CURED.

We think the following letter from a respectable citizen of Mississippi will answer the question, and all doubts from every unbiased mind:

GRENADA, Miss., January, 1858.

Dr. SETH S. HAYES, Baltimore, Md.—Dear Sir: I take great pleasure in informing you that I have been entirely cured of Consumption by the use of your Balsam of Wild Cherry. I had been afflicted with that disease for about two years, and had become so reduced that my friends and myself thought that I could not live but a few months. I had tried many remedies, but they all failed to relieve me. I was induced to try your Balsam, and after using one bottle I found myself much relieved. I continued its use, and after using three bottles I was entirely restored to my former state of health. I am now in the enjoyment of perfect health, and can recommend your Balsam to all afflicted with Consumption, as the best remedy that I have ever used.

THOS. CALDWELL.

No person who is suffering from Fits, or Spasms, should neglect sending to Dr. Hayes, after this, for a supply of his inestimable medicines. His prices are as follows: one box $3; two $5; twelve $20—sent by mail free, on the receipt of a remittance. Address Seth S. Hayes, 108 Baltimore street, Baltimore, Md.

THE OXYGENATED BITTERS.

For the cure of Dyspepsia, Indigestion, Liver Complaint, Nervous Affections, Fever and Ague, Fever and Chills, Intermittent Fever, Jaundice, Dysentery, Diarrhœa, Colic, Flatulency, Loss of Appetite, Nausea at the Stomach, Headache, Dizziness, Sour Eructations, Sick Headache, Pain in the Region of the Kidneys, and all diseases arising from a disordered state of the Stomach or Digestive Organs.

These Bitters do not contain Alcohol in any form. Rum, Whiskey, Brandy, Gin, or Wine, in the preparation of their compound, but are entirely free from all intoxicating liquors, and can be taken by the most delicate female, or by children with perfect safety. In cases where a stimulant is required, a wine glass full may be taken three times a day, which will be found sufficient for the most confirmed case of intemperance.

In the treatment of the many cases of disease for which this Bitters is held to the public confidence, from the important results which have followed its introduction to the notice of the afflicted, it has become necessary to publish only a few of the many certificates of cures which have been effected by its use. The following is from a gentleman well known in the community in which he lives, and we ought to satisfy all those of its truth.

WAYNE, PA., N. Y., July 25, 1858.

S. W. FOWLE & Co., Boston.—Sirs: Nine years since I was attacked by that curse of all diseases, Dyspepsia, which continued increasing in violence for nine years, in spite of all the remedies I could procure, and I procured and tried almost every one that was recommended. I will not enumerate them, for it would be tedious, but will say that I tried regularly the advertised remedies of the day, and besides, for nearly two years, consulted the most eminent physicians in the country, all to no purpose, and was finally given up by them as incurable. I was induced to try your Oxygenated Bitters, and after using one bottle I was entirely relieved from pain, and after using three bottles I was entirely cured, and I have a pleasure in recommending them to the afflicted, as I was myself in a most deplorable condition.

There is at the South and in some of the great cities, a secret oath-bound society, called the "Knights of the Golden Cross," designed to push Slavery towards the South. Its proceedings have as yet defied all efforts to call forth to the light of day.
