

UNION COUNTY STAR & LEWISBURG CHRONICLE--SEPT. 30, 1859.

Lewisburg, Pa.

FRIDAY MORNING, SEPT. 30, 1859.

ADVERTISERS--Manufacturers, Merchants, Mechanics and others in City and County, Publisher--all who wish to buy or sell--should do well to employ the columns of the "Lewisburg Star" for advertising their goods and services in a country containing a large proportion of active, solvent producers, consumers and dealers, as many in the State.

See New Advertisements.

We observe New Goods at WALLS, and at SCHREYER'S.

A communication from New Berlin is delayed. After next week, we shall throw out the Election and Fair advertisements, and thus give more Literary, News, and Miscellaneous matter. The ladies and children must let the politicians have their say for one week yet.

More of the "Declining Party."—Since writing our flattering notice of all "The Candidates," we are informed that Col. Gross of Limestone, declines the complimentary Leesonian nomination for Auditor. We do not learn the reason, but suppose perhaps he does not come up to the high standard required by the platform upon which he was placed, and conscientiously retires!

War has again broken out between China and England, and the British have suffered some losses. The Great Easternship was progressing finely, but the explosion of a steam funnel was very unfortunate, killing five persons, wounding others, and incurring a loss of \$20,000. The majestic vessel was not even strained by the explosion, and promises much. The accident will delay her arrival at Portland.

About midnight of Friday last, a stack of hay belonging to Abraham Walter, of Limestone Twp., was burned down. Another stack within a few feet of it, being wet by the previous rains, was, by the timely aid of Mr. Walter and his neighbors, preserved from destruction. It has been conjectured that the fire was intentionally communicated.

The Argus says, "the other papers of the county are paid by the Sheriff for publishing the Election Proclamation. This is a mistake. The County pays it, in one paper only—the Star & Chronicle, in which alone the Sheriff directed its publication officially. (How about the P. O. Advertising, which the law directs to the paper having the largest circulation?)

CATAWISSA, WILLIAMSPORT & ERIE RAILROAD CO.—The gross earnings of this road for Aug. 1859, were \$24,135.69. Pedest rent of roads, \$4,792.29.

Leaving net earnings, \$21,343.40. Net earnings Aug. 1858, \$17,931.43.

Increase, 25.3 per cent., 4,311.97.

Six Companies were at the King's Encampment, Middlebury, on Tuesday, and more were expected. Gen. Wm. H. Keim, of Berks, was present, reviewing, and making friends as he does wherever he goes.

The Supreme Court meets at Sunbury, Tuesday next. There are 38 cases on the list. We have printed 15 or 20 books for it, which have kept us very busy, and hindered somewhat our attention to our paper.

We are informed the Lewisburg University and Female Institute re-opened last week with unusual promising prospects. A large proportion of former students have returned, with an encouraging number of new ones.

The Equinoctial Storm of Sept. 1859, covered a period of eight days in all. Fine weather since Sunday, which the farmers are using industriously for securing the balance of their corn.

A NEW COUNTERFEIT.—Very dangerous counterfeit five dollar bills on the part of the Bank of Philadelphia, has succeeded Judge Strickland, as Editor of the Pennsylvania, which is thought to be a "decided" concern.

A grand celebration of the opening of the west end of the Sunbury and Erie Railroad took place at Union Mills, Crawford county, on Thursday.

Stephen A. Douglas, thinks that less than fifteen thousand slaves have been imported into the Union within twelve months. He saw more than three hundred newly-imported slaves in Vicksburg, during his recent Southern tour, and as many at Memphis.

The Fancy Store of Swenk & Sticker, Milton, was entered on the night of the 20th inst., and robbed of a large quantity of fancy dress silks, mantillas, velvet ribbons, &c., amounting to five or six hundred dollars. Entrance was gained into the cellar, and the fastening of the door, between the store and the cellar, was forced off.

The Bloomsburg and Lackawanna Rail Road from Danville down, is finally determined to come down on this side of the river, and intersect the Sunbury and Erie Rail Road at Northumberland, making Northumberland the terminus. It has been told that the foundry and machine shop is to be located there. If this be done, that hitherto quiet place will assume a different aspect.

The fine row of frame houses, erected on Fawn street, Sunbury, by E. Y. Bright is finished, and will soon be ready for occupancy.

Are You ASSESSED?—If any of our political friends lose their votes by neglecting to have themselves assessed in time, it will not be our fault. We are bound to remind them of the duty, and to ring the alarm in the ears of lazy and careless voters, "GET ASSESSED." If you have not already discharged this duty, go and do it now!

To-morrow (Saturday, Oct. 1st,) is the last day.

The large new stone bridge, built last year by the counties of York and Cumberland, over the Yellow Breeches creek, was carried away by the late flood in that stream. It is said the entire structure is destroyed.

EASTON, Sept. 23.—The Lehigh and Delaware are both rising rapidly. A serious break in the Delaware Canal at Yardville is reported, forty feet of the embankment being washed away.

Turn out to the Fair!

The last three days of NEXT WEEK are set apart for the Union County Fair. Let all those who desire to see and learn, come and study for themselves. In town and country, let the best specimens of workmanship and of produce be exhibited. None need enter for a premium, unless so inclined. But let every one bring something to show to others.

The past and passing harvest has been unusually abundant and rich. We should have much to exhibit of the fruits of the earth.

The products of skill in every department of labor are easily of exhibition.

Our Society, in consequence of a lack of sufficient interest in the Farmers and others generally, have not been able to secure funds the past year, to complete their improvements. They desire 100 or 200 life Memberships, which can be obtained by the payment of \$10. We hope many will feel disposed, this year, to become Members. It is the cheapest way in the long run, and the money, may, will be of more service than in former years.

COME OUT TO THE FAIR! everybody but loafers—rounds slinking with rum and tobacco—hounmen—and pick-pockets. All such scum are deservedly to be despised by all respectable people, to whom many Everybody willing to learn, and who loves respectably, is welcome.

The Argus needs us for copying the Buchanan Local Platform. It will be a long time, we fear, before we can reciprocate by thanking the Argus for honestly copying, in full, any Republican document.

The amount of building that has been done during the past summer in Lewisburg, does not indicate those awful late times of which the Chronicle speaks.—Argus.

Lewisburg is not all the United States, neighbor. It is supposed, not from minutes, or miles, but from other sources mostly. Much of our building and paving has been done, because there was nothing else to do, and more for the sake of keeping up than for making money. There is no overplus of capital—no scarcity of laborers, and if the Editor of the Chron. would turn house to house through town, he would find the various "property" referred to in the resolutions.

The Argus says, "the other papers of the county are paid by the Sheriff for publishing the Election Proclamation. This is a mistake. The County pays it, in one paper only—the Star & Chronicle, in which alone the Sheriff directed its publication officially. (How about the P. O. Advertising, which the law directs to the paper having the largest circulation?)

CORONER'S INQUIRY.—We are informed by Coroner Haas, that he was called upon last Tuesday night, to hold an inquest on the body of a man named William Bentz, found dead, on the premises of John Smith, of Anthony township, Montour county, about sundown on Tuesday evening. The jury returned a verdict that the deceased came to his death from some cause unknown to them, as no marks of violence were found on his person. He is said to have been a person of intemperate habits.—*Daville Daily Register.*

A fire occurred at Easton, early on the morning of the 17th instant, by which the stabling attached to the United States Hotel was consumed, together with twelve horses belonging to Dan Rice's Circus, mostly tame horses, amounting in value to \$5,000. The elephant belonging to the circus was in the stable, but was rescued.

The Republican State Convention of Massachusetts have renominated Gov. Banks for Governor.

We hope our party friends in Union will have the good sense to stick to the ticket. They have a good one. The Locals have the Prothonotary, already, three years too long. Vote for John Blight, Esq. He is a good, honest, and competent man, poor, worthy, and deserving of the office—beneath your bone, and flesh of your flesh. What can any one gain by voting for his enemy?—*Middlebury Tribune.*

Mr. Baker, a brother of the Collector of the Port of Philadelphia, has succeeded Judge Strickland, as Editor of the Pennsylvania, which is thought to be a "decided" concern.

The following comparison of the vote for Prothonotary in 1856, with the last party vote last fall, shows that while a change of 148 votes only is necessary to elect a Prothonotary, a strict party vote in White Deer or Buffalo and Kelly—in Lewisburg—would turn the majority the other way. This year, party lines will probably be drawn more steadily, in nearly if not quite every election district.
