

# UNION COUNTY STAR & LEWISBURG CHRONICLE--FEB. 17, 1860.

Lewisburg, Pa.

FRIDAY MORNING, FEB. 17, 1860.

**A PAPER**--Manufacturers, Merchants, Mechanics, Public officers in City and County, Publishers, all who wish to buy or sell--would do well to employ the services of the "Lewisburg Star," a newspaper containing a large proportion of news, solvent producers, consumers and dealers, as any in the State.

**See New Advertisements.**

Last Week, at \$1 a Year.

Up to the close of regular Feb. Court this week Saturday--names at \$1 each--may be added to Clubs of 10 or over at \$200 sent me. After that, there must be ten names, and the money, at once, to get our paper at \$1 a year.

**Our Naval Correspondent** ("G," who has been so long absent, has given us another Letter, on file for next week.

**On Sunday afternoon last, Rev. Mr. Mirick baptized four persons in the Susquehanna River, above the Lewisburg Bridge.**

**The heaviest snow of the season in this region fell on Wednesday of this week, giving some hope of a term of sleighing this (Thursday) morning.**

**Attention is invited to the Card of Wm. CAMERON, Jr., who has opened his Law Office on South Second Street, occupied by the late James B. Hamlin. He has abilities which we hope may enable him to win success.**

**We see it stated that Col. Forney has selected as his assistants from Pennsylvania--P. Barry Hayes of Philad., A Jordan Swartz of Reading, and Henry W. Snyder of Selinsgrove--all, we believe, competent and worthy men.**

**That "Timothy Hay" was nearly eaten up by a wild horse in Sullivan county, is no news, if it is a joke. Such things happen every day in Union county, and the "remains" are "in" every highway! "Miss Kitty Clover" would probably be served the same way!**

**In the Report of the County Superintendent on our first page, are two typographical errors. In the 18th line, 1st column, "rye-chop" should read "rye, ches," &c. In 21st line, 24 column, "united" should read "unite."**

**The Danville American hints that we sometimes fail to give it credit for some of its local--"News Items from Other Counties." True--we rarely take the pains to designate the particular journal from which we copy under that head, (as it is generally understood that they are selected from papers in the respective localities,) for we do not think it necessary in ordinary cases. In matters seeming to require it, we intend to give our sources of information. But to attempt to give credit for every little item, would be tedious, and accidentally giving wrong credits in some cases would only make the matter worse. We notice many of ours--good editorials, at times--taken without credit, and have only to say to all who approve them, "Cut and come again."**

**THE LATE GALE.--The New York papers record disasters caused by the gale of Thursday night and Friday of last week. All along the line of the Hudson its track is visible in demolished buildings, unroofed edifices, and unsteeped churches. The damage above Peekskill is very serious, scarcely a village or city escaping without receiving serious injury, either to buildings, green-houses or bridges. In Philadelphia two men were killed by the falling of a building. Along the Sea Coast and throughout the interior much harm was done.**

**New York, Feb. 11.--Rev. Dr. Brown died yesterday, aged 77 years--a native of Scotland, and minister of the Dutch Reformed Church, distinguished for his controversy with a Catholic bishop, John Hughes (7).**

**Answer to last Enquiry--John B. Blodget, and by M. D. Lewisburg.**

COUNTING HOUSE CALCULATIONS.

A thorough knowledge of this subject is indispensable to the young man in my business, yet the only Commercial School in the Union which makes this branch a specialty, having a separate apartment in which is taught with all its abstractions, by a teacher giving it entire time and requiring rigid examination of students every week, is the Iron City College of Pittsburgh, Pa.

**James Moody**, a respectable citizen of Chapman township, Snyder county, died very suddenly on Friday night of the 3d inst. His wife awoke at night and heard him complain of pain in his head, when he soon expired.

**Lecture in Williamsport**, last Tuesday evening, was by Sam'l C. Wingard, Esq. Topic--"Give the Devil his due." It is to be hoped the orator was master of his subject.

**INTERESTING CEREMONY.**--Fourteen persons, three males and eleven females, were baptized yesterday afternoon, in the Delaware, at the foot of Reed Street. The three males were sailors, one of them a Chinaman. Notwithstanding the cold, some two thousand persons were congregated on the neighboring wharves to witness the ceremony. The rigging of the St. Lawrence, lying in the stream off Reed street, was manned by the entire crew, who viewed the proceedings from their elevated positions with deep interest.--*Philada. Ledger*, 12th inst.
