There's Work Enough to Do.

The blackfird early leaver its rest, To meet the smilling meets.
And gether fragments for its meet.
From unland, wood and lawn.
The bary less, that wither its way.
Not seene of varied hars.
And every flower, would seen in say—
"There's work ensured to do."

The cowelip and the spreading vice,
The delay in the creek.
The same area and the valuatine.
French extraors as a race.
The ant, within its carean deep,
Would hid us laber from
And write agen his thry bear—
There a wirk chough to so."

The planets, at their Maker's will, Museupstarl in their cate, For matters is short in assert at III— Progressive as the state. The issues that factor in the sir And Saminet Steer's wee. One second right in the decare— "There's work strongly to do."

Who, then, con sloop, when all around Is active, fresh and from? Is seller, frech and free?
And man - wading which has found
Less bury than the best ?
Our courts, and allers are the field.
It near would rearch them through,
That best the sweets of labor yield,
And work enough to do.

To have a heart for those who weep, The entired framework with. To resome all the children, deep To increasing and side— To help the poor, the hungry feed,

The time is short-the world is wide, The time is vorte-the world a walls, And much has to be flows.

The windrom earth, and all its pride, Will wanch with the sain.

The moments flow in lightning a wings, And life's unserted too.

We've note to ward out foolish things—

There's work chough to do.
