ath afternoon.

The Japanese invasion of the quiet
village of Philadelphia, has stirred our
whilom correspondent "S. H. E." whose
letter came too late for this week. He is
at his old stand, No. 97, Chestnut St. (Please
send us your card.)

Mr. FILLMORE has requested it to
be stated that he has retired from public
life, but his political sentiments remain
unaltered. He would like to see Bell suc-
cess, but it is believed has no hope of it,
and would not object to see all his friends
vote for Lincoln.

Asa Smith, of Station E, 8th Ave-
nue, New York, has issued a printed sheet,
colored, illustrating the approaching Eclipse
of the Sun, 18th July, with much valuable
information respecting astronony. It
will be sent to any address on the receipt
of 13 cents.

A rumor--perhaps originating in a
love of deception--has prevailed along the
West Branch, that the Japanese mouse-
colored gentlemen were this week to visit
Niagara Falls, by the Susquehanna route.
We have not obtained any proof that they
contemplate seeing the Falls at all, when
they pass through New York State or Penn-
sylvania.

Mr. Levi B. Herbst of Lewisburg
has returned from a visit to a brother's in
the Oil regions of Venango county, and
reports active progress there in boring for oil.
It is a wonderfully mysterious trea-
sure which is there being revealed, and
promises great results in enriching a large
portion of country hitherto rather poor,
and in producing light at a cheaper rate.

A large number of Lives of Lin-
coln are in the press, by ambitious pub-
lishers. We advise our readers to wait
and see which is or are best. If the
Chairman of the National Committee, or
Mr. Lincoln himself, would announce what
particular edition is authentic and recom-
mended for general circulation, it would
be very desirable, useful, and perhaps pre-
vent some mistakes.

By far the best artist in the line of
Daguerreotyping, that ever Lewisburg saw,
is Mr. MOWER. We deem it proper to
draw attention to this fact, after having
heard his work extolled, by people from
other towns, as unexcelled by few if any
in our cities. Give him a call, and en-
courage him to fit up rooms in the best
style, and feel himself permanently identi-
fied with us as a citizen.

The People's Party in Lycoming
county have appointed Committees of Vig-
ilance for the several Townships and Bur-
oughs, and called a Nominating Conven-
tion at the Wigwam in Williamsport, Wednes-
day evening, Aug. 22d..... An at-
tempt to form a Republican Club in Wil-
liamsport created a rupture, a portion of
the audience retiring, and the remainder
making an organization. Our party is
now very strong in that rising town, and
to be effective should all drop their for-
mer local and personal strife, and work
together like true men.

Literary Festivities at New Berlin.
The present has been a pleasant week
for the closing exercises of the Union Sem-
inary, which appear to have been very
commendable and entertaining.

The Literary Address, on Tuesday
evening, by Rev. Mr. Walker, was on the
"Harmony of Science and Revelation."

At its close, the Ladies of New Berlin,
through Pres. Hendricks, presented the
Excelsior Society with a complete set of
Prescott's Works.

WEDNESDAY.

Rev. C. Colling, President of Dickinson
College, has resigned his position, to as-
sume the Presidency of a Female College,

A lively Republican Ratification Meet-
ing was held in Milton, Friday evening of
last week--Pollok, Lawson, &c., spea-

kers.

George W. Carpenter of Germantown,
died last week, aged 88 years. He was
one of the very largest land-owners and
merchants of Philadelphia, and was noted
for his enterprise and attainments in the
natural sciences.

Messrs. Hill and Gobin of Sunbury,
have divided their law partnership, and
each "goes it upon his own hook."

Rev. A. Wadleigh, of Money, is about
to undertake a tour in Europe.

Samuel J. Kistler Esq., member of the
Legislature from Lehigh county, has paid
into the County Treasury the sum of two
hundred dollars of his salary, in accordance
with the pledge made previous to his election

that if the Legislature failed to re-
duce the salary of members of the Legisla-

tive to \$500, he would pay the excess of
his salary over this amount into the
county funds.

Mr. Bergstresser presented the Neoc-
esian Society with a portrait of Ex-Gov.
Pollok--and the Society gave a public
Reception and Entertainment, with speech-

es, in their own Room.

Mr. Dust is again penetrating every
open window and door, and insinuating
itself by every crevice, on Market street--

doing more injury to health than all our

medicinal advertisements can cure, and

causing twice as much damage to goods,

wares and furniture as a pleasure-producing

street sprinkler would cost. Can not

some thorough, responsible man be found

to *do with the dust?* and will not

enough persons "down with the dust?" to

pay him? What idle men, or men, with

little to do, will undertake it? A little,

from all interest, will be sufficient.

Mr. Reinhart, in Penn's Valley, and made a

purchase of some six head of cattle. They

stated that they were butchers and owned

a large amount of real estate in Lock Haven.

They agreed to pay five cents a

pound for the cattle, making \$275, paying

\$70 when they took the cattle away, and

the balance in a short time. Mr. Reinhart

has since learned that they now own

property, are not butchers, and that they

sold the cattle for four cents per pound.

Upon these facts he made complaint

against them for swindling, and on Friday

last, Sheriff McCoy arrested them, and

they gave bail for their appearance at

Court.

Mr. Clement's steam ferry and tow boat

makes regular trips from Sunbury to the

Snyder county side of the river, having a

wharf on both sides.

Messrs. Wm. Clark and John Waller,

Jr., are nominated for Assembly by the

Republicans of Dauphin county.

A terrible tornado visited Clarion county,

in this State, on the afternoon of the 20th ult.

Houses and barns were over-

turned, and a number of lives were lost by

being crushed in the falling buildings.

Many of the persons were blown to pieces

and the furniture scattered about.

Seventeen slaves, set free by the will of

the late Dr. Lynd, of Princeton Avenue Co.,

Va., left for Philadelphia last week.

We regret to learn that the fly is doing

considerable damage to the wheat in the

lower end of Lycoming county.

The Supreme Court of Pennsylvania deci-

cided that a telegraph company must send

the message given them, and allow no

objectional amendments on the part of any

of their officers.

In a recent election held in Turbyville

for the purpose of determining the place of

holding the elections in that place. The

Eagle Hotel received 146 votes, and the

Union Hotel, 70 votes.

In Washington county, Pa., a few days

ago, Wm. Woodson, who is said to be

worth \$100,000, was convicted of borg-

stealing, and sentenced to one year in the

penitentiary.

On Monday last, a man, who gave his

name as Robert Clark, was arrested near

Tamworth, brought to Bloomsburg and

lodged in jail, for stealing a horse, be-

longing to Rudolph Shuman, of Main-

ville, Columbia county.

We see it stated in one of the Wilkes-

Bart papers, that Robert Shay, convicted

not long since of the crime of homicide,

has been appointed a sub-jailer by the

Sheriff, and is even permitted to leave

the precincts of the jail and visit the sal-

lons. This is a culpable remissness on

the part of the Sheriff, which should re-

move the public mind from the idea of

any leniency in the case.

Sterling Edricks, aged sixty years, a

resident of Bolivar, Westmoreland county,

Pa., was killed last week on the Pennsyl-

vania Central Railroad, whilst chasing his

cows off the track.

The Big Mountain Coal Breaker at Sha-

mosk was destroyed by fire on the 28th ult.

It was occupied by Joseph Bird,

and is a wonderfully constructed

edifice, six stories high, and 100 feet

long, and 50 feet wide.
