SPRING PURIFIER. E warm spring weather succeeding the bracing atmosphere of winter, relaxes the entire muscular system, including that great muscle, the heart; the circulation of the blood becomes sluggish and irregular, not being propelled as actively as nature require through the lungs, there to exhale or cast off its impurities and become oxidized and puri-fied: a fulness of the blood-vessels ensues, attended with dull, drowsy, languid feelings, and frequently dizziness and vertigo; the blood becomes loaded with corruptions, which sometimes finds a partial vent in humors and eruptions of the skin, and the liver partakes of the general inactivity of the system. Dr. DAVIS' DEPURATIVE quickens and equalizes the circulation of the blood, cleanses it of all morbific matter, stimulates the liver to digestion, and communicates remarkable energy to all the functions.
