FRIDAY MORNING, JULY 6, 1860.

ADVERTISE.—Manufacturers, Merchants, Mechanics & Public officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the State.

WEDNESDAY, JULY 25.

Forenoon—COLLEGE COMMENCEMENT.

☞ Wheat harvest in this neighborhood commenced this week.

☞ C. S. Swineford, late of New Berlin, is admitted to the practice of law in Tipton, Cedar Co., Iowa.

☞ The Lebanon *Courier* and the Middleburg *Tribune* are indulging in the luxury of new type to print good Republican doctrines with.

☞ The brisk wind and shower at Lewisburg on Friday afternoon last, became a storm at Sunbury, prostrating trees, partially unroofing the Lutheran Ch. edifice, and doing other damage.

☞ Read the Platforms on our first page, and file this paper for future reference, or cut out those three columns and paste or nail them up where you can keep them. Compare what the Republicans say with what all their opponents do or do not say.

☞ Mifflinburg is now supplied with a Mail every evening, after the arrival of the mails by cars at Lewisburg—returning mornings in time for down train.....The new contractor for Lewistown starts out of Lewisburg with a newer and more comfortable carriage.

☞ The 4th of July this year was an unusually hot, sultry day. The general programmes for the various Celebrations were carried out, with usual satisfaction. Lewisburg had a fine literary treat at the Hill, and was also represented in most or all of the neighboring towns—but neither time nor room will allow us to particularize.

☞ The Sunbury *Gazette* notices cherries of Dr. Musser which measure "nearly three inches." Ellis Gundy, of East Buffalo, presents us a quantity of Napoleon Bigareaus measuring 3¼ inches, and Wilson Linn reports them 3½ inches. They are of a very pleasant, sub-acid taste, and if a little larger could afford "two bites to a cherry."

☞ This week, the Sunbury & Erie Railway Company took entire possession of their line of road, making a complete change in the conductors, agents, &c. along the line. John E. Forster of Harrisburg has charge of the Lewisburg station. The control of the Northern Central Road now ceases at Sunbury, the Catawissa at Milton and the Elmira at Williamsport—the S. & E. running from Sunbury to Lock Haven.

☞ The Lewisburg Steam Saw Mill and Boat Yard, with the lots adjacent, were bid off on Monday, for $18,300, to Philip Billmeyer and Henry Frick, of the late Firm of Wm. Frick & Co. As the Yard has been unusued for a year, to the serious detriment of business in general, we shall all look with interest for a resumption of the large and prosperous operations in that quarter.

☞ The Williamsport *Press* states that the Opposition party there are now well and completely united—a fact which we shall be most happy to see verified at the ballot-boxes. [By-the-by, the new paper, the *Bulletin*, we find is a Republican sheet. This makes *four* Lincoln papers in old Lycoming (not one for Fremont, we believe, in 1856)—each able and capable of exerting an influence which should swell our vote there to a round majority.]

☞ On Tuesday last, a despatch came along the Telegraph that the Niagara, when 80 miles out, having broken a shaft, was compelled to return to New York to be repaired, and that meantime the Japanese it was rumored would pass through Pennsylvania to Niagara Falls, returning via Albany. As Wednesday's papers do not confirm this report, we deem it a fabrication, designed to deceive the people. Do those who design or aid these impositions ever reflect how they not only injure the character of the Telegraph and all connected with it, by destroying its reliability, but also impair its finances?

☞ The *Williamsport Daily Times* is a neatly printed, five-column paper, started, by BOWER & FITZGERALD, this week. It is an enterprise of no small magnitude to keep up a daily paper, but if sustained it will be a decided advantage and credit to the place. It *can* be sustained if the people of Williamsport make it a common interest, and especially if the rich men and the business men *put their hands in their pockets*, and give SUBSTANTIAL AID (and not mere good wishes or empty puffs) to those who risk their all for the paper. The Publishers alone can not sustain it—a little from the many who are able may ensure its success. Williamsport should take pride in making their first Daily a healthy, creditable institution, and not a burden or a failure.

The great Comet that visits our System every three hundred years, is in sight on the Northern horizon. This is the same Comet that spread such consternation throughout Europe in 1556.

☞ The split of the Democracy widens. The old Jackson Committee at Washington is dissolved, and two hostile committees are hard at work.

Sixty out of the 100 members of the Democratic State Committee of Pennsylvania met in Philadelphia, last Monday, when the Breckenridge men, being greatly in the majority, passed a vote that both wings unite on an Electoral Ticket, to vote for Doug. or Breck. if it would elect either; otherwise to vote as the Electors saw proper. Douglas men protested against this, as they will have no part with Nullifiers and Seceders—and the bargain could only help Breckenridge, who will get some Electoral Votes in the South, whereas Douglas can get none in all probability.

In this State, Breck. has the advantage in office-holders, and Doug. among the rank and file. The papers that meet our eye are about equally divided.

☞ The Japanese started homeward last Friday, taking a peep at the Great Eastern as they passed it, and doubtless wondering much they had not seen it before, or—if knowing whence it came—impressed with the belief that Great Britain is "a sight" bigger than the United States, after all....The cost of admission to the Great Eastern is advertised at $1 for adults, and 50 cents for persons under 12 years. Too high charges to be popular.

☞ Franklin Pierce and Daniel S. Dickinson at the North, are among the notables that take ground for Breckinridge against Douglas. With them are thousands of lesser lights and strong party newspapers. The Maine and Michigan Democratic Conventions pronounced for Douglas, and the last-named State refused to invite her own citizen, the venerable Gen. Cass, to a seat on their platform. So strong is the party hatred now raging.

The Democracy have yet no candidate for President, legally nominated, for they solemnly declared no one should be so considered unless he had a two-thirds vote of the whole Presidential College, and neither Doug. nor Breck. had that, even after admitting their bogus delegates.

SORROWING WIDOWER.—A fellow, living on the Indianasbure of the Ohio river, near Vevay, having recently lost his wife crossed in a boat to the Kentucky side, visited a grave-yard, and stole a tombstone, which he placed over the remains of his lamented better half.

The negro servant girl of Hon. Beverly L. Clark, recently left her mistress, while in New York City, and claimed her freedom, as she had a right to do. Thereupon a howl of indignation arises on the part of Democratic newspapers.

Col. Fremont will not allow any man in his mines or mills to carry weapons, and hence the marvellous peace and quiet that, after such terrible threats of explosion, have settled down on Bear Valley.

"FizPatrick," a descendent of howly Saint Pathrick in the forty-leventh degree, was nominated to run with Douglas, but declined. But the party will "get Fiz" without the Patrick.

Nathan'l Holmes, nominated for Lieutenant Governor by the Beleverett opposition of Missouri, declines the honor because he is a Lincoln man. Lincoln takes more than half the opposition in Missouri.

Tod in German means *dead*. A Mr. Tod, of Ohio, was the presiding genius of the rump of the bogus Democracy which opposed Douglas to the popular inspection. That name is a bad omen.

The Canandaigua Repository, Francis Granger's old mouth-piece in Ontario Co., N. Y., and a warm supporter of Fillmore, has declared for Lincoln and Hamlin.

The Genesee College has bestowed the honorary degree of M. A. on Rev. Peter S. Worden of the Susquehanna Seminary at Binghamton, N. Y.

Pekin, Tazewell county, Ill., numbers 5023 inhabitants.

The tornado in Camanche, Ill., made 830 persons houseless.

Congress this year was seven months in session, and were all glad to get home.

☞ The attention of all Tax Payers in Union county is affectionately invited to the following little hint how to save some money and avoid paying interest:

NOTICE

To Tax Payers and Tax Collectors.

AN Abatement of 5 per cent. will be allowed on all State Taxes paid in prior to the 9th day of July; and under the same Act, all *unpaid* Taxes are chargeable with 6 per cent. interest, and be a lien on the property so taxed until paid.

Messrs. Jenkins & Smith:

Gentlemen—Since graduating at the "Iron City," three years since, I have had no difficulty in obtaining constant employment as a Book-Keeper; and when asked for evidence of my ability, I have only to refer to my Diploma. No other testimonial is required here, as to one's ability as an accountant, than assurance of the fact that he is a graduate of the Iron City College, Pittsburg, Pa.

THE OXYGENATED BITTERS.

Dyspepsia, Indigestion, Heart Burn, Water Brash, Sour Stomach, Jaundice, Flatulency, General Debility, &c., find a ready relief and speedy cure in this great remedy.

THE OXYGENATED BITTERS

Are believed, by many who have been cured of the above complaints, to be the only medicine which the materia medica affords for their infallible cure. It is not an alcoholic preparation, which, while giving a momentary stimulus, reduces the system in the same ratio; but one distinct and different from any medical preparation ever compounded, and which will, in most cases, extract the disease by the roots and restore the patient to pristine health. In proof of which, testimony of the very highest and unexceptionable character is presented.

RELIABLE TESTIMONY.

We call the attention of the reader to the following letter from President Smith, of Wesleyan University.

MIDDLETOWN, Conn., Feb. 28, 1859.

Messrs. SETH W. FOWLE & Co.—Gentlemen: I first made use of the OXYGENATED BITTERS some seven or eight years since. Having suffered for twenty years from a form of Dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia, as most persons. These Bitters have always been of service to other members of my family. Very respectfully yours,

AUGUSTUS W. SMITH.

☞ The Lewisburg Presbyterian S. S. take their annual pic-nic excursion to-day, in Cameron's Grove.

THE GREATEST POINT of Physical Health, and mental comfort can be obtained if we only seek for it. No matter how broken down one may be with either Consumption, Asthma, Bronchitis, Liver Complaint, Diseases of the Heart, Cramps, Colds, Nervous Affections, or what is termed General Debility, a remedy of a pleasant and certain character can always be commanded. Let nobody say that any of these maladies, in their most appalling stages, cannot be cured, for they can. Thousands in the United States can fearlessly testify to this truth, and offer themselves, and their experiences, as evidences. With the spread of intelligence to all quarters of the globe (thanks to steam and the magnetic telegraph) comes a corresponding acknowledgment of truths which were hitherto concealed beneath the rubbish of traditionary ignorance. People no longer believe that they must be destined in the sunlight to gallwell. They now feel assured that no case of physical suffering (of course excepting such cases as are the result of accident and direct injuries) is hopeless. Nothing has done more to excite astonishing this last fact than the almost magic life preparation by Dr. O. Phelps Brown called the Arcadian Balsam. "It is a great medicine," writes one of the prominent members of the National Assembly; "I have witnessed its benefits in many cases, and am truly thankful that so grateful a panacea has been discovered." It strengthens and invigorates with the first dose. It revitalizes every part of the system, clearing out impurities, giving strength for weakness, thus following for supporting Nature with unbroken, thankless fortitude, gratefully for support. It is, indeed, an "Balsam of Life," and as such it must be prized by the people at large. A large bottle of the Arcadian Balsam can be obtained for $1. Sold by J. BAKER & CO., Lewisburg, and Agents. Also, specimen bottles, price 25 cents each, may be obtained as above by all who wish to give this remedy a trial.

GREAT CURE OF SCROFULA.

This is to certify that I am a highly respected member of the town of Francis, of this shining evidence of the great superiority of the Depurative over the numerous and pretentious Nostrums, as well as the various other Sanatives in general use for scrofula.

CURE OF DANIEL P. MOORE.

EAST BRADFORD, Chester Co., July 21, 1851.

DR. WM. A. DAVIS—Respected Friend: I received a letter from there a few days since in which he wished me to give them a correct statement of the case from the first attack. He was taken in the fall of 1850, when in his 18th year, with severe pain in his hip and thigh, and was confined to the bed for five months. In the course of that time, in other forms on his thigh, which discharged a great deal of bloody water; the sinew of his other leg then commenced swelling, and was very painful; his leg and foot were twice their natural size; very sorry I am to say, I could not see him, as I was then on a general journey of this nature. His physician informed me that he was in a very precarious state, and unable to walk the floor. He then took five bottles of your Depurative, which restored him to health, and he was able to work on the farm. He then took two bottles more, which were very painful sores, and pieces of bone were frequently discharged from the sores, and he was entirely restored to health, and has remained so ever since. He is now about 28 years of age, and a stout, healthy man. I am satisfied that your Depurative saved his life. He then took five bottles of your Depurative, with out any effect. We never applied to a physician for him. Your Depurative is a great blessing to mankind, and will cure where all others fail. I am, dear Sir, yours, with respect and esteem,

ELIJAH MOORE.
