It should obviate the objection, often made by defeated candidates or friends, that they have been betrayed or wronged-a charge which, from the round-about way of nominating, and the secret acts of delegates, has often created dissatisfaction resulting in defeat. This mode of voting directly—called the "Crawford County System"—has been tried with increasing approbation in many counties. We recommend our fellow-citizens to give it a fair test, and judge whether it is not more just and satisfactory to all reasona-ble men than the conventional caucus mode. We also urge a prompt attention to the hours named—a strict scrutiny of the right to vote of every person offering—and an honest and prompt return, so that no one can have any
