REMEMBER! We will send the Star & Chronicle from the present time to the close of the Campaign for Twenty-Three Counts. Send on the price, please!

Mr. Tom Trick offers his very desirable Real Estate at Public Sale. See Ad.

Senior Senator has gone to visit the home of his highest and to "see" and "saw" at divers "times and things". He will return as soon as he "gets through" the particular time, however, is uncertain.

A matter, which was seen by a number of our citizens, passed over this place, on the evening of the 6th inst., about half past twelve. Had it passed later in the evening, it is supposed that it would have excited a lively interest in the town.

Six Struck.—Saturday last, a young woman from the country walked rapidly to Lewisburg, a distance of about four miles, to do some shopping. She reached her destination, but had scarcely done so, ere she sank exhausted beside the counter. The proper remedies were applied immediately, and in a short time she was restored to consciousness. The heat that afternoon was very oppressive.

Health Matters.—The season for gathering Hayfever reached its zenith, this week. The mountains are literally blue with them, and hundreds of our citizens have been paying their addresses to them. We do remember our thanks to a party for a specimen of the finest berries of the season, neatly strung upon a stick of timber!

Fun News.—Friday last, our Methodist friends gave their S. S. children a holiday, in Mt. Cameron's Grave. The attendance was very large and spirited; it is estimated that the number which partook of the facilities was between six and seven hundred. On Wednesday of this week, the Ladies S. S. held their summer rural festival, at the same place, and we believe the number of participants was quite as large as that of the Methodists. Both parties were escorted by Holt's Carriage Band.

Spangler Kieffer, formerly of Lewisburg, and late a graduate of Franklin & Marshall College, has been chosen Assistant Principal of the Armstrong Academy.

We notice that our young Burman friend, Shaw Lee, is spending his vacation up the North Branch, lecturing in the characteristics of his native country.

The Merchants of Millburg intend visiting a large Pic-Nic on the 15th inst. Mechanics in the neighboring towns are invited to participate.

Glenns Weathers, pros-for salubriousness! The mercury has been traveling among the mountains, in its shade, warty every day this week.

The "Hesperian" Test is the title of paper (published by J. B. Cooper, in New Bloomfield, Pa. Co., Pa.) is the nearest approach to Democracy in the abstract, supporting Foster and the Electoral Ticket, but it is really representing in support of the present hope of a Union of the two wings of that great party. The Editor has announced that it is no longer to be sent a paper to a country place.

We certainly agree with him there, but we are sure that it is no more difficult part of performance to "keep the thing going" after it has been started, than when the dead "flies" especially for a journal expounding the cause of a party, which is up to the ears in the requirements of its constituency, and is still going. We wish brother Cooper success, pecuniarily, however, our only wish is to see his paper flourish, and pay better than the sick and pen.

Our Herk Co. Oars.—The Pennsylvania Oars are out of the papers who favor a room among the friends of Douglas and Bryan, in Pennsylvania. Among others, a paper tried to ally supporting the rail candidate. We are glad that our friends in Herk Co. as a last year the strike of the great coal cause Democracy. The coal business don't like to pay expenses now—Tipton (how)

Ab! Davy! you must not believe it all gospel that the Pennsylvania preaches! We remember, most emphatically, to bring this faithless strong upon that lot of contented (p) guidances. We hardly know whether to ascribe the error to the Pennsylvania's ignorance or to its jinking propensities. However, Davy is not the only one who has been called by that statement; since its publication, we have received quite a number of papers, innocently asking us "P. N. X." when we would be happy to do, were it not that our exchange list is already too large. We are all right on the good position, and have our eyes wide open, at hat.

Missouri Election. The returns from the election for the 8th Congressional District show a very close race between Blair and Barrett for the latter, and the election of Blair for the former. The vote has been very heavy. Barrett will lead Blair by the short count only about 200 votes, and Blair's map for the long count, over Barrett, will not fall much short of that. St. Louis vindicates Freedom!

The first of August the anniversary of West India Slavery Emancipation was celebrated in Wilkesbarre, by the colored people.

I desire to inform my friends and the public, that although not prepared to recommend, I am prepared to insert for all who prefer that kind of work, Truth on Volcanic Corals, Amber Base or Hard Rubber, all of which are different in quality from the same being called by that name.
