Lewisburg, Pa.

FRIDAY MORNING, NOV. 2, 1860.

ADVERTISING.—Manufacturers, Merchants, Mechanics and Professional men in City and Country, Publishers, and all who may wish to make known to the public the merits of the Lewisburg Chronicle, which has a large circulation among the intelligent, solvent professors, tradesmen and farmers of Union, and adjoining counties, and is one of the best advertising mediums in the State.

☞ See New Advertisements.

☞ Trial and Jury Lists, next week.

☞ More superior Real Estate, in both Town and Country, is adv'd in this paper.

THE REDMENS were to sing, last evening in Independent Hall.

☞ There was a fine meeting Thursday evening last, at Winfield—New Berlin, Winfield and Lewisburg Wide-Awakes in good strength—and timely and impressive speeches from Mess. Bound and VanGezer.

☞ The Orator before the Literary Societies of Lewisburg University at the last Commencement, will deliver a popular Lecture in town, Thursday eve. next week.

Thanksgiving Day.—Gov. PACKER has concurred with the Governor of New York and of several other States in recommending *Thursday, the 29th Nov. inst.* as a day of General Thanksgiving.

☞ We understand the Brady Tp people are again moving for "re-annexation" to Union county. They anticipate that our new Governor will not veto alike the wishes of those most concerned and the acts of an unbiased Legislature!

☞ Mrs. Funston, a middle-aged woman living in Chillisquaque between Lewisburg and Milton, was found drowned in the River, last Friday. She had not been right for some time, but whether she fell in accidentally or not is uncertain.

☞ Last Sunday, just at night, three young men who were in a sail-boat on the river opposite Lewisburg, were cast into the water by the upsetting of their craft, and some would have drowned had not help been obtained. Bad business, and a narrow escape.

☞ If Lincoln succeeds (as we hope he will) next Tuesday, we want to make a bargain with all his friends. If you want to get drunk over it, or "cut up any didos," or "crow" over any opponent, we want that's fair. "Do as we would be done by," and don't mar a success by any improper word or deed.

☞ Reader! if you vote for any but the Lincoln & Hamlin Electoral Ticket, you *vote, really* so as to endorse *all the wrongs and rascalities of both Pierce's and Buchanan's Administrations*—for JO. LANE stand and aided them all. The Reading Convention *endorsed* Buchanan's course without a single exception!

☞ *Remember the Democratic mottoes* —*"Polk, Dallas and the Tariff of '42"* ..."*The Whole of Oregon or none*"...."*54 40 or Fight*"...."*Pierce, and no more Slavery Agitation*"...."*Buchanan and Free Kansas.*" Remember these—then vote anything labelled "Democrat" again if you can. Never more be deceived by it!

INFAMOUS LIES.—Nearly every Democratic paper we take up, contains wholesale forgeries—pretended extracts from "John M. Wilson," Carl Schurz, Burlingame, Lincoln, Giddings, &c &c. Most of these malicious, wicked fabrications have been exposed and denied over and over again, and yet there are editors who willing to deceive their readers by imposing upon their credulity and ignorance, utter abominable lies—(there is no other name for such things.)

It is supposed that the entire Catholic vote of Pennsylvania was cast for Curtin.—*Argus.*

Wonder who 'supposed' that? Why, it's notorious that the *Boston Pilot*, a Catholic paper, openly called upon Catholics—as such—to oppose Curtin, bitterly denouncing him as a "renegade," a "Know Nothing," with the "blood of priests" in his veins, and most violent personal abuse. Catholic priests, and it was 'supposed' the whole Catholic force, were against Curtin. They are not all against Lincoln.

☞ A correspondent writes—

"A thick coming fact I observed your travelling correspondent is like governors. We all are supposed [illegible] at home—enjoy the printed records of others' sins and [illegible] which renew half-healed wounds and are a republican by association. But, will you, the real thing, or another man, quit New York state in the lurch and 'do the suffrage?'

Aye—aye! he has never missed a vote on the right side since he came of age, and we'll warrant him on hand if spared.—"Old chap," indeed! Why, he does not realize himself a day older at heart than when he was a little boy, say ten or a dozen years ago, or so! Do you recall Gen. Ogle's description of the transition at maturity of bodily life as but a renewal of one's self for an unfading, everlasting youth? If you have not, buy it, (it is in Dr. Elder's book of sketches,) and read how the "old chap" feels—per-cicely!

HONORABLE.—The courtesy of the People's party in this campaign was most marked. Col. Curtin won many friends for the consideration with which he spoke of his opponent for Gubernatorial honors. A delicate compliment grew out of this. At Greensburg, when Curtin spoke, Mrs. Foster (wife of Gen. Henry D. Foster) sent a bouquet to the Colonel, requesting the acceptance of it, as a token of respect for the gentlemanly manner in which he had treated her husband in the campaign. It seems to local stump speakers of the Democratic faith. The opponents of Curtin did all the abusing—Foster received it?

"LAST SHOTS," POLITICALLY.

"A little more grape, Captain Bragg!"

1836 AND 1860.—The following was the vote of 1836, when five candidates were running: Mr. Van Buren, Democrat, 170; W. H. Harrison, Whig, 73; H. L. White, Southern Whig, 26; Webster, Massachusetts Whig, 14; W. P. Mangum, South Carolina candidate, 11. Total opposition vote, 124; whole number, 294; necessary to elect, 149; and Van Buren was elected. As it was with L. 60 is to be.

Mr. BUCHANAN, in his speech of the 5th of September, called the Bell-Everetters "gentlemen engaged in ringing bells, with tongues as long and heads as empty as the bells which they ring!"

A wag, meeting us a day or two after the last election, asked, "Where is Foster?" We could not tell. His answer was: "Behind A Curt(a)in." Awful, wasn't it?

Orestes A. Brownson, the editor of a well known Quarterly review published in the interests of the Catholic Church, and hitherto a radical Democrat, has come out for the Republicans. He made a thorough going speech at Elizabethport, New Jersey, on Thursday evening. He not only recommended the policy of the party in regard to the freedom of the territories, but he eulogised "the honest backwoodsman of Illinois."

The Philadelphia *Standard* tells of a strong Douglas man at that place, who, hearing the Little Giant swear while waiting at the depot for the New York train, immediately declared for Lincoln, as he considered a man so profane unfit for the Presidency.

"Hark from the tombs a doleful sound!"

MONTGOMERY, Al., Oct 27.—Mr. Toombs spoke to an audience of 2000 persons here last night. He urged resistance to the death in case of the election of Lincoln.

There are hundreds of respectable colored voters in New York city, where the "Fusionists" expect to get a big enough majority to "Save the Union." Quite a number of Negroes swelled the ranks of "Fusion" (Amalgamation!) in their late grand procession: they were hired to do it, as were some whites also. We learn this from a publication in the *Tribune* of a colored people's meeting, which denounces the act of their "Fusion" fellows. So it seems that even our colored brethren have some "black sheep" among them!

One vote lost—or one vote gained—in each Election District in the State, would count up many hundreds in the aggregate, and might make the President!

It is estimated that four out of five young men since the common school system fully develops its results are Republican. Liberty and Lincoln sounds much better than Slavery and Secession. They want to vote for a real known Somebody, and not for a Fusion Nobody, in the hands of speculators without principle....Rise, young men! always Republican! be worthy sons of the Men of '76! prove yourselves capable of bearing true Liberty and Law to posterity!

Douglas is to speak in Mobile the night (5th) before the Presidential Election.

Byerly, the Breckinridge Return Judge in Philad., is found guilty of making a fraudulent return—or rather allowing it to be made, as he can't read or write. Wm. B. Mann, the (Lincoln) Prosecuting Attorney, has made good his pledge to ferret out every Locofoco defrauder of the ballot-box. This is the fourth year he has proved frauds in that Democratic stronghold, Moyamensing. Byerly was sent to Jail, bail being refused, and will be sentenced Saturday.

The Selinsgrove Times (a Breckinridge paper) has a long article, (since Election) headed "*The Tariff a Humbug.*" They tried to "humbug" the people with it before election—failed—and now throw off all disguise.

They are quarreling in South Carolina as to who shall be U. S. Senator...which don't look much like secession!

A large Banner will be given by the Pennsylvania State Committee, to the county which shall give the largest increased vote—also to the one giving the largest increased majority—for Lincoln over Curtin.

Lincoln is gaining rapidly in Delaware and Maryland. With a few months' more time, he might be sure of the former.

The leaders of the Sham Democracy die hard "through both skulls." The sensible ones among the rank and file take their defeat as good naturedly as possible, but those who have boasted so loudly, and were so certain of victory, look worse than Pickard's poor dog. It is but the retribution that "dog politicians" deserve.

D. W. Rowe of Chambersburg, a delegate to the State Convention which nominated Foster, is out for Lincoln. He is a son of the late Surveyor General, John Rowe.

Democratic State Committee has gone through Fusion and Confusion, and is now in a state of profuse Diffusion! Fall into the wide awake ranks, boys—we're bound to win.

OHIO.—The Republican majorities for Congressmen in Ohio, over all the Douglas, Bell and Breck. candidates, is 27,970 votes.

The Harrisburg Douglas daily has died since Oct. election. There will be lots of Squatter Sovreigns for sale after Nov.

THE *IN*s HAVE IT!—Curt*IN* is *in*, and now for L*IN*coln and Haml*IN*. Bound to come *in*, boys! give them a lift!

Andrew G. Curtin is working manfully. He addressed the Republicans in Faneuil Hall, Boston, last Saturday evening—on Monday evening at Providence, R. I.—and home thro' New York and New Jersey.

BAD SPLIT.—It is said that Chang and Eng, the Siamese twins, differ in politics. Both are veteran Democrats, but Chang is for Breckinridge, and Eng for Douglas. Bully for Eng!

PANICS.—The U. S. Bank panics did not kill Old Hickory nor prolong the life of the Bank. Nor will the present speculating Pro-Slavery "Panic" prevent voters from supporting Lincoln—nor make that accursed institution a whit more popular.

The Bellites claim to be the only *National* party in the field. By way of proving the claim, they polled 1200 votes the other day in Maine, against *sixty thousand* Black Republicans and *forty thousand* Democrats. That looks "*national*," don't it?

The Republicans have carried the Legislature of Nebraska, and Daily a majority of the legal votes as Delegate to Congress. Some votes were returned for Morton, in places not organized.

The Berks county Bell Everett Elector "runs with" the Wide-Awakes! The Bradford nominee is also for Lincoln—he will "vote so as to *kill* the Locofocos," and not so as to *add* them to another four years of plunder and slavery agitation.

Theodore Frelinghuysen, who was on the ticket for Vice President with the immortal Clay, and who voted for Fillmore in 1856, now supports Lincoln, and trusts in his election.

One of the pistols given by Gen. Lafayette to Gen. Washington, was taken by John Brown near Harper's Ferry from Lewis Washington, and was recently restored to the latter by the "intervention" of Thaddeus Hyatt.

COINCIDENCE.—Oct. 9, 1781, the Americans opened their fires on the British and Hessian "Fusionists" at Yorktown, who shortly surrendered the sword of contest to "Old Ben" Lincoln. Same day, 1860, the Republicans commenced, in the ballot-boxes, a fire upon the Free-trade Pro-Slavery "Fusion," to end with "Old Abe" Lincoln's taking possession of the people's White House.

Judge Kerchbley, the Member of the Legislature of New Mexico who moved to abolish the Slavery imposed upon that Territory by the U. S. authorities, is unanimously re-elected.

The Congressional Committee, under John Covode, *proved* that over 6,000 fraudulent naturalization papers were scattered through Pennsylvania in 1856. Some of these have been detected. Strangers, and all not well known as legal voters, should have their papers well examined.

Democracy's creed, now, is, "Fusion and Confusion."

A Democratic editor wants to know what the Wide-Awake demonstrations mean! Who struck Billy Patterson, election day?

One vote in New York city, it is said, resulted in making Thomas Jefferson President!

The Bell leaders in Penn'a boast that they supported Foster, and defeated one or two Congressmen. The *Pennsylvanian* acknowledges their services. The few honest men they led, however, will now vote for Lincoln, Bell straight, or not at all. These corrupt leaders have exhausted their power to harm us, and can only injure any they support.

John W. Forney was burnt in effigy by the Breckinridge Democrats, in Lancaster and Reading, a few days ago.

If Pennsylvania wishes to beat New York's majority for Lincoln, she will have to give over fifty thousand.

Hon. John M. Botts, of Virginia, in a speech at Richmond, recently, said that although he preferred the election of Bell he should consider the election of Lincoln as anything but a calamity.

FORCIBLE ILLUSTRATION.—A friend relates a pretty good hit which a Teutonic citizen inadvertently made the other day, in giving his reasons for voting the Republican ticket:

"I thinks I leaves the Dimmicrats long ago, but every year dey pulls de wool ober mine eyes, and so I goes mit dem agin; but dis time dey pulls it so far *dat I sees right ober de top!* Dat ish vy I votes de Republicaner ticket."

A short time ago, Mr. Douglas took occasion to declare that he preferred the white man to the nigger; but, as between the nigger and the alligator, he went for the nigger. At the late Rhode Island clam bake however he said in his speech that he had more fondness for clams than for the niggers. It seems then that the nigger stands in his affections somewhere between the alligator and the clam.—*Louisville Journal.*

Hon. F. P. Stanton, of Tennessee, formerly the Secretary of Governor Walker, in Kansas, addressed a Republican meeting in Philadelphia, on Tuesday evening.

The Louisville *Journal* states that James B. Clay, of Kentucky, was asked what he would do if Congress withheld from Slavery in the Territories the protection demanded for it. He stated that he would immediately go for a dissolution of the Union. What do our Breckinridge friends think of this? Pretty hard to digest, is it not?

Jo Lane sent the following despatch to the Seceders at Charleston,—"*Go out.*—JO LANE" Six months after, the people of Oregon sent him this dispatch through the ballot-box—"*Jo Lane. Go out.*"

THE UNION.—Has anybody heard of its dissolution, since the defeat of the Democracy? It was to follow close upon a Republican victory. We anxiously await a reply.

DOUGLASISM DEFINED.—A speaker at Syracuse was asked to define Mr. Douglas' position upon the Slavery question? Said he: "Mr. Douglas believes that if slavery aint a mind to go where she is a mind to, she may stay where she is, if she doesn't want to; subject to the decision of the Supreme Court, and of the people of the Territories, when they is agreed on that p'int." It was taken as satisfactory by his audience.

Most of the Bell-Everetters in Penn'a have resolved to vote their own ticket and let the Democracy "go to thunder in their own boat!"

When you hear a Democrat prating about "Amalgamation" and "Negro Equality," remind them that the mother of the children of their Vice President, Col R. M. Johnson, was a colored lady, and that he treated her well, educated her and his daughters, and married them off to respectable Democrats. The Republicans would protect the chastity of all women without regard to color.

The Western Democrats are determined to have the President. If swindled out of Douglas, they will kill Breckinridge by supporting Lincoln.

Probably for the first time in our history, the majority of those being naturalized in New York City are Republicans. The Welsh, English, Scotch, German, and French, and many Irishmen, come in without the label "Democrat."

Col. Philip S. White, of Kentucky, a leader of the Sons of Temperance, is this fall elected to one of the best offices in Philad., by the Lincoln party.

A burly looking chap, passed himself off at Northumberland as the veritable John C. Heenan, and was entertained with a grand blow out.

Judge Linn presided at the recent Court to Sunbury, Judge Jordan being ill. The next Court is postponed until the day after the Presidential Election.

GOOD ACT.—Our democratic friends, in some instances, acted with the greatest fairness on election day. Maj. Puterbaugh even paid the tax of a young Irishman who afterwards voted the Republican ticket. To be sure, Mr. Birmingham, our informant, says that the gallant Major imitated "the army in Flanders" when he found which way the vote went, which somewhat marred the gracefulness of his generosity, but the fact remains a monument of liberality.—*Wilkes Barre Record.*

Mr. Kessner of Muncy was run over by one of the night trains, on the railroad, on Tuesday night, 16th ult., near Watsontown, and was so much injured that he died a few hours after.

The Coal Oil Works of Wm. Helme in Philadelphia, were destroyed by fire lately. The conflagration was caused by the flame of a candle coming in contact with the oil. The loss is about $30,000—no insurance.

CAUGHT.—One of the rogues who broke into several stores in Watsontown and Muncy, and who stole William Antrim's horse and buggy, has been arrested and is now in jail at Williamsport. He was caught in Orleans county, N. Y. He states that there were seven persons concerned in the robberies, and that four of them watched with loaded pistols at the doors and windows while the other three committed the theft.

Naples, and Rome, with the whole of Southern Italy, is now in the hands of Garibaldi and Victor Emanuel.

Jesse Bastian, an old resident of Sunbury, aged about 60 years, was killed on the Northern Central railroad, in a shocking manner. He was engaged in carrying a sack of oysters from an oyster car which was standing on the turnout near the Lutheran church. In order to reach his wheel-barrow, which was standing on the opposite side of the road, he was forced to cross the main track, and while crossing, an engine which was backing down at the time, struck him, knocking him down. His head was cut completely off, and his arm and leg shockingly lacerated.

The new Depots of the Sunbury & Erie Railroad Company at Milton, are about finished, and Mr. C. E. Hammond, the Company's Ticket Agent, moved into his new quarters on Monday.

Henry Albert of Clarks Valley, shot two bears last week. Bears are said to be unusually abundant on the mountains this year.

A sale of rare coins in Philad. last week, a single half-cent brought $23.50, and a proof dollar brought $32,50.

Wm B Lees, of Shirleysburg, is chosen an Associate Judge of Huntingdon Co.

A fine, large building is about being finished at Watsontown, the first story of which is to be used as a School House and second story for Town Hall. The building is of brick, 45 feet in length by 32 in width.

SCRANTON, Pa., Oct. 25.—A car, containing twelve miners, employed in the Pennsylvania Coal Company's Works, at Port Griffith, while going down a slope of 1500 feet, to-day, was precipitated to the bottom when half way down, by the breaking of the rope. Eight of the miners were instantly killed, and two others received serious injuries and are not expected to live.

The recent flood in the head waters of the North Branch, did considerable damage to bridges &c., especially in Bradford county.

A young son of Jacob Miller, of Selinsgrove, injured his hand so severely, with a fodder cutter, as to render the amputation of a finger necessary, which operation was performed by Dr. B. F. Wagenseller.

The *Elk Advocate* of 24th ult. is still running Curtin for Governor.

The dwellings of Jacob and Peter Melick, of Light Street, were entered one night last week, and robbed of purses and their contents, from the pantaloons of the sleeping men.

Adam J. Groer has come into the Mifflintown True Democrat again, as joint proprietor.

Philip T. Herbert, the California Congressman, who killed the waiter Keating at Washington a few years ago, is practicing law at El Paso, and considers the shooting his political ruin.

Henry Mertz was last week sent to the Snyder county Jail for contempt of Court.

We are informed, by a Republican of Limestone township, Montour county, that there were seven votes cast in that township for Curtin, by persons outside of the party organization, and finding that Curtin was the successful candidate, there are now fifteen different Democrats who claim to have cast those seven votes! Funny, isn't it?

An Iowa farmer who failed to sell his land last Spring at $20 per acre, netted $23 per acre from the prolific crop he has just harvested.

The Republicans of Vermont are much mortified that (through their own division) one Democrat slipped into the State Senate. But then the poor fellow feels *so* lonesome!

The installation of the Pope in Jerusalem has been suggested by the French press.

ATTENTION, WIDE-AWAKES!—"One more rally and the victory is ours!" You are requested to meet at Head Quarters on next Monday evening fully equipped for parade. By order of the Captain.

LINDSEY'S Improved BLOOD SEARCHER,

A STANDARD MEDICINE

For the speedy, radical and effectual cure of ALL diseases arising from IMPURITY OF THE BLOOD!

THIS medicine has wrought the most miraculous cures in the following cases of

Scrofula	Cancerous formations,
Cutaneous diseases,	Erysipelas, Itch,
Pimples on the face,	Sore Eyes, Scald Head,
Old, stubborn Ulcers,	Rheumatic disorders,
Tetter affections,	Costiveness,
Dyspepsia, Jaundice,	Salt Rheum,
Mercurial diseases,	Female debility,
Tetter, Ringworm,	Loss of Appetite,
Blotches on the skin,	Foul stomach,
Low spirits,	Fever and Ague,

Female complaints—and in fact in all cases having their origin in an impure state of the blood.

The above is a portrait of David M'Cleary, of Nobles Town, who, on the 21st day of August, 1858, made affidavit before Justice Gutelius that he was afflicted for the space of thirteen years with the Rheumatism, and by the use of two bottles of the Blood Searcher, and by the use of twenty eight months, he was entirely cured, and is a person of his self-cheer and evidently entire piety. He has given us an affidavit, which he knows of the "Blood Searcher," and was induced to try it. From his testimony, and [illegible] and all that there is no question but the medicine is entitled to all that is claimed for it. It is believed that none of those diseases can be more distressing than rheumatism, when another attack would close existence for a short time. The effect I used by the use of less than one bottle. I then myself effectually cured.

I commenced the Bitters in connection with worthless, believing that if a few days of it it made a permanent cure with me the result.

You are at liberty to use this certificate in any way which will promote the sale of your excellent remedy.

Yours truly, H. A. BOUCK.

PREPARED by SETH W. FOWLE & Co., Boston, and for sale by F. S. CALDWELL, and J. WAGNER & Co., Lewisburg.
