"Ship I leave a blackland,
And I'll not ask for wine."

The ladies of Canada came nearly up to those of the United States in acts of idolatry towards the Prince. In a city of Canada West, resides a colored man, "Frank," who indulges in hair-dressing, saloon-keeping, and the mysteries of cooking and general waiting. This individual is a man of rare wit, unbounded humor, quick at repartee, and fond of a practical joke. He has, moreover, a certain pinguitude of system, so that, when he indulges in a laugh, external or shrouded beneath the black veil of his shining outside, he may be said to shake like a jelly, after the fashion of Santa Claus, in the "Night before Christmas."

Now it happened, when the Prince of Wales visited the city where Frank resides, that a ball was given in his honor, and Frank was an essential necessary thereto. During the evening, after supper, and while Frank was among the dishes in the culinary room, his privacy was intruded upon by certain young women, who addressed him insinuatingly, about as follows:

"O, Frank, have you the glass out of which His Royal Highness drank?" To this Frank blandly responded, "Yes." "Will you let us drink out of it?" "Certainly." "Now, Frank, which side of the glass did His Royal Highness' lips touch?" Frank indicated the identical spot.

Then the young women, each and all reverently and jubilantly touched their lips to the glass. They then said, "Are you sure, Frank, that we touched the place touched by his Royal Highness' lips?" To which Frank answered, "Certainly, for I wanted to drink after the Prince, and I had my lips on the very spot touched by his, just before you came in. I know it is the place."

Fancy the result—Young ladies *exeunt*, disgusted; and the facetious Frank relapsing into one of his most violent cachinations and jellifying for a full half hour.

While the census taker was engaged in the eastern part of Hampton county, he came upon a farmer, and after asking the usual questions, inquired his wife's first name. "I thought you knew her," replied the farmer. "I know her when I see her, but what is her name? Can't you think?" "No." "Is it Mary? Margaret? Hannah? Sarah? or anything of that kind?" After considerable reflection, the agricultural man replied, "I vow, I don't know; I don't believe I ever asked her; but if it is anything particular, you can just run down to the house and ask her. She's there, and it ain't but a few rods." "If you don't know, my name will answer, but I should think you would want to know what your wife's name is." "By gracious, I'll know before I sleep." The census man prepared to leave, and the last words he heard as he drove away, were —"I'll know before I sleep."

WIDE AWAKE DOG!—At every drill and parade, the Wide-Awakes of Phœnixville had a large black dog marching at the head of the procession. He went with the club to Philadelphia, Norristown, Pottstown, Black Rock, and in fact to all the meetings the club attended in the neighborhood, including the celebrated 'Possum hunt, in which the dog did such good service. When the command is given to hurrah, he joins in with a most terrific howl, and appears to enjoy the parade with as much gusto as the most ardent Wide-Awake in the land. On enquiring of one of the members of the club how the dog ascertained when the club was on parade, we were told that he read the advertisements! We came to the conclusion that he was a sensible and intelligent dog, albeit his owner is a Democrat.—*Phœnixville Guardian.*

Campaign Fun.

The campaign is over, but that is no reason why a good thing should be lost. Some wag, during the heat of the contest, when meetings and resolutions were the great weapons of party warfare, got up the following:

"The Jimtown Democracy have spoken. They held a rousing meeting last night, and unanimously

Resolved, That at first the Jimtown Democracy was in favor of Jeams Barcannin, and would abus yet if he had abin nominated, but now their fust choice is Douglas and always was.

Hurrah for the Jimtown Democracy! We shall look carefully for the vote in that precinct, and publish it in full—when we find it.

The Vienna *Gazette* has the following item, which shows conclusively who Austria is for:

"Intense excitement is now raging between the Presidential Candidates in the United States of North America. Both of them belong to the lower classes, as one of them acknowledges himself to be a "Sucker," and the other is charged with being a Rail-Maker. The former is an advocate of some kind of Sovreignty, and as such we trust he may be elected. The latter believes in the Republican form of Government, and will, we trust, be defeated."

OUGHT MARRIED PEOPLE TO SLEEP TOGETHER?—*Hall's Journal of Health*, which claims high authority in medical science, has taken a stand against married people sleeping together, but thinks they had better sleep in adjoining rooms. It says that kings and queens do not sleep together, and why should other people? Think of the idea of separating a newly married couple on a cold winter's night, because Hall's Journal of Health says so! You go to grass, Mr. Hall.

A little fellow the other day non-plussed his mother by making the inquiry: "Mother, if a man is a Mister, ain't a woman a Mystery?"

THE ONLY PREPARATION

HAVING PROOFS SO STRONG AND DIRECT

As to Expel the Doubts of All.

STATESMEN, Judges, Editors, Physicians of the widest influence, as well as men give it their unqualified approbation, and recommend it for all general complaints, and diseases of the scalp and brain; but all will have an end, unless in healthy time it will prevent the hair from losing gray, and it is failing to any age, as well as youthful. Read the Following:

SPRINGFIELD, S. C., June 24, 1859.

PROF. O. J. WOOD: Dear Sir—Your Hair Restorative is certainly gaining popularity in this community. I have had it introduced in my practice some time, and give your Hair Restorative a perfect test.

During the year 1858, I was so unfortunate as to be thrown into the sickly season of each year, from the residence, from attending to my practice some time, and on returning found a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and, as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to believe, produced a very happy result; two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you as my most sincere thanks. Feel assured, dear sir, I should recommend your remedy to all happening to me, ever, I shall use my influences, which I flatter myself to say, is not a little.

You can publish this if you think proper.

Yours, very respectfully, M. J. WRIGHT, M.D

OFFICE OF INTERROGATOR, PARTRIDGE, Va., Dec 12,'58.

Dear Sir: I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer,) for some time, had never seen his early youth; so much so, that he was compelled to wear a wig. He used one bottle of your "Hair Restorative" which he found very much, and after using a number of three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and he is very well known in our county and vicinity; many persons can testify to the truth of the statement. I owe it to you at the request of Mr. Bradford. You can make use of a proof of this if your Hair Restorative as this and the subjoining counties if you have the proper agents. Yours, &c.,

THOMPSON SURGINOR.

DR. WOOD—Dear Sir: Permit me to express the obligations I am under for the entire restoration of my hair to its original color about the time of my arrival in the United States, it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative a very wonderful invention, quite efficacious as well as agreeable. S. THAELFALL.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small bottle is sufficient to last for one dollar per bottle; the medium bottle at least 50 per cent. more in proportion than the small, retails for two dollars per bottle; the large bottle a quart, 50 per cent. more in proportion, and retails for $5.

EVERY PERSON

can name one or more of his acquaintances who is subject to some form of lung or throat complaint, which is not affected by its severe, inevitable changes the air from a pleasant one grave. In such, let us bend if there will but avail themselves of it, and how—the last chance of delightful days—may be assured without fear of failing. Dr. O. Phelps Brown's Balsam of Horehound and Tar is what is claimed for it, and which is proving by the sales as being the most successful in curing lung and throat diseases, of any remedy known at the present day. The many phases assumed by these complaints renders the apprehension of those who desire to treat its approach, either from ignorance or timidity, fatal to many sufferers.

While no one remedy does not believe that people should be constantly using themselves with medicines.

TO PREVENT SICKNESS,

there are many cases where disease is too long allowed to remain unchecked in the system, and a slight cough, cold, or affection of the throat or lungs, causes a sudden change in the constitution of the patient. An imperceptible debilitation of the lungs, till the system will get out of order, and pulmonary consumption fastens itself upon the vitals, and the whole mental being is well nigh ready to sink under the burden of life. The patient meditates, accounts for every complication of disorders, and often refuses to resort to medication, from his thorough disbelief in any prospect of cure. To such

ASK THE TRIAL

of the American Balsam, as thoroughly worthy the confidence of all. Every symptom of consumption is surely and permanently eradicated by its use. It relieves more rapidly than strengthening and penetrating to the system other balsams. Bronchitis, Asthma, Coughs, Colds, and Sore Throat, Incipient Consumption, Debility, Pain in the Breast, Loss of Flesh, and Wasting away of the Muscles, Loss of Appetite, Soreness of the Throat, Chest and Lungs, Liver Complaint, Palpitation of the Heart, Difficulty of Breathing—all these affections disappear in an incredibly short time after using Dr. O. Phelps Brown's American Balsam.

It nourishes and strengthens the patient who is too much reduced to partake of ordinary food. It heals all internal sores, tubercles and inflammation. It strengthens, braces, and revitalizes the brain, and is without a rival as a tonic, supplying electricity or magnetic force to every part of the enfeebled and prostrate body. It is only by trial to convince any that the greatest Balsam or tonic the greatest remedy of the day, as its beneficial qualities are fully apparent in eight and forty hours after trial.

Let the invalid then no longer delay, but make the trial, and the result will surely be of the most satisfactory character.

Dr. O. Phelps Brown is prepared with the greatest care, and the best materials. No pains or expense are spared to make it what it is—the most known remedy of the age. It may be taken by either sex, of all ages, and at all seasons, with perfect safety; and it is none the less powerful in conquering those diseases which sap the foundation and destroy the life of so many in our midst. Every family should have it, and regard it as a household treasure.

VITRIFIED CHIMNEY TOPS.

This is an article to which every Builder's attention should be particularly directed. At this moment, from any roof in our large cities, you can count thousands of brick chimneys so completely eaten by the Coal Gas and Weather as to demand immediate renewal—to do which seldom costs less than $5 at once, showing the necessity of some article that will not decay or be eaten by gas or weather. This we now offer in our Ornamental and Plain Chimney Tops. They are burnt harder than stone, in fact, perfectly vitrified, and are impervious to the strongest acid emitted by coal, which soaks up brick and mortar in less than three or four years. We are now making, and have on hand, large quantities of several different styles, from 2 feet to 5 feet 6 inches high, and from $2.75 to $20 each, (less in the first place than a brick chimney.)

Designs furnished and orders promptly attended to by addressing the manufacturers as above.
