☞ CONGRESS meets next Monday. We will risk the prophecy that the South and the Democracy will be the first to "agitate," by "bringing in their Nigger," and then will complain of "aggression," and thunder direful things. We hope our party will forego all useless debate, and attend to the proper objects of Legislation—Kansas admission, Morrell's Tariff bill, and economical Appropriations.

☞ Mr. BUCHANAN'S last Message will be looked for with much interest, and we shall endeavor to lay it before our readers, entire, at the earliest day. After all his services and sacrifices for Slavery, it is to be hoped he may have realized its faithlessness, and emancipated himself from its thraldom. A truly patriotic and national position, now, would retrieve many of his former errors, and give him a better standing at the North.

☞ THE BANK SUSPENSIONS, commencing at the South by the natural influx of the Bills of States threatening virtual Repudiation, extended to Richmond, Baltimore, and Philadelphia, and their respective States—but seems to have gone no further. New York and Boston determine to stand a run if attempted. The matter creates very little uneasiness, as it is generally understood to be without any permanent causes except those which are always operating—loose Mercantile Credits and gambling speculations, which systematically aggravate all real evils, and make a "panic" as destructive as possible.

The last previous "bank suspension" was in 1857, immediately after Packer's Election as Governor. Just before the enactment of the Tariff of 1842, the Banks also stopped specie payments. But the most disastrous times were the wide-spread break-ups immediately after Van Buren's Election to the Presidency, in 1837. The "Bank Panics" of 1830-32, did not result in the re-establishment of a National Bank—nor will the present troubles, hastened on and gloated over by the Oligarchy and its allies and apologists North, make the people love the "peculiar institution" the more!

There need be no alarm. There is sufficient money in the Free States, if in circulation, for all proper purposes. With well-directed industry, a liberal economy, ready pay for goods sold or labor done, and honest enterprise—all fostered by a change of measures and of administration—times must soon begin to improve. Do not fret, mope, or despair—keep moving—do not hoard money, but use it for the common good—settle, pay up every debt, and buy what you need and can honestly pay for—try wisely to forecast the future—have faith in man and trust in God...and the Politicians' Panic will hurt few but themselves.

KANSAS.—The renewed disturbances are greatly exaggerated, and are hard to account for. Settlers say it is another Border Ruffian scheme to harass and drive them off, and U. S. authorities have torn down the houses and driven away nearly a hundred families. The other side say Capt. Montgomery (another John Brown) is revenging his old losses. But what a pity—what a crime—that Kansas was not admitted two years ago, whereby—the Government being entirely in the hands of her own people—these troubles would have been localized if not prevented!

THE DIFFERENCE.—Four years ago, the weaker States defeated the Republicans, by a sectional throwing of their forces together—a defeat accompanied by gross frauds in Pennsylvania—and hostile, as we believed, to the rights and interests of the Free States. The result has proven us right in our fears. But we did not rebel—secede—or threaten. We submitted as best we could, and "bided our time. This year, the stronger States, in their turn, have been successful, and in a peaceful way, without even an accusation of wrong, have elected their President. The defeated party, like babes or madmen, do not submit as we did, but rave about dissolution, secession, &c. They should remember they may gain the next contest, grin, and wear it," as we did.

The "Banner County"

Of Pennsylvania for largest Republican majority in proportion to the vote polled, is clearly OLD TIOGA. She gave 2 to 1 maj. against Harrison in 1840, when Harrison carried the State, and in 1852 gave Pierce more than a thousand maj. over Scott! Now, she gives ALMOST FOUR TO ONE AGAINST a professed but false Democracy. It will do all Republicans' eyes good to look at the official figures of the late Presidential Election—see here!

Not one district Democratic, tho' it was formerly the pride of that party, and would mob an Abolitionist as soon as they would in Virginia. But the attempt to return a fugitive slave created a revulsion of feeling, which the repeal of the Missouri Compromise inflamed. Good seed was patiently sown, long ago, by Wm. D. Bailey—nourished by M. H. Cobb—and Hugh Young is reaping its best harvest. As the Republican Banner County of the State, let us all give THREE CHEERS "AND A TIGER" FOR THE INVINCIBLES OF OLD TI-OG'!

" " Fusion 89,358

☞ Some of the Fusionists think it an awful omen that the people have settled down so soon and so gently after the peaceful and constitutional election of a President. To our mind this promises well. The successful party are glad and hopeful, not for themselves alone, but also for those of their neighbors who they think were in error on the questions at issue. Because we do not all abuse and insult our friends on the other side—get drunk as fools—and keep up hurraing for weeks—is no sign but we feel good in the innermost recesses of the heart. We believe we have thwarted the efforts of the Cuba-stealers, Fillibusters, Treasury-robbing and Slave-Extension parties. Our joy is like that of a mighty river—

"Though deep, yet clear; though gentle, yet not dull;
Strong, without rage; without overflowing, full."

Gov. Packer has issued his proclamation, announcing the election of Messrs Pollock, Howe, and the other Lincoln electors, and calling them to assemble at Harrisburg on the first Wednesday of December.

Buckeye Reaper & Mower,

Manufactured by

SLIFER, WALLS, SHRINER & CO.,

Central Foundry, Lewisburg, Pa.

THE Buckeye Reaper & Mower was introduced in 1857, and so perfectly was it adapted to the work designed that at the Greatest Practical Field Trial ever held in this country, in July of the same year, at Syracuse, it triumphantly carried off the

Grand Gold Medal and Diploma!

At the Indiana State Trial, held at Lapeete, in 1858, nearly as many machines were represented and as thoroughly tested as at Syracuse, and the

Buckeye was again the Victor!

And so also at nearly all the field trials and exhibitions in 1858, '59 and '60, when it was a competitor. At a number of exhibitions it received the First Premium as a Mower, First Premium as a Reaper and First Premium as a Combined Machine. These numerous awards prove conclusively the correctness of the decision at Syracuse.

The combined opposition of the manufacturers of Mowing and Reaping Machines and their efforts to crush and to bring into disrepute the Buckeye, only served to prove its SUPERIORITY, and the fears they entertained of its final success and triumph were evidences of the real worth and merit of the machine.

The Machine has now passed through four harvests, and during the last three over Nine Thousand have been built and sold—and the farmer may judge of its reputation by the numerous awards made by committees both at field trials and at State and County Exhibitions, as well as from the numerous demands, which the manufacturers have never yet been able to supply.
