It will be observed that the fiscal year ended on the 30th of November, and the sinking fund year on the first Monday in September, which accounts for the apparent deficiency in the amount of the act of the 15th of May last.

In some items the ordinary revenues of 1861 was in excess of that of 1860.

The loan authorized by the act of May 15th, 1861, was taken at par. This occurrence, most gratifying under all the then existing circumstances of embarrassment, affords triumphant evidence of the confidence of the people in the stability and integrity of the Commonwealth and of their determination to support the Government.

The operations of the Sinking Fund during the last year have been as shown by my Proclamation of 5th September last, as follows:

Debt redeemed from 4th September, 1860, to 1st Sept. 1861, \$300,801.01

Of stock loans, \$300,000.00

Interest on certificates, \$3,339.01

Relief notes, \$21.00

\$300,801.01

I refer to the reports of the State Treasurer and Auditor General for the details of the financial affairs of the Commonwealth. The report of the Surveyor General and State Librarian will exhibit the state of the Department under their care.

The Commissioners of the Sinking Fund during the last spring received from the Philadelphia and Erie (late Sunbury and Erie) Railroad Company forty bonds of that Company for \$100,000 each, and a mortgage to secure the same executed in conformity with the third section of the act of March 7th, 1861. That company has also deposited in the State Treasurer's hands to the amount of five millions of dollars, in accordance with the fifth section of the same act. On the 9th of May last I granted my warrant authorizing the State Treasurer to deliver to the said company one thousand bonds, being to the amount of one million of dollars. This warrant was issued in conformity with the law, the five per cent bonds mentioned in the fifth section of the act (except those belonging to the State and now in the Sinking Fund) having been previously surrendered and canceled, and satisfaction given on the Record of the Mortgage mentioned in said fifth section. Having received notice from the company that the bonds so delivered to the company by their proceeds had been appropriated in accordance with the provisions of the law, on the 21st of June last I appointed John A. Wright as Commissioner to examine and to report to me whether said bonds or their proceeds had been appropriated to the purposes required by the act. His report has not yet been received by me.

It is understood that arrangements have at last been made under which the direct railroad connection between Philadelphia and Erie will be completed within a short time. It is impossible to estimate too highly the importance of this great work to the Commonwealth, and to the people of Philadelphia and Erie and the further to neglected counties that lie west of the Susquehanna.

By the act of the 21st April, 1858, for the sale of the State canals to the Sunbury and Erie railroad company it was provided that the said company should sell said canal and locks in the aggregate about three and a half millions of dollars, seventy five per centum of such excess should be paid to the Commonwealth by a transfer of so much of such bonds and securities as said company should receive for the same and pay the balance of the same to the company. The company sold the canal and locks for the sum of \$2,250,000 and the Commonwealth received \$1,687,500, the balance of \$562,500 being paid in cash and for the remaining \$281,250 the Commonwealth received the bonds of the Wyoming canal company to that amount, being a portion of bonds for \$300,000 issued by that company and secured by a mortgage on the Wyoming canal, formerly called the Lower North Branch canal. These bonds bear an interest of six per cent per annum, payable semi-annually on the 1st of January and July, and the interest was paid by the company to January last inclusive. The interest due in July last has not been paid. Judgments having been obtained against the company on some of the coupons for the interest, a writ of attachment in equity was filed in the supreme court by a bond and stock holder in which such proceedings were had that by a decree made on the 21st September last the property and affairs of the company were placed in the hands of a receiver.

In this State should be clothed, armed, equipped, subsisted and transported by the State in consequence of the then exigencies of the United States. Last request was if forty companies, with, and twenty five regiments, (being eleven regiments beyond our quota), comprising 20,175 men from Pennsylvania served for the term of three months under the President's proclamation above referred to. As the furnishing of these volunteers with supplies was nearly completed, the circumstances a hurried operation, and as complaints were made in regard to them, and funds were alleged to have been perpetrated, I appointed a board of commissioners to investigate the whole subject. A copy of their report with the evidence taken by them has been already laid before the public. It is the intention of the Auditor General to open the accounts of such parties as appear by the testimony to have been overpaid and this course has already been taken in two of those cases.

On the expiration of the term of the three months-men in July last, some eight or ten thousand discharged Pennsylvania volunteers were thrown into Harrisburg without notice and detained there, waiting to be paid, for an average time of some ten days. It is stated that some of these men were taken from their homes, and they arrived here destitute of all means of shelter and of provisions. The Commissioners of the United States furnished uncooked rations, and under the circumstances of emergency it seemed it necessary to make arrangements for aiding in the cooking and baking of the rations, and also for furnishing meals to such of the regiments as arrived during the night or under circumstances requiring instant relief. The expense of these operations amounted to \$741.20, and I recommend that the Legislature make an appropriation to pay them. It ought to be stated that the expenses would have been much larger, but for the liberal and patriotic efforts of citizens and especially the ladies of Harrisburg, their free hand-hood and generous aid to our wearied and hungry soldiers, deserve remembrance and gratitude.

At the special session of the Legislature which commenced on the 30th of April last, I presented to the Senate a bill, to amend, equip, clothed, subsisted and paid by the State, and drilled in camps of instruction, in anticipation of the exigencies of the country, and by the Act of the 15th of May last, such a corps was directed to be raised, consisting of the ladies of Harrisburg, their free hand-hood and generous aid to our wearied and hungry soldiers, deserve remembrance and gratitude.
