"A few days since, Col. Elwell required the services of this vessel where she would be liable to come under the fire of Rebel guns. The captain, a brawny white sailor, refused to go. The moment the fact Have and do give more Satisfaction! became known, Col. Elwell issued the following order, which, for simple justica to a brave and loyal negro, officially acknowledged, be seldom been equalled in this or any other department. Decessary to say that Robert Small took We dely any one to contradict this assertion command of the vessel and faithfully discharged the duty required of him.

"Office of the Chief Quartermaster,) PORT ROYAL, S.C., Nov. 26, 1863. "Capt. A. P. Dunton, Chief Assistant Quartermaster, Folly and Morris Islands:

Sin-You will please place Robert Small in command of the United States transport Planter, as Captain. He brought ber out of Charleston harbor more than a year ago, running under the guns of Sumter, Moultrie, and the other defences of that stronghold. He is an excellent pilot, of undoubted bravery, and in every respect worthy of the position. This is due him as a proper recognition of his heroism and services. The present Captain is a coward, though a white man. Dismiss him, therefore, and give the steamer to this brave black Saxon. "Respectfully, your obedient servant,

"J. J. ELWELL, "Chief Quartermaster's Dep't South."

It may interest some to know that the above order was immediately approved by Gen Gilmore

MESSRS. CARKHUFF & PAINE, F Lewisburg, Union Co., Penn'a-would respectfully solicit the attention of all the have stock to feed, and Manufacturers and Salesmen of Agricultural Implements, t their Improvement in Straw Cutters.

Its price brings it within the reach of all who may have use for a Fodder Cutter. It cuts Hay, Straw, Cornstalks, Paper or Cleth, as smoothly as a razor can be made to cut beard, and that too without regard to the ength of time the machine may have been it use. The machine is worked by a lever, and can be made to cut rapidly. The length of the cut can be regulated by use of a thumb screw. The position of the knife to the cut-ting bar can at any moment be changed to bring and keep their edges together as per feetly when old as when first manufactured.

The annexed Certificates, and the names attached, will show the es'imation in which this Cutter is held at home: (The following letter refers to the first Cutter and sold by us, and as may be seen depended o upon its merits for success)
