The Copperhead organization known as the Buck Shots, which has existed several months in Carbon and some other of the enal counties in this State, bas been up Jan... for trial before a military board. Their witnesses testilig that the Buck Shots are members of the sworn organization known as the "Golden Circle." They are sworn Feb. to support the "Constitution as it is, and the Union as it was;" to sid each other in evading the draft; to discourage volunteering, &c. According to the instructions of their President, the leading members of the organization are Gen. Lee, of the Rebel ormy, and Gens. M'Cleilan April and M'Dowell, of the Union army; (the latter General, however, in a newspaper card disclaims all knowledge of or affinity to the elique; the other two Jenerals May. thus far have made no denial of it.) In case a member is forced into the army by draft, he is directed to go over to the enemy, and is instructed in the use of an interchangeable dialogue to assist him in so doing. Four of the witnesses waited on Mr. Mumper, a coal operator at Audenreid, and notified him to stop the mines that the Government might have no more coal until the draft is stopped and the war

Sanne A FEARFUL MALADY. - A disease of a fatal in a few hours, has recently manifes ted itself in the lower part of Bucks county. By some it is called "spotted fever," but be its name what it may, it is not only elarming but fatal in its effects. One case occurred in Bristol berough about Christmas, and another in Bristol townebip a few days subsequently. This week we are told George W. Brown, of Falls township lost a lovely daughter of great promise, after a few days' sickness, and a second daughter was sick with it on Wednesday last. We learn, also, that something of the same nature pressils in Morrisville, and that six deaths had occurred in the three first days of last week, and on Wadnesday morning there were four persons lying dead in the Borough. On Thursday the undotteker had eight fourals to attend to. Some of these propio are first taken with pain in the bead, then a blindness, with institling to speak, and some lose their hearing. None survive sixty hours, and many do not last fortyeight hours after the attack .- D ylestown Democrat.

A great mistake is being made with reference to the credit on the draft, and many districts, after having expended large sums of money to fill up their quotas, site the Riviere House. will find that they have not in reality fornished a soldier to secure exemption on the present call. "The Old Flag."

A letter from Chattanoogs, after speaking of the erection of a lofty flag-staff on the peak of Luckout Mountain, from COD FISH for sale by which now flusts the Old Flug, says :

"I must tell you an affecting little scene I wracessed when we first crossed SALT, in barrels and sacks for sale Lookout about the 6th of September. We were marching along at "route step" with our colors furied and in their black cases, when we perceived about a dezen of the fair sex in one of these everlasting southern portions, watching us as we passed. We had got nearly by, when one of the young ladies stepped out to the front and said, "Boys, we want to see the old flag." Oh! such a shout as went up ; banners soon unfurled, music struck up, the men took step, bats without number went into the air; the hurrah lasted for a good hour, and the women all cried."

The Georgia Legislature have introdueed some resolutions into their body in favor of treating with the Government at Washington for peace on certain terms. The resolutions state that Commissioners had been sent to President Lincoln, but be refused to treat with them. They invite representatives from "the United States to meet an equal number from the Confederate States," at a ceratin time and place, to arrange matters—of course our Government recognizing the Confeds. erate States as a Government de facto. This body may be acting honestly, but it appears too much like food for Northern Copperheads to feed upon.
