## ABRAHAM LINCOLN

Court week at Lewisburg, Monday next. One or two clubs for Star & Chronicle expire with Court Week. Renew, if you think best. Fair notice.

Mr. Heckendora was in No. 13 Hospital, Va., the first of January, and did not say, in his last epistle, when "Castle Thunder" is expected to be opened. We hope he will get good "types" of all the Rebs and Union men he sees.

## Return of the Veterans of the 51st.

On Wednesday morning last, the re-enlisted men of the 51st P. V., who originally enlisted from this vicinity, reached our town. The Town Council having been notified of their coming, made an appropriation to defray the expense incurred in giving them a suitable reception; and to carry out their designs, C. W. Schaffle and James Murty were appointed to have a breakfast prepared, deciding in favor of the Riviere House, after calling upon the different landlords, as the place best adapted for the repast. Messrs. A. M. Lawrie and C. C. Shorkley were appointed marshals for the occasion.

At day-break, the different church bells were set in motion and steam whistles sprung, which woke up all the inhabitants within ear-shot, many of whom, not having been previously informed of the cause of all the din, rushed out of their houses in purely morning attire, eagerly inquiring whereabouts the fire was. At 7 o'clock, a procession of citizens proceeded to the depot, to escort the "boys" to town. There the procession was re-formed, being increased and honored by the brave veterans, and headed by the Lewisburg Band, returned, moving under waving flags and between crowded pavements up to Chamberlin's corner and back to the Riviere House. Here they were welcomed by a neat speech by C. C. Shorkley, after which they stacked arms and reported at the breakfast table, where they appeared to enjoy themselves very well, together with the new recruits of their corps.

The veterans are well clad, look hardy and feel first-rate. The following are the names of the re-enlisted men as near as could be ascertained without the rolls: Thos. S. Christ, Surgeon, 9th A. C. Company E, "Star Guards."

In our paper of 5th inst., was a statement of men liable to draft in Union county, and of the quota from the whole number under the 300,000 call only, to which is to be added the quota for the 200,000 call. If we figure right, this adds just two-thirds to the quotas there given. Two-thirds of 192 is 128—which gives 320 for Union county. Two-thirds of 48 is 32—which gives 80 for Lewisburg, &c. Lewisburg, according to her enrollment, is called upon for a fourth of the whole amount.

Carrigan, who so abused the Union officers at the Lewisburg Woodward meeting, but had nothing against the Rebels, was once Register of Wills in Philadelphia, where he was a defaulter to the tune of \$6,140. His sureties have a ca. sa. out against him—a writ which empowers the Sheriff, if the cash is not to be had, to stow the delinquent but corrupt Carrigan away bodily. "Sarves him right."

A SINGULAR THING—A paper before us claims to be "the only Democratic paper in Allegheny county." One in Philadelphia claims to be "the only Democratic organ" there. Is not this a triumphant proof, that—in those large counties—the great mass of the reading and business men are friendly to the Administration? The 10,000 men in Allegheny who voted for Woodward, support but one paper—and the same class who gave 37,000 votes for Woodward in Philadelphia, support but one paper! The 3,000 Woodward men in Northumberland county support one paper and the 2,600 Curtin men support four papers. It is thus, all over the land; the most intelligent, living, thriving people sustain the Administration, while Copperheadism thrives on ignorance and in dark corners mostly.

We see it stated that there are now less than fifty papers living in Rebeldom.

## Harrisburg Correspondence.

Monday, Feb. 8.  
To-day the 45th P. V., Col. Curtin (with whom is Dr. Jas. P. Gregg) came upon Capitol Hill, stacked arms in front of the Arsenal, thus parting with tried friends of upwards of 2 years, and were dismissed to their several homes—Center, Tioga, and Lancaster counties, principally. Before dismissal, they drilled to the top of the drum—performing 20 or 40 successive evolutions without a word of command, all clock-like, simply as timed by the Adjutant. They numbered 420 men—a very large number of veterans, apparently all hardy, and ready for another term of service if needs be. Their Surgeon is Dr. Theo. S. Christ, to whose fatherly care and strict discipline many of them ascribed much of their health, (probably not without reason, for a thoughtful, faithful man in that position can be very useful to the boys in many ways than one,) and they seemed grateful for it. The flag of the 45th (formerly Col. Welch's) has half a dozen fields emblazoned on its stripes, and is in tolerable good repair, but the loose end is mostly frayed out, by balls and by storms. They were fitted with new clothing, and rested some days at Cincinnati—so that their appearance was materially altered from what it was when they came out of the din and smoke and waste of East Tennessee. Indeed, the disguise was so complete that Doc. Christ met his own men now and then on the streets here and hardly knew them—especially, we suppose, those who had kept off the sick list.

—Some of the 45th had heard no news for weeks or months, and when they heard of the detention of business because the Cops wanted to take advantage of the absence of Maj. White, some of them "cussed" a little, and said they could "organize" the Senate with a good stomach if it was thought best.

The house passed the bill altering the time of election in Brady Twp., Union county, but the Cops will not allow it to pass the Senate in time to be a law, even if the policy of having elections in the same county on different days were deemed wise.

The Methodist churches have been enjoying interesting evening meetings for some time—also the Winebrennians and Freewill Baptists, the last of whom baptized 17 converts, last evening, in the pool of the Baptist house.

prisoner, some weeks since.) They had stopped, for a few days, in Cincinnati, to recruit, and had been refitted and clothed, throughout. One of our Officers told me that "the boys," while in East Tennessee, had hard times, indeed. The very day they re-enlisted, they had, as rations, one ear of corn per man, in addition to what some of them "foraged" away from the mules. Coming over the mountains, homeward, they wore out each a pair of shoes. Indeed, they looked worse than the Rebels, or the Arabs, and when they had donned their new outfits one Surgeon declared he hardly knew some of the very men he had scolded, and doctored, and physicked. They are in good spirits, and we hope may have a happy visit home, and exert a good influence there.

The 93d P. V., chiefly from Lebanon county, came in to-day, to the number of about 400, having re-enlisted. They are from the Army of the Potomac, and not having recently had as much powder, ball, mud and short rations, as the Army of the Cumberland, they were not re-dressed, and looked somewhat more rusty than our Western men. Their flag is inscribed with the names of many honored battle-fields.

News from Indiana county place Dr. Thomas St. Clair on the Administration ticket for Senator. He is a self-made, open-spoken man, and seems to have the confidence of the people. Those who want him to succeed Harry White, and who know of any voters in Armstrong or Indiana counties, should urge them to rally for St. Clair, and ensure his election by a sweeping, telling majority. The Cops leaders are putting their heads together to see what is best to do about it. A short time since, when they believed White had not resigned, and that the Rebels would not permit his resignation to be forwarded, they demanded a new election, and reproached our party for not having one. Now, they declare the resignation (which is undoubtedly genuine) a "forgery," and the election "illegal," although in every particular in conformity to law. Thus do they seek to mislead and delude their followers.

## THE COPS STILL STUBBORN.

In the Senate, this morning, with the hope of some progress in the necessary business of the body, the following fair proposition was offered by Mr. Turrell (Rep):  
"Whereas, in the present equally divided condition of this body, it seems impossible to elect a new Speaker, or to take action upon strict party questions, therefore,  
"Resolved, that until the return of the Election for Senator in the Armstrong and Indiana district, the Senate will confine itself to local bills, and to such necessary State legislation as has no partisan character."

Mr. Lumberton (Cop.) objected—refused—and this perfectly reasonable offer was lost by the usual straight party vote. Well, "it's none of our funeral." The Election will come, and those Senators are only wasting the money, time, and patience of the people, and driving nails in their own political coffins.

Col. Richard Coulter, with his old Westmoreland 11th P. V., having re-enlisted, came into the City to-day. They number about 230, and are a hardy-looking Regiment of braves, who have stood many hard shocks. Their Colonel, I believe is a son of the late Judge Coulter.

Mr. Orwig (from Ind. Gen. Com.) has reported in House, (and Mr. Johnson has offered in Senate) the bill proposing Amendments to the Constitution.

Mr. Kelly, of Washington county, to-day raised quite a sensation by proposing that only loyal men should be paid damages for Rebel raid. He is said to be but 23 years of age, and having served at Pittsburg Landing and elsewhere, on hard-fought fields, is earnest in the work. He is a Union man, formerly a Democrat; his speech was strong, and was ably supported by Price of Delaware. The Democrats took it as a hit at them, and Sharpe of Franklin and Purdy of Northumberland defended their loyalty. The question was postponed for one day. Mr. Kelly says he had no party feeling in offering the resolution; that the Democrats appropriated it all to themselves, and their own speculation. It is a "bomb-shell" in the camp, which made the snakes squirm."

Wisconsin has done nobly for the war. Up to the first day of November last, she had placed in the field 84 regiments of infantry 3 regiments of cavalry, 12 batteries of light artillery, 2 batteries of heavy artillery, and 1 company of sharpshooters. Of this number, nearly half have been lost to the service by death, discharge and desertion. Indiana has just sent 5,000 recruits to the front.

## Latest News

Fortress Monroe, Feb. 8.—The expedition having returned, we are permitted to state the following facts: On Saturday morning General Butler's forces, under command of Brigadier General Wistar, marched from Yorktown by the way of New Kent Court House. The cavalry arrived at 2 o'clock yesterday morning at Bottom's Bridge, across the Chickahominy, ten miles from Richmond, and endeavoring by a surprise to liberate our prisoners there.

The cavalry reached the bridge at the time appointed, marching forty-seven miles in sixteen and a half hours. A force of infantry followed in their rear, for the purpose of supporting them. It was expected to surprise the enemy at Bottom's Bridge, who had for some time on a small picket there. The surprise failed because, as the Richmond Examiner of to-day says, "a Yankee deserter gave information in Richmond of the intended movement." The enemy had fled a large amount of timber, so as to block up and obstruct the roads, and make it impossible for our cavalry to pass.

After remaining at the bridge from two o'clock until twelve, General Wistar joined them with his infantry, and the whole of the surprise having been defeated, General Wistar returned to Williamsburg. On his march back to New Kent Court House, his rear was attacked by the enemy, but they were repulsed without loss to us. A march by our infantry, three regiments of whom were colored, of more than eighty miles, was made in fifty-six hours. The cavalry marched over one hundred miles in fifty hours. This shows that it is possible to make a campaign in Virginia in winter.

The Montgomery (Ala.) Daily Mail has the following significant announcement: Rumors of an evacuation of Richmond are gaining credit. There is a movement on foot which will create more consternation at Richmond, than anything that has occurred during the war.

THE Confederacy is breaking down, and the War will soon be over. I have been detailed by Burnside as a Recruiting Officer for the 9th Army Corps at Lewisburg, and have opened an office in the rear of Esq. Meitz's office, at Market St. near the Bank, where I will be glad to give any information desired.

He calls upon all having the good of the country and the triumph of our arms at heart, to use every effort to help on this work by voting large bounties from the respective towns and counties, by procuring recruits, assisting recruiting officers, and by such other means as an ardent patriotism may suggest. In no place can volunteers be so useful to the cause and so soon become good soldiers as in the ranks of veteran organizations under experienced officers. The undersigned has every hope that the loyal people of Pennsylvania will send those regiments back to the field with full ranks to bear a proud part in the closing scenes of this glorious war.

Captain John A. Morris, A. Q. M. is appointed Chief of the Recruiting Service of the Ninth Army Corps for Pennsylvania, with headquarters at Harrisburg.
