Buckeye Mower & Reaper, THE subscriber has just opened a Family Grocery and Provision Store, in Reber's building (late Kreamer's Tinkery) West end of Market Square, where he has just received a well selected assortment of fresh GROCERIES AND PROVISIONS, such as Coffee, Tea, Chocolate, Sugar, Molasses, Fresh Meat, Spices, Butter, Raisins, Apples, Peaches, Figs, Currants, Prunes, Grapes, Lemons, Oranges, Fruit Cakes, Cakes, Biscuits, Crackers, Cloves, &c. Flour and Feed, Corn, Cattle Powder, QUEENSWARE, Window Shades, Mattings, Stoves, Polish, Nails, Putty, Talcum, Candles, and everything else in the Grocery line, at which he offers at the lowest prices for Cash or Country Produce. CHAS. S. ROLAND, Lewisburg, May 7, 1863.

THE unparalleled success of the Buckeye is the strongest proof of its superior merits. And its reputation is so well established that since its introduction the manufacturers have been entirely unable to supply the demand. We will call attention to a few of its points of excellence and the farmer to give it a personal examination. The Two Driving-Wheels, &c. THE TWO DRIVING WHEELS—the Patents and Springs, by which the machine may be thrown out of gear, or be locked without vibrating the knives—the Steel-Cutter Bar—the Wrought-Iron Guard, with Hardened Steel Face or Cutting Edge—the Double-Hinged Joint, by which the Cutter Bar may be Folded—the long Crank Shaft—the Steel Spring and Wheel, by which the Cutter Bar may be raised and lowered so as to cut as low to the ground as may be desired—the Steel Pitman and Brass Box—its Light Draft—its (No Side Draft)—no weight on the horses' necks—backs as easily as a cart—all of which form a combination of advantages which no other machine possesses. No Gearing on the Driving Wheels. A team of horses weighing 900 lbs. each, will cut an acre of grass an hour with ease. The machine is furnished with two Cutters for cutting grain, and the other for cutting grain (each expressly adapted to its use intended). No effort will be wanting to maintain the Buckeye in the enviable position it now occupies, that of being the Best Machine in the World! During last harvest hundreds of Farmers, in consequence of our inability to supply the demand were unable to obtain the Buckeye, and were forced to purchase an inferior machine. The continued scarcity of laborers and the new call on the government for troops, will take many more laborers from the country, and the farmer will have to rely entirely upon machinery in gathering his hay and grain crops. Farmers who would avoid disappointment in procuring a Buckeye can send in their orders now. We are now prepared to fill orders for the coming harvest.
