Careless People.

Only the other day our nerves were worked up to explosion point by an account of a perilous surgical operation, by which a woman's trachea was opened to remove a silver dime which had lodged there. And how on earth did a silver dime ever get in a woman's windpipe? Simply because she was careless, and laughed with her mouth full of small coins. Was there no other place where she could keep her ten-cent pieces?

We do feel sorry for a creeping baby when it gets hold of the bars of a grate by mistake, or cuts its fingers, or bumps its head, but for grown people who suffer from their own recklessness we have little patience.

What is the use of a woman's converting her mouth into a pin-cushion, and then expecting our sympathy, when a sudden sneeze or an unexpected cough imperils her life?

What is the use of a man balancing himself on an oscillating chair, instead of sitting up straight like a Christian? Are we expected to find vinegar and brown paper for the contusion on the back of his head when finally he comes down with a crash (and serves him right)?

What is the use of a woman's picking her ears with a long knitting needle, as half the women do, when a child running against her would send the instrument three inches into her brain, if she has any?

What is the use of a man's handling a loaded gun as though it were a broom-handle, and then accuse Providence because the charge goes into his head or foot, as he might have known it would?

What is the use of a woman's buying arsenic to poison rats, and putting it just where the children will be sure to get at it? What does she suppose her reasoning faculties were given to her for?

What is the use of leaving children to play by themselves in a room where there is fire, or postponing the sweeping of that dangerous chimney until "to-morrow?"

What is the use of endangering life by the use of the fiend camphene as long as anything else will give light? Those who persist in this practice must have a greater fancy for being turned to death than the rest of the world!

In short, what is the use of careless people?

SNAKE STORY.—Between the point of Lookout Mountain and Bridgeport, down the Valley of the Tennessee, lie 25 miles of dead mules, in one continuous string; the head of the first carcass lying on the "quarter deck" of the one behind him, and so on throughout the entire distance. Just imagine a convulsion of nature of sufficient magnitude to bury these remains as they now lie, and phancy the pheelix of a future Agassiz, who in his geological researches, strikes either of the termini, and attempts to exhume the entire "snake." Won't it knock the socks off the saurians of the diluvian period! Twenty-five miles of vertebræ with two pedal arrangements every three feet! What a belly-side-show for a future circus! It will probably be called "the old copperhead of the rebellion period"—admission ten cents—Peace Democrats half price.—*Chattanooga Gaz*

ARKANSAS.—At the election just held, Isaac Murphy the Union Emancipation candidate was elected Governor by a large majority, and the new State Constitution, which provides for immediate emancipation was almost unanimously ratified. The number of votes polled was much larger than was expected, and was ample to bring the State under the terms of the President's amnesty proclamation. Violent threats were made by the guerrillas and other secessionists to keep the citizens from voting to restore the State to the Union, but they were useless. The people were sick of treason and its consequences, and risked their lives to record their votes at the polls. Before many months Arkansas will be in the Union again as a sovereign State—but this time she will be on the side of freedom, not o slv ry.

SPOTTED FEVER.—Hearing of the ravages that the black or spotted fever is making in your county and vicinity prompts me to let the people of Susquehanna county know of a remedy that saved many lives in Vermont over fifty years ago. The same disease broke out there, and proved fatal, until one case occurred in which no doctor could be had. They tried sweating the patient by boiling hemlock boughs and placing the patient over the steam, and giving him hemlock tea to drink, both hot and strong, which soon produced perspiration. All that followed this prescription got well, and hardly a family went to bed without a good quantity of hemlock boughs that could be used in case of necessity.

The Copperheads of New Jersey Legislature lately attempted to pass a law forbidding any soldier to approach the polls on election day, under a severe penalty. This, was intended to prevent them from exercising the elective franchise, if any of them should happen to be at home. When the question was taken in the House of Representatives, the bill was defeated by a tie vote—27 to 27. A few of the members refused to aid the malignant designs of their disloyal colleagues. The soldiers will be likely to remember the kind intentions of the New Jersey secessionists.

The Pennsylvania Railroad Company are experimenting with steel rails and steel capped rails. The first cost is much greater than that of iron rails, but it is claimed that in the end they are cheaper, that they are less liable to break, that better time can be made on them, and that the wear of the rolling stock is less.

Corn is very plenty in the vicinity of Natchez at ten cents per bushel in the field, where it has been left ungathered in consequence of most of the able-bodied negroes having joined the Union army.

The rebels say they destroyed $6,500,000 worth of public property at Norfolk when they evacuated the place.

Agricultural Implements.

AGRICULTURAL Implements, since the commencement of this War, have been in great demand, and good machines are valuable as to their merits and worth only.

In the year 1862, Messrs. J. S. MARSH & CO. sold one of their Improved Reapers to Henry Stuck for $130. On the 18th of February, *the same Reaper was sold at a Public Sale, on the farm of Henry Stuck, near Carlisle*, for **$139**, *after being used two seasons.*

Messrs. J. S. Marsh & Co. are manufacturing a large number of their machines, with improvements, this season, for the coming Haying and Harvest; and as to the merits of their **Combined**

MOWER AND REAPER,

would refer those wishing to purchase the coming season to the following named persons, who purchased of them last season:

Jos. M. Nesbit, Joseph Canlor, Thomas Strawbridge, Frederick Ireas, Hiram Bunkle, Charles Hottenstein, John Hand, David Stahlenecht, Russell Smith, Wm. and Thomas Nesbit, of Northumberland county.

Christian Stahlfaser, Jacob Stahlfaser, Robert Barber, Frederick Fenton, Gen. Schenker, Martin Melvell, John Meyer, Samuel Pellman, S. S. Walter, John H. Yarger, of Union county.

John Hartzman, Daniel Diehler, Wm. Wert, Peter Eby, Jonathan Bonowitz, Philip Lehr, Jonathan Siegle, David Weaver, E. A. Pollinger, H. H. Lenkert, William Metz, Jacob Shaffer, of Dauphin county.

From the Pastor of the Baptist church, Bordentown, N. J., formerly of the South church, Philada.

* * * I have known Hoofland's German Bitters favorably for a number of years. I have used them in my own family, and have been so pleased with their effects that I was induced to recommend them to those others, and know that they have operated in a surprisingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those afflicted with the diseases for which they are recommended, to these Bitters, knowing from experience that my recommendation will be sustained. I do this more cheerfully as Hoofland's Bitters are intended to benefit the afflicted and is not a rum drink.

Yours truly, LEVI G. BECK.

From Rev. Dr. Brown, Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through mistrust of their ingredients and effects, I yet am of opinion that there is sufficient reason why a man may not testify to the benefit he believes himself to have received from any simple preparation, in the hope that he may thereby contribute to the benefit of others. I feel led to bear this testimony in regard to "Hoofland's German Bitters," prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt in six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

J. NEWTON BROWN, Philadelphia.

From the Pastor of the Germantown Baptist church.

Dr. C. M. Jackson—Dear Sir: Personal experience enables me to say that I regard the German Bitters prepared by you as a most excellent medicine. In cases of a severe cold and general debility, I have been greatly benefited by the use of the bitters, and doubt not that they will produce similar effects on others.

Yours truly, WARREN RANDOLPH.

From the Pastor of Hedding M. E. church, Philada.

Dr. Jackson—Dear Sir: Having used your German Bitters in my family frequently, I am prepared to say that it has been of great service. I believe that in most cases of general debility of the system, it is the safest and most valuable remedy of which I have any knowledge. Yours respectfully, J. H. TURNER.

From the former Pastor of the Orbanlust (N. J.) and Miesakoon (Pa.) Bapt. Churches.

NEW ROCHELLE, N.Y.

Dr. C. M. Jackson—Dear Sir: I feel a pleasure thus, of my own accord, to bear testimony to the excellence of the German Bitters. Some years since, being much afflicted with Dyspepsia, I tried them with very beneficial results. I have often recommended them to persons enfeebled by that tormenting disease, and have heard from them the most flattering testimonials as to its great value. In cases of general debility, I believe it is a tonic that can not be surpassed. JOHN M. LYONS.

From Rev. Dr. Winter, Pastor of Roxborough Baptist church.

Dr. Jackson—Dear Sir: I feel it due to your excellent preparation, Hoofland's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised, by a friend, to try a bottle of your German Bitters, I did so, and have experienced great and unexpected relief; my health has been materially benefited. I most heartily recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects. Respectfully yours,

THOMAS WINTER.

From Rev. J. S. Herman, of the German Reformed church, Kutztown, Berks county.

Dr. C. M. Jackson—Respected Sir: I have been troubled with Dyspepsia nearly twenty years, and never used any medicine that did me as much good as Hoofland's Bitters. I am very much improved in health, after having taken five bottles.

Respectfully yours, J. S. HERMAN.
