"If I could be instrumental in eradicating this deepest stain, slavery, from the character of our country, and removing all cause of represch on account of it, I would not exchange the proud satisfaction which I should enjoy, for the bonor of all the triumphs ever decreed the most tuccessful conqueror."

I have known Hoodand's German Bitters favorably for a number of vers. I have used them in my own family, and have been so pleased with their effect that I was Induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasen: by how punitely procisiming this fact, and calding the attention of those, difficted with the diseases for which they are recommended, to these fitters, knowing from experience that my recommendation will be sustained, in this more cheerfully as Hoofand's litters is intended to benefit the afflicted and is not a run drink.
