I have used them in my own lamily, and have been so pleased with their effects that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of these affilied with the diseases for which they are recommended, to these litters, knowing from experience that my recommendation will be sustained. I yet have of no sufficient reason why a man may not iestify to the benefit he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others. I do this the more readily in regard to "Hoofsands German Bitters," prepared by Dr. C. M.
