I yet know of no submeth reason why a man may not result to the barefit he believes himself to have reselved, from any simple preparation, in the hope this he may thus contribute to the banefit of others. I go this the more resulty in regard to "Hooftand's German Bitters," prepared by Dr. C. M. Jackson, of this city, locause I was prejudiced against them for years, under the impression that they were chiefly an alcoholic mistore. I am indebied tony thread Robert Shoemaker, Eq., for the removal of this prejudice by proper tests, and for encouragement to try them, when sufficing from great and long continued debility. The use of three bet thes of these Bitters, at the beginning of the present year, was followed by wident relief, and restoration to a degree of bodily and mental view which I had not fit in six months before, and had almost despitive of regaining.
