How the patriot Soldiers Talk.

BT PRIVATE MILES O'RAULLT. We have heard the little yell, We have baard the Union shout, We have weighed the matter ions and well, And we mean to Field I If OUT; In victory's happy clow, In the gloom of siter ront, We have pledged surveives—"Come weal or w By Hearen! we'll fight it out."

Tis now too late to question What brought the war about; Tis a thing of prile and passbon; And we mean to fight it out. Let then being wight use the pen, Let them cancers, let them spont. We are half a million we respond metry. And mean to fight it out.

Our dead, our loved, are crying From many a stormed redenbt, In the swamps and trenches lying— "Oh, coursales, 6gbt it out!" Twas our comfort, as we full, To hear your gathering shout, Bolling back the Robels' weaker gell— God speed you, fight it out!"

The negro-free or stare-The age to phy about, But for the Flag our Fathers gave We mean to fight it out; And while that benner brave One Robel ray should foot, With volleying arm such fashing glaive, By Beaven 1 we'll fight it out!

Oh, we've heard the Robel yell, We have heard the Eulon show we nave nearly the Coim short, We have weighed the matter very well, And mean to fight it out: In the flux of perfect triamph, And the gloom of utter next. We have sworn, on many a bloody field, "We mean to fight it out!"

EXECUTIVE MANSION, Washington, Sept. 3, 1864. }

The signal success that Divine Provi dence has recently vouchsafed to the operations of the U. S. fleet and army in the harbor of Mobile, and the reduction of Fort Powell, Fort Gaines and Fort Morgan, and the glorious achievement of the army under Major General Wm. T. Sherman in the State of Georgia, resulting in the capture of the city of Atlanta, call for devout acknowledgment to the Supreme on next Sunday, in all places of public worship in the United States, thanksgiving be offered to Him for His mercy in preserving our national existence against the insurgent rebels who so long have been waging a cruel war against the Government of the United States for its overthrow, and also that prayer be made for the Divine protection to our brave soldiers in and for New Berlin borough. Too Hard to Swallow !

Sam. Medary, editor of the Columbus (O.) Crisis, and an influential leader of the Buckeye Democracy, said :

" It is well known that Gen. M'Clellan has not one spark of pretensions to the Presidency except what he has made out of this war under Mr. Lincoln. He never held a civil office in his life. Dennison brought him forward as a military man. Yet in three years, as a more soldier, he rises to the demands of the Presidency to head a party which is for peace-a posi-tion requiring! a statesman of enlarged views and a statesman's experience. And for what ? That a few men who have got his ear may get foreign missions and home positions, at the expense of the peace of the country and the lives of their constituents. This is paying too dear for such whistles, and, for one, we protest against it in behalf of our bleeding, ruined, and [

U-S. stocks was over twenty per cent. It will be seen that the actual profit on this loan at the present market rate, is not less than ten per ceut. per annum.

But aside from all the advantages we have enumerated, a pspecial Act of Congress exempts all bonds and Treasury nides from local taxation. On the average, this exemption is worth about two per cent. per yanum, according to the rate of taxalion in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issuid by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or seperate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

KNUCKLER WASHING MACHINE.
