LEWISBURG, UNION CO., PA., FRIDAY, SEPT. 9, 1864.

"THE UNION," established in 1844—Whole No. 2,655.

"CHRONICLE," established in 1843—Whole No. 1,064.

## THE TWO PLATFORMS

### Republican or Union Platform adopted at Baltimore.

Resolved, 1. That it is the highest duty of every American citizen to maintain, against all their enemies, the integrity of the Union, and the permanent authority of the Constitution and laws of the United States; and that, laying aside all differences and political opinions, we pledge ourselves, as Union men, animated by a common sentiment, and aiming at a common object, to do everything in our power to aid the Government in quelling, by force of arms, the Rebellion now raging against its authority, and in bringing to the punishment due to their enemies, the Rebels and traitors arrayed against it.

2. That we approve the determination of the Government of the United States not to compromise with Rebels, or to offer any terms of peace, except such as may be based upon an unconditional surrender of their hostility, and a return to their just allegiance to the Constitution and laws of the United States; and that we call upon the Government to maintain this position, and to prosecute the war with the utmost possible vigor to the complete suppression of the rebellion, in full reliance upon the self-sacrifices, patriotism, heroic valor and undying devotion of the American people to their country and its free institutions.

3. That, as Slavery was the cause and now constitutes the strength of this rebellion, and as it must be always and everywhere hostile to the principles of republican government, justice and the national safety demand its utter and complete extirpation from the soil of the Republic; and that we uphold and maintain the acts and proclamation by which the Government, in its own defence, has assumed a death blow at this gigantic evil. We are in favor, furthermore, of such an amendment to the Constitution, to be made by the people in conformity with its provisions, as shall terminate and forever prohibit the existence of slavery within the limits or jurisdiction of the United States.

4. That the thanks of the American people are due to the soldiers and sailors of the army and navy, who have perilled their lives in defence of their country, and in vindication of the honor of the flag; that the nation owes to them some permanent recognition of their patriotism and their valor, and ample and permanent provision for those of their survivors who have received disabling and honorable wounds in the service of their country; and that the memory of those who have fallen in its defence shall be held in grateful and everlasting remembrance.

5. That we approve and applaud the practical wisdom, the unselfish patriotism and the unswerving fidelity to the Constitution and the principles of American liberty, with which Abraham Lincoln has discharged, under circumstances of unparalleled difficulty, the great duties and responsibilities of the Presidential office. That we approve and endorse, as demanded by the emergency, and essential to the preservation of the nation, and as within the provisions of the Constitution, the measures and acts which he has adapted to defend the nation against its open and secret foes; that we approve, especially, the Proclamation of Emancipation and the employment as Union soldiers of men heretofore held in slavery; and that we have full confidence in his determination to carry these, and all other constitutional measures essential to the salvation of the country, into full and complete effect.

6. That we deem it essential to our general welfare, that harmony should prevail in the national councils, and we regard as worthy of public confidence and of official trust those only who cordially endorse the principles proclaimed in these resolutions, and which should characterize the administration of the government.

7. That the Government owes to all men employed in its armies, without regard to the distinction of color, the full protection of the laws of war; and that any violation of these laws or the usages of civilized nations, in time of war by the Rebels now in arms, should be made the subject of prompt and full redress.

8. That foreign immigration, which in the past has added so much to the wealth, development of the resources and increase of power to this nation, the asylum of the oppressed of all nations, should be fostered and encouraged by a liberal and just policy.

9. That we are in favor of the speedy construction of the Pacific Railroad.

10. That the national faith, pledged for the redemption of the public debt, must be kept inviolate; and that, for this purpose, we recommend economy and rigid responsibility in the public expenditures, and a vigorous and just system of taxation. That it is the duty of every loyal State to sustain the credit, and promote the use, of the National currency.

11. That we approve the position taken by the Government, that the people of the United States can never regard with indifference the attempt of any European power to overthrow, by force, or to supplant by fraud, the institutions of any republican government on the Western continent; and that they view with extreme jealousy, as menacing to the peace and independence of this our country, the efforts of any such power to obtain new footholds for monarchical governments, sustained by foreign military force, in our proximity to the United States.

Above we fairly present—side by side—each in their own words—the Declaration of Principles by which the Administration and the Opposition parties propose to conduct the Government.

It is the serious duty of every voter—as he values the future prosperity and glory of his country—to closely scan the words and the spirit of both Platforms, and see not only what they say but also what they do not say.

It will be observed that the professedly Democratic Platform (on which Gen. McClellan runs) has no direct word of condemnation of the Rebels who are wickedly and causelessly drenching our land in blood, nor of Slavery the root of the Rebellion. But it has much to say against the sworn officials who are struggling to preserve the Union of our fathers!

### Democratic or Copper Platform adopted at Chicago.

Resolved, That in the future, as in the past, we will adhere with unswerving fidelity to the Union under the Constitution—the only solid foundation of our strength, security, and happiness as a people, and as a framework of government equally conducive to the welfare and prosperity of all the States, both Northern and Southern.

24. That this Convention does explicitly declare, as the sense of the American people, that, after four years of failure to restore the Union by the experiment of war, during which, under the pretense of a military necessity or war power higher than the Constitution, the Constitution itself has been disregarded in every part, and public liberty and private right alike trodden down, and the material prosperity of the country essentially impaired, justice, humanity, liberty, and the public welfare, demand that immediate efforts be made for a cessation of hostilities, with a view to an ultimate convention of all the States, or other peaceable means to the end that at the earliest practicable moment peace may be restored on the basis of the Federal Union of the States.

34. That the direct interference of the military authority of the United States in the recent elections held in Kentucky, Maryland, Missouri and Delaware, was a shameful violation of the Constitution, and the repetition of such acts in the approaching election will be held as revolutionary, and resisted with all the means and power under our control.

4th. That the aim and object of the Democratic party is to preserve the Federal Union and the rights of the States unimpaired; and they hereby declare that they consider the Administrative usurpation of extraordinary and dangerous powers not granted by the Constitution, the subversion of the civil by military law in States not in insurrection, the arbitrary military arrest, imprisonment, trial and sentence of American citizens in States where civil law exists in full force, the suppression of freedom of speech and of the press, the denial of the right of asylum, the open and avowed disregard of State rights, the employment of unusual test-oaths, and the interference with and denial of the right of the people to bear arms, as calculated to prevent a restoration of the Union and the perpetuation of a government deriving its just powers from the consent of the governed.

5th. That the shameful disregard of the Administration to its duty in respect to our fellow citizens who now and long have been prisoners of war in a suffering condition, deserves the severest reprobation, on the score alike of public interest and common humanity.

6th. That the sympathy of the Democratic party is heartily and earnestly extended to the soldiers of our army, who are and have been in the field under the flag of our country, and, in the event of our attaining power, they will receive all the care and protection, regard and kindness, that the brave soldiers of the Republic have so nobly earned.

OUR COMMENTS ON THE ABOVE.

1. "In the past," your party started off our Rebels. Rebels now claim, that, "under the Constitution," they have the right to set up independence as they please! So that this resolution is only an imperious expression of an abstract opinion. Compare it with the Republican Union plank, on the same point.

2. In the eyes of the McClellanites, it is of no account that our brave men have won a hundred glorious victories—have recovered half the territory the Rebels first held—that the Rebel harbors are all closed,—that Grant and Sherman seem about to throttle the monster! We must yield all these advantages—forego our present chances—give the Rebels time to gain men and means at home and abroad... for what? To have a talk, at some unknown future time, with Jeff. Davis & Co! But Davis explicitly says (with all his leading men) it will be useless to talk except on a basis of ETERNAL DISUNION!

3. This means that Rebels in the States named must be allowed to vote freely, or the Democrats will create riots and a counter-revolution.

4. Just that way talk Secessionists everywhere. No true Union man is or need be afraid of the exercise of the powers usual to war times. But it is not strange that these people find so long an array of faults with the administration of Mr. Lincoln, and have not one word to say against the Davis dynasty?

5. Your sympathizers in rebellion are those who abuse our prisoners and hinder their exchange. Sustain the Government like honest men, and the war must end.

6. The "soldiers" know how you denied them the right to vote, when you could—they know how you denounce and hinder the prosecution of the war—they know how your Vallandigham, your Pendleton, your Powell, and other leaders, refused to vote them "another man or a dollar"—and they know you are co-operating with and encouraging the Rebels to continue this wicked strife to destroy the Republic which our brave boys are risking life to sustain! In due time, the Soldiers' votes will tell just how much "sympathy" they have for you and for your platform!

The First State Election since the Chicago platform was laid,

was in VERMONT, on Wednesday last. The result is the Union Ticket sustained by an INCREASED MAJORITY, showing

### 5,000 Gain!

(Correspondence of the Star & Chronicle.)  
FROM OUR "FIVE HUNDRED THOUSAND MORE."  
CAMP COUCH, (near)  
Chambersburg, Sept. 2.

On the 30th ult., Col. A. W. 201st P.V. crossed the Harrisburg bridge, and took the cars. Passed through Mechanicsburg, Carlisle, Shippensburg, and other towns, where we were welcomed by the waving of flags and handkerchiefs by the fair as well as the sterner sex. We reached Chambersburg about four o'clock, and looked at the ruins of that late happy and thriving place, now made desolate by the hands of traitors. Then started for the camp we now occupy, about four miles west of town. We drill six hours per day, beside dress parade, and are getting along finely. We have good officers, and the Regiment numbers about a thousand men. My Captain (G. W. Foss) is a fine man as I ever met with; he is a brother Typo, and is much liked by his men.

[We read that the 201st has since been ordered to Barre, Cabins, further west. In Capt. Foss's Company (C) are the following from Lewisburg: Wilbur F. Blair (7th Corp.), James Mackey, David Martin, Tilghman F. Stadler, Cassius C. Wirtz, and Wm. R. Russell. Rev. Mr. Rakestraw, of the M. E. Church, Harrisburg, is Chaplain of the Regiment, and Dr. Wagoner, Selingsgrove, chief Surgeon. In Co. I, (Capt Miles) we notice S.O.M. Curdy, 2d Lieut., and A. H. Baum, 7th Corp. L. P. Dickey, and 19 others from Watsonstown are credited to Schuylkill county, Wm. C. Kennedy to Adams, Wm. M'Alarney to Montgomery.]

Prices of Flour.  
A subscriber hands us a table showing the variations in the cost of flour, since 1796. We copy a few of the highest and the lowest:

1796 (Peace)	\$12.00	\$15.00
1800 "	11.25	11.50
1805 "	11.00	13.00
1810 "	7.75	12.00
1813 (War)	9.50	11.00
1817 (Peace)	13.50	14.25
1821 "	3.75	4.00
1825 "	4.87	5.12
1835 "	4.87	5.00
1837 "	10.75	11.00
1843 "	3.63	3.87
1847 (War)	4.75	6.12
1850 (Peace)	4.81	5.00
1855 "Wheat, \$2.50 to \$3 per bush.		
1864 (War)	2.25	

So it seems that our people have paid higher prices for flour, in times of Peace, than in time of War. "Old Abe" was not born in 1796, and in 1817 he was but about ten years old—so that attributing the rise or decline in flour to "Lincoln's war" is all "boosh." It is a false cry, intended to deceive those who do not think, or who have not such facts as the above to show that prices vary according as crops are large or small.

Three Soldiers' Elections.  
On the 2d inst., at the Officers' Hospital, Annapolis, a ballot for President was taken, which resulted as follows:

McClellan received	237 votes
McClellan	32
Fremont	1

At the Medical Purveying Department, in Baltimore, the Soldiers voted—  
McClellan and Johnson 23  
McClellan and Pendleton 1

At the Armory Hospital, Camden St., Baltimore, the vote stood:  
Abraham Lincoln 250  
Geo. B. McClellan 78

—All the above are given, on the authority of responsible persons, in the Harrisburg Telegraph of the 6th inst. They show the decided preponderance of the earnest men in the service for the President who is in earnest in putting down the Rebellion.

We learn by *Military Telegraph* that Sa. Gatelus, Wm. M'Alarney, Laird Irwin and O. Lassells join Cap. Irwin, 12th Cav., and Ch. E. Haus, Jos. Bowes, Jno L. Strong, Jas. Loos and Jos. Booth, join Col. Storer's 184th P. V. Benj. M. Corwin is 1st Lieut. in 1st Pa. Bat. George A. Ford, of Foster's Co., 51st P. V., was killed at the Weldon railroad.

The church bells in Lewisburg were rung on Wednesday, in honor of the recent victories. All over the free land, joyful public demonstrations of the events were made.

Col. A. J. Herr is recommended for Congress by the Union party in Dauphin, and Col. J. J. Patterson in Juniata. The Conference will be held early next week.

Valuable Town & Country Property.  
Good Town property, Timber land and other Real Estate are advertised for sale in to-day's paper.

Ve-ry "Un-con-sti-tu-tion-al." "Irregardless" of the Chicago Copperhead Platform, SHERMAN whipped the Rebels at Atlanta, and FARRAGUT shunt them up at Mobile!

P.S. Instead of an "armistice," tyrant Lincoln's men just killed John Morgan the freetrader, and "arbitrarily arrested" the pirate Georgia!

P. S. 24. The people of Vermont—as if they had no regard for the sensibilities of McClellan, Vallandigham, J. E. Davis & Co.—have voted in the O. J. Abbe candidates by an increased majority!

P. S. 3d. Behold the Soldiers' votes!

The Opposition in Lycoming county has a quarrel about Senator. Mr. Humes, their nominee, is opposed by those who came all the way to Union county to persuade one of our citizens to run, promising him a thumping majority!

Eight years ago, this county gave Gen. Fremont, for President, 300 or 400 majority—but, (under other auspices) we do not know the first vote he is sure of, now. Four years ago (in a state of affairs now insupportable) Union county gave John Walls, 200 or 300 majority for Associate Judge—but, should he run as the choice of the politicians of the *Argus* and *Times* stripe, the figures would be widely different. Many of his political opponents, respecting him as a good citizen, complimented him with votes for a non political position. But that honor, they argue, squared the account; they would much rather see his pleasant face on the bench, or trade with him in the store, than have him away off in wicked Harrisburg, endangering his health, neglecting his family, and voting for Copperhead U. S. Senators and all that sort of thing!

P. S. The Judge has not resigned his present seat in view of a doubtful chance for another!

We are informed that several melancholy looking individuals came to Lewisburg through the rain, Monday last, and after a great deal of coaxing and coaxing made out a Chicago Platform ticket, as follows:

Congress—W. H. Miller. Senate—John Walls. Assembly—Chas. Wilson. Sheriff—C. D. Cox. Commissioner—Adam Young. Auditor—Jas. Crossgrove. Currier—

In Snyder county, they nominated W. H. Miller for Congress; Thomas Bower for Senate; Daniel S. Boyer for Assembly; Andrew Keller for Prothonotary; Jacob S. Smith for Register; J. W. Knight for Attorney; Wm. Garmon for Commissioner; Philip M. Teate for Surveyor; and William Boyer for Auditor. The "old tyrant, Abe Lincoln," got all the abuse—"Hon. Jefferson Davis" none—of the performance.

Wm. Burgess, the Quaker editor of the Wyoming Republican, Tankhannock, has buckled on his armor as a soldier in this most righteous of defensive wars. He retains his opinion of the heinous wrong of offensive wars.

Capt. Jacob Neyhart, Co. I, 202d P. V., has received a splendid sword, sash and belt, a present from his Company of Union county men. We expect a list of the Company, shortly.

Last week, near Watsonstown, that hale old Englishman, Dea. Rest Penner, and his wife, had their golden wedding—the fiftieth anniversary of their marriage.

Every loyal State Election in 1864 has pronounced in favor of Abraham Lincoln's administration and against Jeff. Davis and his Northern co-operators.

Capt. J. P. Shindel Gobin, Co. C, 47th P. V., is promoted to be Major. E. C. Gobin has opened a Law office in Harrisburg... both, late of Sunbury.

Atlanta was the manufacturing and railway center of Georgia, and its capture is as important as that of Richmond.

A CARD.  
Prof. Sibbet, of New York City, would inform the citizens of Lewisburg and its vicinity, that he has opened reception rooms at the Revere House, (for a few days only) where he would be pleased to meet with any whose hair is falling off, or whose scalps may be in any manner diseased. The study of years devoted to the various diseases of the scalp and hair, has forced me to the conclusion, that hair tonics, used without any reference to the condition of the scalp, can be of but little or no service. Individual cases there may be, where, the party using a tonic for the hair may be benefited thereby, because it may be just adapted to the condition of the scalp. But in the large majority of cases, as the experience of the many demonstrate, they have not only received no benefit, but rather injury from the use of many of the Hair Tonics of the day. I claim to have been successful in restoring the hair, when the germ is left; because in all cases I compound the remedy to suit what may be the peculiar condition of the scalp at the time of the application. My examinations are free, and I flatter myself that I can convince any one, who may be unprejudiced, that in the large majority of cases the hair can be restored, and that when it falls off and becomes prematurely gray, thin, and bald, that these are only effects proceeding from some diseased condition of the scalp. Persons wishing to consult with me will do well to call early, as engagements elsewhere will prevent my staying but for a short time.

### Another Pirate taken!

LONDON, Aug. 26.—The U. S. frigate *Niagara* seized the Rebel privateer *Georgia*, twenty miles off Lisbon, put a prize crew on board, and sent her to New York. The *Niagara* landed the captain and crew at Dover. The *Georgia* when seized, was under the British flag. There is much difference of opinion as to the equality of the capture, but general satisfaction is expressed.

WASHINGTON, Sept. 7.  
The Provost Marshal General's office is busily engaged in arranging the credits of the several districts, and is ordered to draft without delay for the deficiencies in the districts that have not filled their quota, beginning with those most in arrears. Credits for volunteers will be allowed as far as possible, but the advantage of filing the armies immediately requires the draft to be speedily made in the defaulting districts.

EDWIN M. STANTON,  
Secretary of War.

### End of Morgan the Brigand!

KNOXVILLE, Sept. 5.—The following official telegram from Gen. Gilliam was read early this evening:

BULL'S GAP, Tenn., Sept. 5.  
GEN. TILGHMAN—I surprised, defeated and killed John Morgan at Greenville this morning.

The killed are scattered for miles and have not yet been counted. They probably number 50 or 100. About 75 prisoners were captured, and among them were Morgan's staff, also one piece of artillery and an ossion.

The enemy's forces outnumbered mine, but the surprise was complete.

Signed, ALEX. C. GILLEM.

A Lincoln and Johnson meeting was held at New Orleans on the 13th. It was held in a public square, which was crowded with people, and fluently illuminated with lamps, transparencies, and arches of gaslight. The enthusiasm was intense.

The *Palmetto Herald* of the 1st, is received, but contains no news except that the Rebel officers will soon be placed under fire. Three have attempted to escape, but were recaptured.

WILMINGTON, Del., Sept. 6.—At the municipal elections, to-day, the Union party had elected every candidate in every ward.

Secretary Seward publicly expresses the opinion that volunteering will supersede the necessity of a draft, (except in some dark Copperhead dens.)
