Unfortunate Points.

General M'Clellan has been suspected of entertaining strong pre-slavery and Bouthern feelings, and one event in his life certainly gives color to the suspicion. He, for a long time, preferred to take up his residence in the South, and while livlog in New Orleans was an intimate companion of Beauregard. His Southern presivities were at that time not conceal-4. Indeed, so well known were they that Gen. Qeitman selected him as one of the fee officers required to assist him in commanding the fillibustering expedition egelast Cube, undertaken during the Adinistration of Pres. Pierce, but nipped In the bad by Governor Marcy, Secretary of State, who prevented the expedition from leaving Mobile. We may add to the foregoing the fact that, when Gen. M'-Clellan was made Commander-in-Chief of the Union armies, the Richmond papers charged that he had offered his services to the Southern Confederacy when the war began, and the General has never denied the charge. All these circumstances, taken in connection with the favorable results to the Confederacy of his generalship, may account for the great respect with which the South has always spoken of the American Napoleon.

Another damaging fact in history is that M'Clellan is one of the three men pecially selected by Jeff Davis (as See'y of War) to visit Europe to perfect their military knowledge. They went, at the Nation's expense, and reported. Of the VOURSCIVES, three, two (Mordecai and Delafield) are new in the Rebel ranks, fighting the mother who bore and educated them. M'Clellan's elmidity prevented his following themyet, at the head of our Army, and as leader of the Opposition, he is answering Jeff.'s expectations quite as well.

GREAT TRUTHS!

Before Georgia seceded, Hon.A.H. STEPHENS said, in her Convention, What right has the North assailed ? What justice has been denied ? And what claim; foun-ded in justice and right, has been withheld ? Can either of you to day name one single act of wrong, deliberately and purposely done by the Government at Washington, of which the South has a right to complain ? _D I challenge the
