John A. Logan on Pendleton.

We commend to Union soldiers and the friends of Union soldiers the following remarks on l'endicton by the brave Gen. Logan, who served in Congress with Pendieton, and denounced him on the floor of the House as a traitor :

"They ask me to vote for George B. M'Clellan on such a platform as this? I would not vote for him on that or any other platform, for Vice President or any other office, if the devil were a candidate against him. Why do I say so? I served with him in Congress, and I have been forced and compelled to denounce to do so to-day. I have heard from his lips, in the halls of Congress, before he was even thought of as a candidate, words: of treason and disloyalty. He has denounced this war from the time it commenced. He has never voted a solitary dollar, nor a cent, in favor of prosecuting this war, no matter how the money was to be expended-whether for food for the soldiers or anything else-not one dollar has be voted that could be spent in any way against the Rebellion and in favor of the Government. I defy his friends today to point me to one line, or one syllable, ever written or uttered by him in favor of restoring this Government by putting down the Rebellion—not a word. But if you will read his speeches you will find that he has justified Secession. You will find that he has advocated State Rights, and said that he believed the people of the South had a right to secode, and the Government had no right to coerce them back into the Union. That is the doctrine he has advocated, and upon that record people ask me to vote for him."

Gen. Logan represented the "Egypt" part of Itimois as an ultra Democrat, and has proved himself a good fighting man.

Hear Gen. M' Clellan!

"I DESIRE to state clearly and distinctly that having some few days ago had a full conversation with Judge Woodward, I find that our views agree, and I regard his election as, Governor of Pennsylvania called for by the interests of the nation."-So wrote M'Clellan, from New Jersey, in 1863. Now hear Woodward!

Woodward's "view" was that soldiers should not be permitted to vote.

Woodward's "view," as avowed at the time, was that the South should be permitted to go peaceably rather than resort to coccrion.

Judge Woodward has formally enunciated the "view" that "slavery is an incalculable blessing !"

Hear them Both!

Woodward would not resign, as Judge, until elected Governor and M'Clellan will not resign, as General, unless be is elected President!

Grand Celebration at Baltimore.

BALTIMORE, Nov. 1. Emancipation was celebrated to-day, with spirit. At sunrise a grand salute of 100 guns was fired, accompanied by the ringing of church and signal bells; flags were displayed from the public buildings and many private dwellings. At noon the firing of salutes was resumed from Forts Federal Hill and Marshall, and the Christ Church bells joined in the merry peals, performing, at intervals, various national and patriotic airs, including "Hail Columbia," "Land of the Free," and the "Star-Spangled Banner."

Another Fraud.—Another fraud has been discovered in the West, where the Copperhead leaders have had thousands of envelopes printed, bearing the portraits of Lincoln and Johnson on the outside, and filled with the M'Clellan Electoral ticket. It is calculated that the soldiers in the army will have neither time or means of detecting this fraud, until it is too late; and it is just by these small tricks that M'Clellan's supporters hope to make him President. But, fortunately for the honor and safety of the government, these knaves are being detected in all their plots.

Thad. Stevens has a way of his own of drawing portraits. For example—

"If you wish a delicate writer to indite sonnets to a lady's eyebrows, choose M'Clellan. If you wish a rugged Anglo-Saxon writer to rouse a nation, take Lincoln
If they should encounter, either physically or mentally, the giant grip of the railsplitter will tear the polished dandy from the ground, and thurl him further than the Indian shoots his arrow. Which of these may will you choose to guide the roiling ship in the midst of a storm?"

ship in the midst of a storm?"

The celebrated Roman Catholic writer, Orests A. Brownson, heretofore vehemently opposing Mr. Lincoln, now declares that the choice between the candidates of Baltimore and of Chicago is virtually a choice between Union and Disunion, hence he goes for Mr. Lincoln. He says: "I cannot vote for a Peace ticket, for this war has c at me too much for me to be wifting it should end till the rebellion is "Said election to be opened between the hours of the says: "Said election to be opened between the hours of the says: "Said election to be opened between the hours of said the says: "Said election to be opened between the hours of said election to be opened between the hours of said election to be opened between the hours."

Said election to be opened between the hours. wiffing at the 1 and till the rebellion is put lows and the authority and majesty of the government vindicated."

Aaron Vanderpoel, of Ulster Co., NY., for many years a member of Congress from the Columbia district, and always a prominent leader in the democratic party of New York, has some out for Lincoln. He says: "I voted against Mr Lincoln in 1860, and for Horatio Seymour in 1862, but now feel called upon by every obligation of duty and patriotions to cast my vote for Abraham Lincoln and R. E. Fenton."

Another Murder .- On the 30th ult, near Clearfield, one Joseph Lansberry, a deserter, shot Lieut. Butler, an officer properly amborized to arrest him, and Mr. Butler died shortly after. Lausberry is protected and encouraged by the leading Copperheads of the county, on whose heads rests this murder and the death of the offender when he is apprehended.

Senator Browning of Illinois, who has been very extensively claimed as a supporter of M'Clellan, has written a letter denouncing the Chicago platform and the whole Copperhead party. He comes out. equarely and fairly for Lincoln and JohnCALL AT

U. S. 7.30 LOAN

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,-principal and interest both to be

paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fitty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As tho notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time, will be allowed a commission of one-quarter of one per cent.. which will be puid by the Treasury Department upon the receipt of a bill for the amount, certified to Physicians' prescriptions carefully by the officer with whom the deposit was made No deduction for commissions must be made from the deposits.

SPECIAL ADVANTAGES OF THIS LOAN.

Ir IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U S. Notes, considers that it is paying in the best circultaining medium of the country, and it can not pay in anything better, for its own assets are either in Government securities or in notes or bonds payable in Government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks and as collaterals for discounts.

Convertable Into Six per cent. 5-20 Gold Bonds In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than ninn per cent. premium, and before the war the premium on six per cent. Bor, Bottle, and Flask, before you buy.

U.S. stocks was over twenty per cent. It will be seen that the actual profit on this loan at the present market rate, is not less than ten per ceut. per annum.

> its Exemption from State or Municipal Taxation, But aside from all the advantages we have enumerated, a [special Act of Congress exempts all bonds and Treasury notes from local taxation. On the average, this exemption is worth about two per cent. per ynnum, according to the rate of taxation in various parts of the country. It is believed that no securities offer so

> great inducements to lenders as those issue by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or seperate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all obligations of the Inited States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty

and patriotism of the people. Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When ceiving the deposit, to be forwarded to

Treasury Department. Sunscaiptions will be neceived by th Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the

First National Bank of Milton-also of Danville,

and by all National Banks which are depositories of public money, and ALL RESPECTABLE BANKS AND BANKERS

throughout the country will give further infor AFFORD EVERY FACILITY TO SUBSCRIBERS. [1060m3]
