#### "Hayrer to Life's Minter, Mife!" Mearer to life's winter, wife ! We are drawing nearer, Memories of our blessed Spring

Growing dearer, dearer. Through the Summer's heat we've toiled,

Through the Automn weather We have almost passed, sweet wife! Hand in hand together.

Time was hearts were, well as feet, Lighter, 1 remember, April's locks of gold are turned Silver this November.

Flowers are fewer than at first, And the way grows drearer, For unto Life's Winter, wife ! We are drawing nearer.

Nearer to life's end, sweet wife ! We are drawing nearer ; The last milestone on the way To our sight grows clearer.

Some, whose hands we held, grew faint, And lay down to slumber ; Looking backward, we, to-day, All their graves may number.

Heights we've sought we've failed to climb, Fruits we've failed to gather ; But what matter, since we've still

Jesus and each other ?

## Copperhead Lamentations.

Some of the worst men in Ohio, a few mouths since, undertook to "get up a new Church," the ministers of which should never pray for our rulers, nor for the oppressed, but should preach only " the pure gospel," as founded upon the text. "Servants, obey your masters," with an exhortation, daily, "Cursed be Ham." It does not seem that this "peculiar church" has effected much-on the contrary, it is very much afflicted, if the annexed circular to the faithful few, from its accredited leader, is authentic !]

CROBON EN THE Non DESPENSABILIEN, ) November 14, 1964. The follerin Salm of humileashen and agony will be chanted in every church in my diocese, all day every Sundy until the Confedrits win a victry.

A double-barreld wale ! In the vally and shadder sit we ! Job hed biles, but he scraped hisself

with a oyester shell. Naman wur a leper, but doved into the

Jordan and cum out es good es noo. Sampson bed his bare shingled and wur week as waterd whisky, but it growd agiu

and he bustid his enemies. We her biles and are rotten with 'em, but wher's the comfortin oyster shell ?

We her leprussy, but whar's the Jordan to jump into?

Our bare is short, (and that's what our encasies hev got us,) but whar's the Restorative to make it grow agin ?

Job, and Namau, and Sampson, altogether, wusn't et bad off et we is. We kin thro in Lozzyrus with his sores, and the dorgs a liken uv them, and then giv 'em 50 in a 100 and beat 'em.

For we commuted Micklellan and Penfleton, at Sheeago, wun a war man and ring a large number of their machines, with tother a poace man. The ox and ass was yoked-their heds

different direckshuns, and we fell to the ground.

And both hosses turned and kicked us the post orffises. Wale !

# Agricultural Implements.

A GRICULTURAL Implements, since the commencement of this War, have been in great demand, and good machines are val-

formerly of the vieth church, Pachara. I have known Heedland's German Bittors favorably for a number of verse. I have used them in my own family, and have been so pleased with their effects that I was indicated to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in those publicly preclaiming this fact, and calling the attention of these, afflicted with the disasses for which they are recommended, to these listers, knowing from experience that my recommendation will be sustained. I do this more cheerfully as Hooftand's littlers in intended to benefit the afflicted and is not a rum drick. Yours truly, LEVI G. BECK. uable as to their merits and worth only.
