Spalding's Prepared Glue!  
SAVING THE PIPERS!  
ECONOMY!

"A SAVIOR IN TIME."

As a result of our experience, we have found it to be the best adhesive for veneer, shell, and other

ways to repair furniture, toys, Crochet, etc.

Spalding's Prepared Glue  
makes all such experience, and so knowledge can afford to be without it. It is always ready, up to the stick-

ing point. There is no longer a necessity for keeping glue, and the great saving in time and labor is evident.

It is just the article for veneer, shell, and other

work, to popular with ladies of refinement and taste.

This adhesive preparation is made and where ob-

tained, it is sold at a reasonable price.

Spalding's PREPARED GLUE  
is useful in every house."
