Charleston through Slave-colored Glasses.

The Cincinnati correspondent of the *Tribune* refers to this phenomenon, and accounts for it as follows:

I perceive that a series of letters to *The N. Y. Christian Inquirer* says, that almost everything written to the Northern press concerning the state of affairs in Charleston, is misrepresentation. This writer thinks colored glasses, as well as white, are at fault. He walked through one of our handsome streets, Calhoun street, by no means the handsomest, deemed to have pleased him most—saw the Asylum and College, and because he saw nobody leaving down dwellings, gutting and robbing same, plundering stores and banks at midday, and a general riot, he therefore concludes that whatever has been said about a mob bearing away here, is a malicious fabrication. A more observing man, while he will probably see no riot, will see this: the great body of the community at fever heat, almost, seeking everything to a climax without deliberation, permitting no argument, tolerating no difference of opinion, silencing all expressions of doubt however honest, forestalling by power what might otherwise be a healthy public sentiment, and intimidating everybody and everything—even the authorities themselves, into acquiescence. This is the sort of mob—an organized armed mob—that has possession of Charleston and the State, for in this matter Charleston is the State. The writer could not see anything of this sort. Not he. He could see nothing but fine steeples and churches, of which there are so many here; nobody but prosperous and "institutions," of whom and which probably too many good things cannot be said. As to prosperity of business, high prices of provisions, &c., I presume that the business men would be glad to know that business was not at a dead stand still, and getting worse; and all who get a salary, and have mouths to feed and bodies to make warm, would be glad to know there was no high prices, every day growing higher, for about everything but rice, which is cheap because there is little or no exportation, in consequence of the striking down of the commerce of the port by the Revolutionary authorities. Let the rose-colored writer pass.

A CONFLICT WITH A TIGER.—While Maccomo was going through his performance with the Bengal tigers at Mander's Menagerie yesterday, a tigress caught his hand in her mouth. Planting his knee in the small of the tigress' back, and pressing her against the bars of the cage, then seizing her lower jaw with the right hand, he held her powerless to do more than retain the left hand in her mouth. So cool was Maccomo in this trying position that the lookers on thought it part of his performance, but when Maccomo called to one of the keepers, "She has got my hand fast in her mouth; get a bar of hot iron," the truth of his dangerous position flashed through the minds of those present, and created the greatest excitement—one lady fainting away, others running from the painful sight. Four or five minutes elapsed before the iron was ready, during which time Maccomo stood as a piece of statuary, not a quiver of lip to show the pain he was enduring. When ready, the hot iron was applied quickly and surely by one of the keepers to one of the large teeth in the upper jaw, and,as though she had been electrified, her mouth sprang open. Maccomo, quick as lightning drew his hand away, caught hold of a thick sticky struck the animal a terrific blow on the skull, brought her down, and forced her to finish her performance before he left the cage. When Maccomo came out of the cage, his bleeding hand testified to the frightful struggle which had been going on between man and beast.—*Liverpool Mercury, Jan.* 12.

Suppose a Case.

The *N. Y. Tribune* has been supposing a case, as follows:

If Utah, with her peculiar institutions, were a State, her absolute local sovereignty guaranteed by the Federal Constitution, and emphatically maintained by the ascendant political party and its leaning President; if her sister States had conceded to her, beyond their own ratio of representation, a further extra representation for every five Mormon votes, equal to that of three of their own citizens; and a peculiar privilege to capture their fugitive women who might escape over their borders; if the State of Utah received her proportion of the proceeds of the sale of the public lands, and her people possessed precisely the same privilege of colonizing the national Territory as was enjoyed by the people of the other States, all being secured alike in the possession of property or progress by such by the common law of the civilized world; would Utah be justified in attempting to overthrow the Union, if the Government should refuse to carry polygamy into its Territories by national law, and to make the extension of Utah's peculiar institution an object of its policy?

"THIRTY-SIX THIRTY."—The reader who is curious to know exactly where runs this oft-mentioned line, will get a clear idea of it by taking the map and tracing it as follows: It commences at the mouth of the Atlantic coast, where the dividing line between Virginia and North Carolina commences; passes along the line dividing those states; along the line between Tennessee and Kentucky; along the line between the States of Missouri and Arkansas; thence through the Territory of the Cherokee nation, through New Mexico, striking the eastern boundary of the State of California, a short distance South of the middle, striking the Pacific a short distance South of Monterey bay. On the South of that line, there are about 300,000 square miles, including Indian reservations, while on the North there are about 1,200,000 square miles.

PRECIOUS METAL PRODUCTION.—The value of the production of precious metals, per annum, in different countries, is as follows: United States, $30,000,000; Great Britain, $100,000,000; Russia, $35,000,000; France, $15,000,000; Austria, $2,500,000; Spain, $7,500,000; Sweden and Norway, $5,000,000; Prussia, $20,000,000; Belgium, $10,000,000; Saxony, $1,500,000; Italy, $2,500,000; Switzerland, $300,000; Australia itself produces $41,250,000; Mexico and Chile, $45,000,000, the rest of South America, $7,500,000. According to these figures the annual precious metal crop of Europe, America, and Australia, approximates $359,000,000.

A SHOCKING BAD MEMORY.—"Mary, my love, do you remember the text this morning?"

"Yes, papa, I never can remember the text, I've such a bad memory."

"Mary," said her mother, "Did you notice Susan Brown?"

"Oh, yes! What a fright! She had on her last year's bonnet done up, a pea green silk, a black lace mantilla, brown gaiters, an imitation Monitor collar, a java bracelet, her old ear-drops, and such a hat! Forlorn!"

Mrs. Winslow,

An experienced Nurse and Female Physician, presents to the attention of mothers her

SOOTHING SYRUP,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants.

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE to effect CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels and Wind Colic,

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST AND SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world.

☞ANOTHER CURE BY DR SCHENCK.—I called on Dr. Schenck some time ago to one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had night sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS," and after taking them for nine months I have so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Columbiana county, Sixty township, Ohio, where I am well known. You may publish this if you wish.

MARTIN KOCH.

Pittsburgh, August 27, 1860.

Dr. Schenck the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

☞I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe coughs and pain in the breast for almost eight years. During the whole of this time I have had general debility and depression of spirits. I tried every nostrum I could hear of, but nothing took hold of my disease. I heard of Doctor Schenck's "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS," and had no confidence in it. In April, 1860, I took a few bottles, accompanied with the "PULMONIC SYRUP," and found relief, which encouraged me to persevere. In a few weeks I was confined to my room for two months.

Tired of my life and wishing God to see me, spoke in very high praise, as they knew what I had done. My prostrated condition also enraged me considerably, and I made up my mind to waste no more money for doctor or medicine, but would take the chances, live or die, as I had been so long sick that I felt completely discouraged. However, after reading several advertisements in the Pittsburgh Dispatch I felt induced to give Dr. Schenck's medicines a fair trial, and after having one year's use of them I am in good health, having taken less than ten dollars' worth of Dr. Schenck's medicines. I unhesitatingly say that if all has made a perfect cure of me. I am a living witness, and I attribute my good health and vigor of constitution entirely to Dr. Schenck's medicine. I enjoy better health now than I have for the past twenty years past. If persons knew the value of Dr. Schenck's inestimable remedies, they would not hesitate to call on him in his visits to this city. I feel like avoiding every person to call on him, as I have the utmost confidence in his medicines. He visits Pittsburgh every month, and can be found at my place of business. Any one is welcome to call on me at my place of business. Any one is welcome to call on me at my place of business. Any one is welcome to call on me
