GOOD NEWS (Extract from the New York Commercial Advertiser.)

This speaks the sentiments of Old Dominion To Advertising Stores her trade agitation:

TAKE NOTICE, BY 3 FIRST, Edward A. Rhodes, the Guardian, The signal for our prompt dispatch Second.

Why, till I make my fall decision, As Prior Rules or direction, THIRD.

If I change my situation, Apprise my friends, as I shall stand, FOURTH.

Then, I'll remain, while I'm inclined to, Reading when I have a mind to.

Mr. Dragoon, N. P., and the Southern Confederacy.

The Pro-Slavery journals of the North, in the absence of any more substantial aid and comfort, are deriving great satisfaction from a declaration in the British House of Commons recently made by a Mr. Gregory, "that at an early day he would call the attention of her Majesty's Government to the expediency of a prompt recognition of the Southern Confederacy of States." It is not a little strange that the party which has always prided itself on being the anti-British party should now be so exultant over the prospect that the British Government will lend countenance and assistance to the enemies of the Union. Nevertheless we are compelled to deprive them even of that questionable gratification, by stating what is well known to all conversant with English affairs, that Mr. Gregory is only an Irish member of very low reputation and no influence, who recently visited this country, where he consorted chiefly with slaveholders and Pro-Slavery Northerners, and that his motion is of no more consequence than a speech in the Senate by Wigfall, or a resolution in the House of Representatives by Roger Pryor.—*N. Y. Tri.*

The Secessionists of Virginia.

The Washington *Star* says:

The most dangerous enemies of the maintenance of Slavery in Virginia are her own disunion press and orators. If they succeed in either coaxing or bullying the people of the State into giving up their liberties enjoyed under the Constitution of the United States, and in lieu thereof bending their necks to the yoke of the oligarchy's despotism, they surely bring the Canada line down to Pennsylvania's southern border, so far as future security for Virginia slave property is concerned.

They induce Virginia to relinquish the existing constitutional guarantees for the return of fugitive slaves, releasing Pennsylvania voluntarily and wholly from its obligation upon her. They make almost every man in Pennsylvania the bitter and active enemy of slavery, because by the secession of Virginia nominally for slavery's benefit, they will have increased ten fold the business difficulties and financial troubles which Pennsylvania has already incurred through the secession of the Gulf States.

CLEANING CHIMNIES.—A good farmer will never fill his bins with new threshed grain, without first having given them a thorough cleaning. In order to do this we would recommend using either of the following modes:—Having formed a bed of sand upon the granary floor, place earthen vessels of powdered brimstone upon it, to which set fire, after having closed the doors and crevices; if there be any, This fumigation, it is said, will prevent the existence of the weevil or other insects in the grain. Or, first sweep the ceiling and sides of the granary, and lastly the floor. Carry out the dust, being sure to burn it. Then wash all the interior of the granary with a strong lye mixture, and when done finish by giving the whole a good coat of whitewash.

SALT FOR STOCK.—Experience proves that when cattle or horses are fed on dry corn and hay, they will consume from two to three ounces of salt per day, if permitted free access to it; and if fed on new hay or grass the desire for salt is much increased and the consumption amounts to from six to seven ounces a day. Little things are what keeps the ball rolling. Give the cattle salt.

ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with Dr. Keyser. One of them was a man having a high fever, and he told the doctor he had a badly diseased liver. I (Christian Wise) I coughed I experienced blood and matter in large quantities. I had night sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "MANDRAKE PILLS" and after taking the first month I have so far recovered that I do not put my more than usual cough, but am generally well. I live in Centre township, Butler county, Unity P. office, Ohio, where I am well known. You may publish this if you like.

CHRISTIAN WISE.

MANTUA CORNER, Portage county, Ohio, March 27, 1860.

DR. SCHENCK:—Sir: Since the above was written, Mr. Kock has entirely recovered, and continues well, having regained his usual health.

Yours, &c.,
J. WILLIAM W. ALEXANDER,
Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and depression of spirits. I tried many remedies I could hear of, but nothing took hold of the disease. At last I heard of DR. SCHENCK'S "PULMONIC SYRUP," and commenced using it, and can personally that it had cured, I had no confidence in it. In April, 1858, I took a severe cold, which settled on my lungs, producing a profuse discharge of matter, soreness, difficulty of respiration, and night sweats, which so prostrated me that I was confined to my room for two months.

Several of my friends who called to see me spoke in very high praise, as they knew what it had done for my previous affliction, discouraged me from using it, and I made up my mind that the disease, live or die, as I had been so many years afflicted with it, and had spent so much money for medicine, and could take the chances, live or die, as I had been so many sick days. I felt completely prostrated, and I made up my mind that I would not give up to it. Before I had taken one bottle I felt encouraged to go on. Before I had taken three bottles I felt confident I was getting better. I continued taking several other bottles in addition to the "Pulmonic Syrup," and I felt confident I got my health by taking the "Pulmonic Syrup." I am in good health, by taking less than one dollar's worth of Dr. Schenck's medicine. I am strong, weighing more than I have since 1851, when I weighed 147 lbs. I am a small man, and I estimate my good health at $1,000. I have given Dr. Schenck's medicine to my children with good effect. I have given it to my wife in this place. I feel that I cannot do too much for Dr. Schenck's medicine. I am willing to answer any letters addressed to me, or any person calling on me, in relation to my case. Any person wishing to know more fully of my case can call on me at my place of business, at Wm. M. Fulton's, Manchester, in this city, or at my residence, 3 Anderson street, Allegheny city.

Miscellaneous.

A Card to the Public.

THE precept of bodily and mental misery arising from a neglect of small unexpensive ills is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS, and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have even RESCUED SUFFERERS from the VERY VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day had invariably FAILED. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and sending them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. The prominent qualities are those of an ACTIVE and searching, though perfectly mild and agreeable detergent aperient; of a gentle superbile, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic cardiac, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strongly tonic and more immediately invigorating than the Pills: containing the same choice vegetable extracts in the latter, in a different medication. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner, generally slightly operating within three or four hours, and, producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most salutary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS AND A MODE OF CURE!!!

As a well-regulated and proportionate quantity of bile would prove a powerful auxiliary to the promotion of general health—it stimulates digestion and keeps the intestinal canal free from obstructions. When, however, the secretion of bile, the body is constantly costive. Oh the other hand, an overabundance of bile causes frequent nausea in the stomach, and often produces very severe attacks of disease, sometimes ending in death.

Dr. Moffat's Life Medicines!!!

Should be taken in the EARLY STAGES of Bilious complaints and if persevered in strictly according to directions, will prove a CURE in a CASE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES offer, at once, a distinct and emphatic recommendation. It is well known to hundreds in this city that the former proprietor of these celebrated Medicines was himself afflicted with this complaint for upwards of *thirty* five years; and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*—he never at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his secretary had been pronounced totally incurable, but absolutely impossible, by any human means.

MOFFAT'S

Life Pills and Phœnix Bitters!!!

CURE DIARRHŒA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid bile; FLATULENCY, Loss of Appetite, HEARTBURN, Rising of the Food, Eructations, Nausea, Sick Headache, Giddiness, Dizziness, Drowsiness, Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE

LIFE MEDICINES!

FOR BILIOUS AND LIVER COMPLAINTS, with their many well-known concomitants, *Bilious and Sick Headache, Pain and Oppression after Meals, Giddiness, Dizziness, Heartburn, Loss of Appetite*, are introduced to a vastly superior use to anything ever before offered to the public.

MERCURIAL DISEASES.

Various diseases originating in Mercurial taint imparted by the quicksilver usually administered, will find these medicines a safe and speedy cure, as they never fail to eradicate from the system all the effects of Mercury, including among the most powerful preparations of Sarsaparilla.

SOLD BY DRUGGISTS, HOTELS & OWNERS,

as a guarantee of the soundness and durability of the Goods. This caution is rendered especially necessary, as large quantities of inferior and defective Ranges are prepared, season after season and sealed with the name of RICHARDSON, by Irish House, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a practice so profitable. Ask for RICHARDSON'S IRISH LINENS, with Goods of a worthless character.

ARTHROSIA CHRONICA, OR CHRONIC RHEUMATISM!!

These diseases, which are among the most painful, and, by ignorant treatment, the most formidable to which suffering humanity is liable, are CURED, speedily and permanently cured, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S LIFE PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these entirely vegetable medicines have been successful; but let us inquire, Why are they so UNIVERSAL in their happy effects?

Because they PURIFY THE BLOOD, and thus remove all cause of disease in the system.

Because they act powerfully upon the secretions of the system, and remove all impurities of the same.

Because they do not reduce the system, but invigorate it—as no one dying of mercurial fever, pleasure or business during their operation.

PROF. WOOD'S

Restorative Cordial
AND
BLOOD RENOVATOR

IS PRECISELY WHAT ITS NAME INDICATES—for while pleasant in the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, stimulates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the public which is so pleasant to use as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted to as to act as *perfect* accordance with the laws of Nature, and hence works the wonders it does, and tones up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables and those thoroughly combining powerful tonic and sedative properties, and consequently curing disease when both a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science and the afflicted, who have suffered from debility; for it needs no medical skill or knowledge even to see that debility follows all attacks of disease, and that large and repeated system open to the attacks of many of the most dangerous to which poor humanity is constantly liable. Such, for example, as the following: consumption, bronchitis, indigestion, dyspepsia, loss of appetite, faintness, nervous irritability, nervous prostration or debility, dyspepsia, or hypochondria, called female weakness or irregularities. Also, liver derangements or torpidity, and liver complaints, diseases of the kidneys, or any general derangement of the urinary organs, pain in the back, side and between the shoulders, rheumatism, tic doloureux, slight colds, hacking and continued cough, emaciation, difficulty of breathing, and indeed we might enumerate many more still, but we have given only enough for any, it will not only cure the debility following chills and fevers, but prevent all attacks arising from a miasmatic influence, and cure the diseases at once, if not already attacked. And as it acts directly and persistently upon the biliary system, arousing the liver to action, promoting, in fact, all the excretions and secretions of the system, it will infallibly prevent any deleterious consequences following upon change of climate and watery beverages, all persons should have a bottle with them, and all should take a table spoonful at least before eating. As it prevents nauseousness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits, students, mechanics, literary men. And all ladies not accustomed to much out-door exercise should always use it. If they will, they will find an agreeable, pleasant and efficient remedy against those ills which rob them of their beauty—for beauty cannot exist without health and vigor, which this medicine invariably invigorates continue. Then, again, the Cordial is above irregularities continue. Then, again, the Cordial is a perfect mother's relief. Takes a month or two before the time, and she will pass the dreadful period with perfect ease and safety. There is no mistake about it, this Cordial is all we claim for it. Mothers, do not only of your daughters before it is too late, but also your sons and brothers. Mothers, do not let your son, father, die of consumption, when you have the means at hand to prevent it. Save your daughters from an untimely grave, rather than let their condition be known in time, the latter are often as much to be pitied as mitted by ignorance. Think! If were not for you, they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and if you are confidently spread, for we are sure your never-failing affection will unerringly point you to Prof. Wood's Restorative Cordial and Blood Renovator as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York; 114 Market street, St. Louis, Mo.; and sold by all good Druggists. Price One Dollar per bottle.

HENRY H. COSTAR.—All its success I have been invested with Roaches and Mice. I was actually ashamed of the house, for the Roaches were crawling in numbers. I got a box of your Exterminator and tried it, and in one week there was not a Roach or Mouse in the house.
JOSE D. GUTIERREZ, No. 94 Elm Street.

HOUSEKEEPERS—troubled with vermin, need be no longer so if they use "Costar's" Exterminators. We have used it to our satisfaction, and if a box costs $1, we believe it will save it. We had tried various others before this; but Costar's article knocks the brush out of Rats, Mice and Cockroaches quicker than we can write it. It is a great demand all over the country.—*Medina (O.) Gazette.*

HOSE GRAIN and provisions are destroyed annually in great country by vermin. than worth a year for tens of this Rat and Insect Killer.—*Lancaster, (Mass) Herald.*

HENRY H. COSTAR—Your Exterminator is up to the mark, and possesses a decided economy. It is a sure thing, and the way the Rats and Mice scrammed over my premises after the first night was a caution to sleepers. More than one in a hat or shoe has been heard in kitchen or cellar.—*Marengo (Iowa) Times.*

I HAVE BEEN SELLING—Your Exterminator for the last year, and have found it a sure and speedy one. I have not had to call it in a single instance.
GEORGE ROSE, Druggist, Cuttingston, O.

WE ARE SELLING—Your preparations rapidly. Wherever they have been used, R
