The Tender Mercies of the Wicked.

CRUEL MURDER BY SOUTHERN IN HUMANITY.

[From the Washington (Iowa) Weekly Press, April 11.]

Mr. George N. Krahl living in Clay township, in this county, has received a letter from a brother now in Ohio, who has been traveling in the South, and was a witness to one of those scenes of cold-blooded murder which have been of such frequent occurrence since the commencement of political troubles between the two sections. Mr. Krahl permits us to make the following extracts from his brother's letter:

"I have been for some time traveling in the southern states, visiting southern cities, and endeavoring to become acquainted with southern manners and customs. I left home with the expectation of remaining until spring, but political excitement is so intense that it is not safe for a northern man to remain on southern shores. A man cannot remain with safety. It is no uncommon occurrence to hang men by the neck for no earthly cause whatever, save that they were Lincoln men. * * * The day before I left Natchez two men came down the river and landed on the wharf a boat load of corn. No sooner had they landed than their principles were demanded by the 'Vigilance Committee,' and they, being bold fellows, swung their hats and gave three cheers for Lincoln. The committee seized them, and took them across the river to the Louisiana shore, and hung them to a tree. I saw their bodies hanging there the next day. Their corn was advertised in the morning papers to be sold for the benefit of the state, but not one word was said about the men. O! how I longed to cry out against such iniquity. I have longed to speak boldly to them about such things. I was burning with indignation, but had I let one word escape my lips, or showed by my looks or actions that I was opposed to such proceedings, my life would have paid the forfeit."

What Madness Does.

There was ever a people on earth who were bound by every consideration of prudence not to tempt fortune, it was the people of the cotton growing states. If they did not have an actual monopoly in the cotton markets of the world, they had at least no formidable rivalry. Europe was quite content to look to them for the great bulk of its cotton supplies, because they were near at hand, and there was nothing that particularly impelled it to look elsewhere. They should have been very careful not to disturb the old habit that Europe long ago fell into, of regarding them as the natural providers of this great want of civilization—for everybody knows how much more habit does, both on a large and a small scale, in the way of keeping customers. Had the cotton states allowed matters to go on in their old way, they would have been secure of the chief patronage of the world for their great staple this many a year. But in their pride that they had this element of power, and their impatience to grasp more, they have attempted a policy which is certain to recoil upon them with disastrous effect. The world has taken alarm that it should be so largely dependent, for a prime necessity, upon a people who could thus lightly expose themselves to all the direful chances of civil war; and the South, as if struck with judicial blindness, has added a special incentive to Europe to turn from its cotton, by imposing a duty upon every pound of it exported, which duty, it is calculated, will fall exclusively upon the manufacturer and consumer. The sun is not more sure to rise the morrow than the transfer of cotton-growing to other regions of the world is sure to come from such impulses. Capital, in measureless supply, is eager to engage in it; labor superabounds; nature, in almost every meridian, affords every facility; all that is wanting to effect the change is time, and, under the pressure of great necessity, not much of that either—every month now is doing the work of years.—*N. Y. World.*

Correspondence of Lord Lyons with the United States Secretary of State.

In a letter from the British Minister, at Washington, to the Secretary of State, Lord Lyons informs the latter that her Majesty has granted a charter to the Earl of Granville and others, commissioners for the second "Exhibition of the Work of Industry of all Nations," to be opened in London, May 1, 1862, and soliciting the co-operation of the United States in this international enterprise.

In a letter from Mr. Seward to Lord Lyons, he replied that the President is of opinion that, as in the case of the London Exposition of 1851, the publication of the correspondence between the State Department and the British Legation will be the best means of making the American public acquainted with the proposed exhibition, and with the desire of the commissioners to place themselves in communication with such persons in the United States as will command the confidence of the Government, and best represent the interests of those who may intend to become exhibitors."

The Motive for War.

The Mobile *Mercury* recognizes the necessity for precipitate action on the part of the confederate authorities, as the only means to check a reaction in favor of the Union. Attending to the large forces concentrated at Forts Sumter and Pickens, apparently doing nothing but consuming the resources of the confederacy, it says:

"The country is sinking into a fatal apathy, and the spirit, and even the patriotism of the people, is oozing out under the do nothing policy. If something is not done pretty soon, decisive, either evacuation or expulsion, the whole country will become so disgusted with the shams of Southern Independence, that the first chance the people get at a popular election they will turn the whole movement topsy turvy so bad that it never on earth can be righted again."

ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had slight sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "BLUE PILLS," and after taking them one month I have so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Columbiana county, Ohio, township, Ohio, where I will be known. You may publish this if you wish.

Yours truly, MARVIN KOCH.

N.B. Since the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a victim for some seven years past to a severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and depression of spirits. I tried every means I could hear of, but nothing took hold of my case. I heard of Doctor Schenck's PULMONIC SYRUP, but knowing so one personally that it had cured; had no confidence in it. In April, 1858, I took a severe cold, accompanied with a violent cough; difficulty of respiration, and night sweats, which so prostrated me that I was confined to my room for two months.

Many of my friends were called to see me, spoke in very high praise, as they knew what it had done. My prostrated condition discouraged me confidently, and I made up my mind that there was no use trying for doctor or medicine, but would take the chances, live or die, as I had been so long afflicted. I felt completely discouraged. However, after reading a pamphlet which is in the Wholesale Drug Store of Dr. Keyser, I felt induced to give Dr. Schenck's medicines a fair trial, and commenced by using two pills and a dose of syrup. I am in good health, by taking less than one dollar's worth of Dr. Schenck's medicines. I unhesitatingly state that it has made a perfect cure in my case. I am a well man, and I attribute my good health and vigor of constitution entirely to Dr. Schenck's medicines. I enjoy better health to day, Feb. 4th, 1861, than I have done for twenty years past, and persons know the value of Dr. Schenck's inestimable remedies, they would not hesitate to call on him in the visits to this place. I feel like advising every person to call on him, as I have the utmost confidence in his medicines. Any person wishing to call on me, I can be found at the saloon on the corner of my place of business, at Wm. M. Faber's, Machinist, in this city, next to the saloon, Ann street, Allegheny city.

A Card to the Public.

THE amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS, and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have even RESCUED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have invariably FAILED. Its great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable detergent aperient; of a gentle superific, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic cardiac, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strongly tonic and more immediately invigorating than the Pills containing the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner, generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most unerring efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS AND A HOST OF OTHERS

Are A well-regulated and proportion ate quantity of Pills upon the stomach is always requisite for the promotion of sound health—for it stimulates digestion and keeps the intestinal canal free from noxious matter. Whether this or a deficiency of bile, the body is constantly costive: On the other hand, an overabundance of bile causes frequent nausea in the stomach, and often promotes very severe attacks of disease, which sometimes end in death.

Dr. Moffat's Life Medicines!!!

Should be taken in the EARLY SEASON of Bilious complaints and if PERSEVERED in strictly according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well known to hundreds in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of *thirty-five years*; and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*—like sufferer at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his case had been pronounced actually incurable, but absolutely impossible, by any human means.

MOFFAT'S

Life Pills and Phœnix Bitters!!!

Cure DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss of APPETITE, HEADACHE, NAUSEA, ILL TEMPER, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE

LIFE MEDICINES!

For BILIOUS and LIVER COMPLAINTS, with their many well-known attendants, *Bilious and Sick Headache, Pain and Oppression after Meals, Giddiness, Dizziness, Heartburn, Loss of Appetite*, are acknowledged to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of MERCURY, infallibly sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of *Scrofula*, in which the Face, Bones and Limbs of the victim had been preyed upon by the insatiable disease, are proved by undeniable authority of the sufferers themselves, to have been completely cured by these purely Vegetable Medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism!

ARTHROSIA CHRONICA, OR CHRONIC RHEUMATISM!!

These diseases, which are among the most painful, and, by ignorant treatment, the most inveterate to which suffering humanity is liable, are TRULY, *speedily and permanently* cured, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful, but let us in brief conclude, by saying that in all cases a happy effect

Becomes the PURIFY THE BLOOD, and thus remove all cause of disease in the system.

Because they act powerfully upon the secretions of the body, and renew the vital properties at once.

Because they do not reduce the system, but invigorate it by at no requiring no restraint from pleasure or business during their operation.

TRY MY MEDICINES!!!

Try but a Single Dose of the

LIFE PILLS!!

TRY THEM! BE SATISFIED!! BE CURED!!!

RICHARDSON'S
IRISH LINENS,
DAMASKS, DIAPERS, &C.
RECEIVED AT

CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm,

J. N. RICHARDSON, SONS & OWDEN,

as a guarantee of the excellence and durability of the Goods. This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are presented, every season, and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury inflicted on us on the American consumer and the manufacturers of the genuine Goods, also unjustly damage the business so profitable, while purchasers can be imposed on with Goods of a worthless character.

GERRY H. COSTAR.—All the summer I have been troubled with Roaches and Mice. I was actually eaten out of house and home. On Monday last I purchased a box of your Exterminator and tried it, and in one week there was not a Roach or Mouse in the house.
JOHN D. GIVEEN, No. 98 Elm Street.

HOUSEKEEPERS—troubled with vermin, need be no longer, if they use "COSTAR'S" Exterminators—We refer to over 50,000 satisfied customers, and if a box cost $5, we would have it. We have tried your celebrated Powders for a long; but COSTAR'S article knocked the breath out of Rats, Roaches, Ants, &c., quicker than we can write for it. It is in great demand all over the country.—*Madam Q'Connell Gazette.*

MORE GRAIN and provisions are destroyed annually in Great Country by vermin, than would pay for tons of this article and Lewis Miller.—*Lancaster, 1862. Herald.*

HENRY R. COSTAR—Your Exterminator is received. Have not yet commenced operations. We need a box or two, and the way the Rats and Mice ground over Saturday night, called for "that night was a caution to sleepers." Since then we've a flat or Mouse has been heard in kitchen or cellar.—*Magruder (Iowa) Times.*

I HAVE BEEN SELLING—Your Exterminator for the last year, and have found it to sell every time. I have not known it to fail in a single instance.
GEORGE ROE, Druggist, Cardington, O.

WE ARE SELLING—Your preparations rapidly. Wherever they have been used, Rats, Mice, Roaches, and Vermin disappear immediately.
