PITTSBURGH:

SATURDAY MORNING, APRIL 20, 1861.

Patriotic Ardor.

The generous enthusiasm with which men of all parties and all classes enroll themselves for the defence of their country in this day of extreme peril, is as noble as sublime and cheering an exhibition as was ever witnessed in the world. It is wonderful. Every heart is stirred to its depths. Mothers, with mingled tears and joy give up their sons to their country, and wives, with a patriotism which overmasters natural anguish, see their husbands go forth to battle and to death. Gray haired fathers bless their sons, and exhort them to be true to their country and their God.

The men of these cities have responded to the call of their country far beyond their proportion as designated by the President in his proclamation; and our exchanges show us that in all parts of the country the ardor is the same. Our local department the details of the military movements here are fully given, so we need not go into particulars in this article. In introducing a very detailed statement of similar movements in the city of New York, the *Times* remarks:

"The order with which the city military have entered into the enrollment for the impending war is unparalleled. There is every probability of more volunteers from this city alone than required for the quota of the State. What with the anticipations of the Seventh, Seventy-first, Sixty-ninth, Seventy-ninth, Fifth, Eighth, and other favorite Regiments, quite a military *furore* prevails, which is by no way abated by the enlistments for Col. Allen's, Col. Ellsworth's and the Scott Life Guard Regiments.

In Philadelphia the same spirit prevails, and why specify particular places, for all are alike? Even Kansas sends its response. We firmly believe that if it were necessary the President could leave with cheerful alacrity the services of five hundred thousand men.

It is a grand and glorious spectacle. It is a new epoch in our history. It is a mighty revival of patriotism—a renewal of a nation's life. It is the right spirit at the right time, and being put forth in a righteous cause, it cannot fail to have a purifying and healthful influence, and open the great heart of the nation, when treason shall be crushed out and peace restored, to still holier influences. Go, noble young men, be strong in your country's cause; love one another; be kind to your subdued foes, treating them as erring brethren; and may God, who loves our country infinitely more than you can, be your guard and guide, and exceeding great reward! Prayers and blessings from countless earnest and loving hearts will follow you; and if you are permitted to return, a greeting awaits you that will compensate you for all your toils and dangers.

FREEDOM, LAW, TOLERATION

While we would ask no man to stand tamely by and hear sentiments of sympathy for traitors and their cause uttered, which, in the present state of the country is itself treason, still let us not forget that it is the glory of this country that it is free, and that it is under the dominion of law, not of passion. Let the wretch who can take sides with its enemies in his talk be despised and treated with scorn, and let his conduct be closely watched; but anything beyond this is unlawful, and subversive of the principles of liberty. The people of Philadelphia the patriotism of the country, if carried them beyond the boundaries of law, and in a small way inaugurated a reign of terror, forgetting, in their zeal, that every good thing, if carried too far, becomes an evil. Mayor Henry did well to put a stop to all proceedings which infringed upon Liberty and Law.

In this community we hear of no infraction of the freedom of opinion of which any man has a right to complain, and we are glad of it. Let the freemen of the North leave brute violence for opinion's sake to the devotees of Slavery; for it is an essential element in that "form of civilization," as they call it, of which Slavery is the corner-stone; but it is altogether out of place among freemen.

THE FORT SUMTER EXPEDITION.

The presumption that the fleet was sent to Charleston as a feint, and to do nothing but divert Gen. Beauregard from an attack on Washington, is erroneous. The purpose was to provision the fort in boats, and steam tugs provided to tow them in. The war vessels were not expected to engage the Morris Island batteries. That would have been madness, as one gun ashore is worth ten afloat, and the vessels would inevitably have been sunk or captured had they attempted the Quixotic exploit. They were designed simply to clear the way for the steam tugs, by dispersing and beating off armed boat parties from Charleston which might come down to oppose the landing of supplies. Why they did not make the attempt is not yet known here. It was expected by the officers in command of the war steamers that Fort Sumter would cooperate with them by driving in or sinking the South Carolina boats in the harbor, within its range; and the fire of the fleet from outside the bar, in the same work, would lap the fire of Fort Sumter.

It is surmised that from a misunderstanding consequent upon Lieut. Talbot's failure to reach the fort on his return from Washington, or from some other cause, Major Anderson failed to cooperate in this movement, and that for that reason the supply vessels were not sent in.

LIEUT. SLEMMER AND FORT PICKENS.—The statement that Lieut. Slemmer has been superceded in command of Fort Pickens because his loyalty was suspected, is unjust. He is ordered to be superceded by an officer of higher grade and larger experience, but without the slightest intention to reflect on him. It seems to be well understood now that Capt. Meigs and his carpenters, with a corps of sappers and miners, has gone to the neighborhood of Pensacola, to aid in the relief and defense of Fort Pickens.

An Impromptu Union Meeting in Cincinnati —Grand Exhibition.

On Thursday night an immense assemblage, increasing as it progressed to thousands, and filling the streets leading each way for a considerable distance, gathered around the Post-office steps

Judge Parker, a life-long Democrat, as he said, addressed the people. He said all party ties were swept away now. We owe it to ourselves and to our posterity to sustain the Government, and to sweep the traitors from the land. The South has no provocation for this great treason. She cannot place her finger on a single act of the General Government, encroaching upon her interests. There is no cause for it. He closed by saying that we must stick to the American flag in storm and in sunshine, wherever it leads we must follow.

Another speaker, whose remarks were listened to with great interest by the assembled thousands, was Mr. Thayer, of Alabama, who followed the Judge. He said that there were Union men in Alabama; that northern Alabama will stand erect, and when the flag of the Union is unfurled by loyal hands to crush out the usurpative government concocted at Montgomery, there would be men there who would take the field to sustain its honor. Down with King Cotton! (cheers,) down with treason! (cheers,) down with the oligarchy of Montgomery! (cheers.) As he retired, three times three were given with a will for the Union men of Alabama.

The speaking continued to a late hour, interrupted now and then by the marching and counter-marching of companies under drill, the roll of the drum, and the resonate music of the bands that headed them. No such excitement has ever been seen in Cincinnati. One spirit, one thought animates all: devotion to our country, veneration and love for its institutions, and a determination to die in their defense. It is the baptism of patriotism —the Pentecost of the Republic.—[Cin. Com.

FORT SUMTER, April 19.—The Baltimore *Sun* has a special despatch, dated Harpers' Ferry, stating that the U. S. troops set fire to buildings, at six o'clock last night, and retreated across the river into Maryland. No Virginia troops there at the time.

General Wool Speaks.

HE IS READY FOR THE BATTLE.

That true-hearted patriot and gallant soldier General John E. Wool spoke as follows at a puplic meeting held in Troy, on Monday evening:

General Wool said "that his heart was rejoiced at this glorious demonstration of patriotism. Never with any former compliment bestowed on him, had he been thrilled by such a measure of joy. It is true that he had fought under the old flag; but he had done no more than his duty towards the best government that ever existed. He had fought under the stars and stripes that were carried in triumph by Washington, and which Jackson closed the second war for independence at New Orleans in a halo of glory. Will you permit that flag to be desecrated and trampled in the dust by traitors now? [Cries of "No; never."] Will you permit our noble government to be destroyed by rebels, in order that they may advance their schemes of political ambition and extend the area of slavery? [Cries of "No; never."] No, indeed; it cannot be done. The spirit of the age forbids it; humanity and manhood forbid it; the sentiment of the civilized world forbid it. My friends, that flag must be lifted up from the dust into which it has been trampled, in its proper position, and again set floating in triumph to the breeze. [Tremendous cheers.] I pledge you my heart, my hand, and all my energies to the cause. *The Union shall be maintained.* [Great cheering.] I am prepared to devote my life to the work, and to lead you in the struggle." [Deafening applause; cheers for General Wool and the Union.]

Our Capitalists and the Union.

The business of the Stock Exchange shows how well our capitalists recognise the fact that only in Union is security. A broad line is drawn between the securities of loyal states and those of the few states which yet best taste Northern state stocks firm, while stocks of the doubtful states depreciate at every rumor of their committal to treason. New York State Sixes sold yesterday at one hundred and five, and are firm to-day, while Virginias fell eight per cent.; North Carolinas—on account of Governor Ellis's reply to the President—fell ten to fifteen per cent.; Tennessees fell four per cent; Missouris two.

The decline in Virginias and North Carolinas in the last fifteen days is equal to twenty-five to thirty per cent. Tennessees have gone down sixteen per cent. in the same time. A fortnight ago North Carolina Sixes sold at eighty-two; to-day they are offered at sixty, with no buyers at a better rate than fifty; and it is very certain that if we could hear to-morrow that the state had heartily responded to the President's demand for men, her stocks would go up at once. On the 1st instant Virginias sold at seventy-eight; to-day they are offered at fifty.

An Irish Cry for War.

This week's "Tablet," a leading organ of the Irish population of New York, says:

"The secessionists have now begun the war, and not only do they talk of resisting the United States government, but of making an aggressive war upon it. Walker, the Secretary of War of the so called Confederate government, in a speech delivered at Montgomery on Friday evening last, uttered the threat that before the 1st of May next the secession ensign would take the place of the time honored banner of the American Republic over the Capitol at Washington. The United States must now prepare to defend themselves. The President has called seventy-five thousand men and summoned a special session of Congress. New York, Pennsylvania, and Ohio have already spoken out. The United States government must put forth all its energy to put down the rebellion, and every true man must now stand up for the Stars and Stripes. God save the Union!"

THE Suffolk Bank of Boston yesterday offered the State $100,000 for the war, and the United States a like sum. Old Massachusetts is pouring forth men and money to the contest for Freedom as freely as she did in the Revolution, when she sent more men into the field than all the Southern States together. Little Rhode Island shows the same high spirit. The Legislature yesterday unanimously voted $500,000 for the war, the banks have offered $135,000 to the State, and a single firm in Providence has offered $100,000.

THE Legislature of Virginia has assembled, but to secede, but her people refused even to permit a Convention to be held to consider the question. Yet we hear that Gov. Ellis, who spurns the suggestion of calling out militia to uphold the Union and Constitution, is keen enough at egging on his satellites to seize the Federal forts for Jeff. Davis & Co, in the teeth of the express vote of his own constituents.

RELIGIOUS INTELLIGENCE.

The examination of the classes in the Western Theological Seminary, Allegheny city, commenced Monday and continued through Tuesday and Wednesday. On Monday evening the Rev. I'r. Wadsworth, of Philadelphia, preached to the young men. Subject: "Common Sense." The installation of Rev. Dr. Paxton took place on Tuesday evening, in the First Presbyterian Church. The address of Dr. Paxton and the charge by Rev. Dr. Howard are to be published.

——The Rev. Mr. Wiswell, of Wilmington, Del., preached a sermon recently on the "evil influences and popular sins" of that city. These were classified under four heads: 1st, Lotteries; 2d, Rum; 3d, Theatres, and 4th, the public sentiment which encourages and supports them.

——The New School Presbyterian General Assembly meets at Syracuse, N. Y., on the 16th of May.

——The "Bulletin" says that a number of Bulgarian convicts to the Catholic Church are beginning to grow restive under the Papal yoke.

——The *Independent*, says:

"A baptistery has been constructed under the pulpit in Rev. Henry Ward Beecher's Church, Brooklyn. For several years past the pastor of Plymouth Church, in receiving new members to its communion, has been in the habit of administering baptism in the mode most consonant with the individual views of the applicant. He does not hold that one form of baptism is right, and all others wrong; and while, for his own part, he prefers sprinkling, he never seeks to dissuade a candidate who prefers immersion. But heretofore, in administering baptism by immersion, he has been compelled to resort to some other church edifice for a baptistery. The frequency of these occasions at length determined the trustees of Plymouth Church, at the pastor's suggestion, to place a baptistery in their own building."

——It is supposed that of the students attending forty two colleges nearly thirteen hundred are preparing for the ministry.

——The Rev. Edward P. Rogers, late of Newark, N. J., while at Cape Palmas, Africa, whither he had gone to promote the objects of the Colonization Society, died of fever.

——St. Paul's Methodist E Church, New York, contributed three thousand six hundred dollars for missionary purposes.

——It is said that two thirds of the inhabitants of Holland are Protestants.

——The Seamen's Friend Society have now afloat more than one hundred and fifty sailor missionaries, who are preaching Christ.

——The General Assembly of the Presbyterian Church, meets in Philadelphia on Thursday May, 11th.

——Rev. Dr. Plummer of the Theological Seminary, delivered an address at the closing exercises of the annual examination of Steubenville Female Seminary,

——Dr. George Moore, of the Royal College of Physicians, London, has lately published a work on the Lost Tribes of Israel, sustaining the theory that they are identified with the Affghans of Asia.

——At the annual meeting of the London Board of Baptist ministers a resolution was passed to set apart the third day of June next, or some part thereof, for the offering of united prayer for the abolition of slavery.

——The *N. Y. World* in an elaborate article of the past action of the O. S. Presbyterian Church on Slavery, summing up the matter in these two distinct propositions, as giving the position of that church:

I. *Slavery is a great moral evil, and all Christians should earnestly pray and wisely labor for its removal from the church, the country, and the world.*

II. *Slaveholding is not necessarily, and under all circumstances, a sin.*

——A clerical Life Assurance Association has been organized by the Troy Annual Conference of the M. E. Church.

——The Committee on Church Usages of the Pittsburgh M. E. Conference reported the following resolution, which was adopted:

Resolved, That we recommend congregational singing, and that our members be and are hereby requested to bring their Hymn books with them to church.

TO BUSINESS MEN.—An excellent chance for reliable business men to secure a profitable manufacturing business, requiring but a small capital in its establishment and prosecution.

The manufacture consists in the application of a peculiar composition or cement to common red brick, and a variety of other building material, ornamental architectural finishings, ceilings, tiling, hearth stone and for roofing.

This cement may be tinted of any color, from the purest white to the deepest black, with all the colors and shades between. It imparts to the articles on which it is used, hardness and durability almost incredible, and a beauty surpassing that of the rarest and most costly of the variegated marbles, and, unlike them, is impervious to moisture, and will never fade, stain or deteriorate, resting but a fractional part of the price of ordinary marble

It is also valuable for table and stand tops, mantlepieces, monuments, and an endless variety of other articles of staple use. The process of applying the cement is simple, while the articles examined will command a ready sale, affording large profits. Responsible parties may procure licenses for manufacturing under the patent for any city or prominent town in the United States, by applying to the subscriber. A small tariff on the articles manufactured will be required for the use of the invention. Circulars giving full particulars will be forwarded to all applicants.

The superior merit and beauty of this enamelled building material is only equalled by its unrivalled indorsements of many of the most eminent architects and scientific men of this and other cities. For particulars address

JOHNSON & PRALL,

General Agents for

Enameled Building Material,

NEW

TESTIMONY!

From the Rev. Father Sacaloona Purlymuzzy:—I have been troubled with Deafness for a length of time, and consulting Dr. VON MOSCHZISKER. He operated on my Ears so successfully as to restore my hearing entirely, I think it, therefore, my duty to those afflicted with defective hearing, as well as an acknowledgment of the Doctor's great skill and talent, to make my case publicly known, and to strongly recommend all sufferers to avail themselves of this rare opportunity.

STANISLAUS PARIZYNSKEY, Passionist
MONASTERY, Birmingham, April 11th, 1861.

This is to certify that I have suffered for some time from Deafness, and that I have been greatly benefited by the skillful treatment of Dr. VON MOSCHZISKER.

ALOYSIUS GREGG, Passionist.
MONASTERY, Birmingham, April 11th, 1861.

Most Important to the Deaf!

Testimonials from Home Sources!

From John McCloskey, Esq.
(Of the Firm of M'Closkey, Congruve & Co.)

POST FERRY, Allegheny co., April 8th, 1861.

To Dr. VON MOSCHZISKER, 185 Third st. Pittsburgh:

I am happy to inform you that my little daughter, who has been quite deaf for four years, has, under your skillful treatment, entirely recovered. I feel satisfied that her hearing would never have been restored by natural causes, but to your ability alone is she indebted for it, and I would most earnestly recommend all afflicted with Deafness to consult you at once.

Respectfully yours, JOHN MCLOSKEY.

ALLEGHENY, April 5th, 1861.

DR. VON MOSCHZISKER—*Dear Sir:* It is but justice that my gratitude for the relief I experienced from your skillful treatment should have expression. For some time past my hearing had been so bad that I despaired of ever regaining it, though the advice of several physicians was strictly followed. I am therefore truly grateful to you, and very happy to say that the operation performed by you has resulted in the perfect restoration of my hearing.

Gratefully yours, ROBERT HUNTER.

We are personally acquainted with Mr. Hunter, and have perfect confidence in his statements. He is under our supervision, in the employ of C. A. P. & R. O.

PHILIP CORLETT,
JOHN HOVEY.

EYE

AND

EAR!

DEAFNESS

DEAFNESS.

THE ETHEREAL EAR INHALATOR,

AN INSTRUMENT INVENTED BY

DR. VON MOSCHZISKER,

Through which he has been enabled to cure the MOST OBSTINATE CASES OF DEAFNESS—cases in which every other means has failed and all hopes of relief given up. This is no idle statement. Its truth is attested by hundreds of gentlemen whose names are familiar throughout the Union—STATESMEN, PHYSICIANS, LAWYERS, CLERGYMEN and JUDGES, witnesses to the fact.

DR. VON MOSCHZISKER

begs to say to all who suffer either from

Deafness of any Malady of the Eye,

that they should AT ONCE CONSULT HIM, in order to receive the

FULL BENEFIT

of his treatment.

The following are some of the names whose testimonials can be examined at Dr. Von Moschzisker's office. They have been entirely restored to their hearing by him:

PITTSBURGH:

JOSEPH PEARSON, Bellfont street, Lawrenceville;
THOMAS MOORE, Penn street.
H. LANGKAMP, north-east corner of Diamond and Market street.

☞ To this list hundreds more could be added and can be seen at the Doctor's Office.

Office, No. 155 Third Street,

(Between Smithfield and Grant,)

where he can be CONSULTED DAILY from 9 a. m. to 5 o'clock p. m.

ARTIFICIAL EYES INSERTED.

CANDLES, SOAP AND OIL.

PROCTER & GAMBLE,

24 West Second Street,

CINCINNATI,

Manufacturers and Dealers in

ERASIVE, PALM,

AND

GERMAN SOAP,

Star Candles, Lard Oil, Pearl Soap, Fancy Soaps, etc.

CANDLES SOLD BY ACTUAL WEIGHT.

☞ It is well known that many Star Candles that are really never to the 2 were, are branded and sold as "sixes." There is a disadvantage and a loss in this practice to both retailers and consumers, even if the Candles are bought at the difference of two cents per lb. from the price of the regular article. Thus:

A box of "sixes" about weight contains 240 Candles, and is sold for 60 lbs, at say 18 cents.....$7 20

A box of Sevens containing the same number of Candles, same size is sold for 56 lbs, ACTUAL WEIGHT, at 20 cents.....6 40

Difference in favor of buying by weight.....4c

And the difference becomes greater as the price advances. It is obvious that the retailer can get more for his 56 Candles in each case than in the other, consequently on every hundred boxes of "short weight" he sells he loses forty dollars.

SAMUEL P. BAYNE,
WM. W. NEEPER.
