SATURDAY MORNING, APRIL 27, 1861.

Brother Jonathan's Lament for Sister Carolina.

She has gone, with the light in its passion and pride—
Our strong-hearted sister, so long at our side!
She has not lost her own star from our firmament's glow,
And turned on her brother the face of a foe!

O Carolina, Carolina, child of the sun,
We can never forget that our hearts have been one,—
Our fore-heads both garlanded in Liberty's name,
From the tyrannies of the past with the finger of flame!

You were always too ready to fire—a touch;
But ye said, 'the is hasty,—he does n't mean much."
We have scowled, when you uttered some turbulent threat;
But Friendship still whispered, "Forgive and Forget!"

Has our love all died out? Have its altars grown cold?
Is the curse come at last, which the fathers foretold?
Then Nature must teach us the strength of the chain
That her petulant children would sever in vain.

They may fight till the buzzards are gorged with their spoil,
Till the harvest grows black as it rots in the soil,
Till the vultures and the calamonts from their caves,
And the shark tracks the pirate, the lord of the waves:

In vain is the strife! When its fury is past,
Their fortunes must flow in one channel at last,
As the torrents that rush from the mountains of snow
Roll mingled in peace through the valleys below.

Our Union is river; lake, ocean, and sky;
Man breaks not the medal, when God casts the die!
Though darkened with sulphur, though cloven with steel,
The blue arch will brighten, the waters will heal!

O Carolina, Carolina, child of the sun,
There are battles with Sin that run never to won!
The star flowering harvest must never be furled,
For its blossoms of light are the hope of the world!

Or, dare, our rash sister! afar and aloof,—
Roll wild in the sunshine away from our roof;
But when your heart aches and your feet have grown sore,
Remember the pathway that leads to our door!

What Can a Woman Do.

To the Editors of the Evening Post:

Will you not make some suggestion in the Evening Post, showing how the women of the country may do their share in this time of peril? Many women, no doubt, long to do as well as pray. Cannot their good intentions be turned, to some account? If any patriotic object were named to which the mothers and daughters of the United States could at least contribute of their means, it would doubtless be liberally responded to, and relieve the terrible feeling of being useless in this emergency. Cannot the necessary clothing and uniforms for the different companies be given to those ladies who long to help the good cause?

To say a word for us in your paper, and oblige

A DESPONDENT OF REVOLUTIONARY PATRIOTS.

What can a woman do? Everything. She can give her husband, son, or brother cheerfully to the holy cause of liberty and Union.

With noble and earnest words she can fire the hearts of laggards, and nerve the arms of her dear ones who go to fight their country's battles.

She commands in every household, and on her prudent management it depends how much shall be contributed from the family income to the support of those whose husbands or fathers are away on the country's work.

If she is brave and energetic, she can make it possible for many a man to serve his country who otherwise will have to curb his spirit and stay at home. It belongs to her to say "Go."

Let her not say "Stay."

In every social circle it is the part of patriotic women to organize, and provide of their spare means and by the labor of their hands for the support of those in their circle or neighborhood who are deprived of their regular income. There must be a patriotic fund in *every* village, township, neighborhood and ward in the land; and the chief contributors to this holy fund will be the noble hearted women of the country. Where they can lessen their expenses they will do so, and whatever they can save in dress or in various other needless expenses they will give to this.

But more even than by their personal exertions they can help the good cause by their spirit and example. That the brave women of the revolution deprived themselves of their tea was probably not a severe blow to the enemy's commerce, but the example of resolution and principle they thus set before the men of the nation had a mighty force. Women move the world. If they are brave, men dare not be cowards. If they are patriots, treason disappears from the land. If they deny themselves for their country's sake, no man will hesitate at any sacrifice. If they toil, men will gladly work double hours; and if they show by noble deeds and patriotic words that they are devoted to liberty, no man will hold back his hand from the sword.

There is a great work for the women of America in this day of freedom's peril. The nation cannot do without them. It needs their inspiring enthusiasm. It needs their brave self-sacrifice. It needs their presence, their voice, and their example in those home circles where the influence of women is supreme and controls and shapes the thoughts and the deeds of men. Of old, when a Spartan mother handed her son his shield, she said, "With it, or on it." Let every woman of the land show the same spirit of patriotism, and she will do her share for the great cause of liberty and Union.

The Railroads and Washington City.

The distance from Harrisburg to Baltimore is, by the Northern Central Railroad, eighty-five miles. The road strikes the Maryland State line at Gleason, forty-two miles, North of Baltimore. It is thirty more miles, by railroad, from Baltimore to Washington. Harper's Ferry is eighty-one miles from Baltimore. The Relay House, at the junction of the Washington Branch with the trunk line of the Baltimore and Ohio Railroad, is nine miles from Baltimore. Coming south from New York, the Philadelphia, Wilmington and Baltimore Railroad strikes Maryland at North-East station, forty-six miles from Baltimore.

Kentucky.

We believe, says the Cincinnati "Commercial," so far as we can judge by the tone of the Union papers of Kentucky, that the Union feeling is rising in that State with rapidity and power. The Secession faction are petty and perfidious politicians, of the meanest and most malignant stripe. They may hope to drag Kentucky out of the Union by appealing to her military spirit. They can have no hope grounded upon the reason of the people.

The price of American flags has risen four hundred per cent. within the last ten days; and bunting, which two weeks ago found few buyers at seven dollars a bale, is now hard to get at twenty.

ANCIENT CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keiser, No. 140 Wood street. He was examining patients at his usual hours. One of my friends who had a scrofulous tubor was found to be badly diseased. Oftentimes when I complied I expectorated blood and matter in quantities. I had night sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS," and after taking them one month I have so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Manchester, on the north side of Pittsburgh, Ohio, where I am well known. You may publish this if you wish.

MARTIN KOCH.

Pittsburgh, August 27, 1860.

N. B. Since the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

I, WILLIAM W. ALEXANDER, residing on Ann street, 4 thegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and decrease of spirits. I used every nostrum I could hear of, but nothing took hold of my case like Dr. Schenck's "PULMONIC SYRUP, SEA WEED TONIC, but knowing no one personally that it had cured, I had no confidence in it. In April, 1859, I felt a severe cough coming on, accompanied with a tightness, difficulty of respiration, and slight sweats, which on perceiving me that I was confined to my room for two months.

Several physicians called to see me, spoke in very high praise of they knew what it had done. My prostrated condition induced me to consult Dr. Schenck, and I made up my mind that I was no more money for doctors or medicine, but would take the chances, live, or die, as I had been so long afflicted. I felt completely discouraged. Dr. Schenck, after reading several advertisements in the Pittsburgh Dispatch, I felt induced to give Dr. Schenck's medicine a fair trial. I have used exactly two bottles of each. As I am in good health, by taking it no than two dollars' worth of Dr. Schenck's medicines. I unhesitatingly state that I do not consider myself entirely free from all pain, and I attribute my good health and vigor of constitution entirely to Dr. Schenck's medicine. I enjoy perfect health to day, Feb. 6th, 1861, than the advising every person to call on him, as I have the utmost confidence in his medicines. Any person calling on me can see me at my place of business, at Wm. M. Faber's, Machinist, in this city, or at my residence, Ann street, Allegheny city.

Miscellaneous.

A Card to the Public.

THE amount of bodily and mental misery arising from a neglect or small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFATS VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public

THESE MEDICINES

Have now been before the public for a period of 30 YEARS and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have even RESCUED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have invariably FAILED. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and sending them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent qualities are those of an active and searching though perfectly mild and agreeable detergent aperient; of a gentle aperient, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic cardiac, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most delicious feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strongly tonic and more immediately invigorating than the Pills containing the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner; generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most sanitary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

BE A well-regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion and keeps the intestinal canal free from all obstructions. When there is a deficiency of bile, the body is constantly costive On the other hand, an overabundance of bile causes frequent nausea in the stomach, and often produces very severe attacks of disease, which sometimes end in death.

Dr. Moffat's Life Medicines!!!

Should be taken in the EARLY STAGES of Bilious complaints and if perseavered in strictly according to directions, will CERTAINLY EFFECT A CURE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and especial recommendation. It is well-known to hundreds in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of *thirty-five years*; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. In answer to inquiry he tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced as nearly improbable, but absolutely impossible, by any human means.

MOFFAT'S
Life Pills and Phœnix Bitters!!!

CURE DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the acids and acrid kind; FLATULENCY, Loss of APPETITE, HEARTBURN, HEADACHE, SEMI-INVERSION, ILL TEMPER, ANXIETY, LASSITUDE, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE
LIFE MEDICINES!

FOR BILIOUS AND LIVER COMPLAINTS, with their many well-known attendants, *Bilious and Sick Headache, Pain and Oppression after Meals, Giddiness, Dizziness, Heartburn, Loss of Appetite*, &c., they are recommended to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of *Scrofula*, in which the Face, Bones and Limbs of the victim had been preyed upon by this loathsome disease, are proved by undeniable authority of the sufferers themselves, to have been completely cured by these purely Vegetable Medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism!

ANTIROSIA CURONICA, OR CHRONIC RHEUMATISM!!!

Those diseases, which are among the most painful, and, by ignorant treatment, the most inveterate to which suffering humanity is liable, are CURED, *speedily and permanently* cured, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful; but let us inquire, Why are they so universal in their happy effects?

Because they PURIFY THE BLOOD, and thus remove all cause of disease in the system.

Because they do not confine the system, but invigorate it—thus requiring no restraint from pleasure or business during their operation.

TRY MY MEDICINES!!!

Try but a Single Dose of the

LIFE PILLS!!

TRY THEM! BE SATISFIED!! BE CURED!!!
